Background Information:

The Standards of Quality (SOQ), in § 22.1-253.13:4 of the *Code of Virginia*, require local school boards to "...award diplomas to all secondary school students, including students who transfer from nonpublic schools or from home instruction, who earn the units of credit prescribed by the Board of Education, pass the prescribed tests, and meet such other requirements as may be prescribed by the local school board and approved by the Board of Education."

Standard 8 VAC 20-131-50 of the *Regulations Establishing Standards for Accrediting Public Schools in Virginia* (Standards of Accreditation) addresses graduation requirements. The regulation says, in part: "The requirements for a student to earn a diploma and graduate from a Virginia high school shall be those in effect when that student enters the ninth grade for the first time. Students shall be awarded a diploma upon graduation from a Virginia high school.... The following requirements shall be the only requirements for a diploma, unless a local school board has prescribed additional requirements that have been approved by the Board of Education. All additional requirements prescribed by local school boards that have been approved by the Board of Education, remain in effect until such time as the local school board submits a request to amend or discontinue them...."

The Board's *Guidance Document Governing Certain Provisions of the Regulations Establishing Standards of Accrediting Public Schools in Virginia*, adopted by the Board on October 26, 2006, gives school divisions guidance in prescribing additional credit requirements for the Standard and Advanced Studies diplomas. The guidance document says, in part:

Standard Diploma: Generally, the Board will approve requests from local school divisions to require up to two additional local credits to obtain the Standard Diploma, up to a maximum of 24 required credits. Generally, the Board will approve local requests for additional graduation credit requirements in the core discipline areas of the Standards of Learning (English, mathematics, science or history/social science)... Requests for additional local credits in disciplines outside the core discipline areas will be considered on a case-by-case basis.

Advanced Studies Diploma: Generally, the Board will approve requests from local school divisions for local additional credits required for the Advanced Studies Diploma above the 24 contained in the standards if the credits are in the discipline areas of English, mathematics, science, history/social studies, fine arts (including performing arts), career and technical education, or foreign language. The Board will consider credits outside these disciplines on a case-by-case basis.

Transfer Students: Any local school division receiving approval to increase its course credit requirements may not deny either the Standard or Advanced Studies Diploma to any transfer student who has otherwise met the requirements contained in the standards, if the transfer student can only meet the division's requirements by taking a heavier than normal course load in any semester, by taking summer school, or by taking courses after the time when he or she otherwise would have graduated.

Prospective Application / Advance Notice: A local school division's additional credit requirements should apply only to students who have not yet entered ninth grade at the time the additional credits are approved.

Allocation of Electives: Generally, the Board will approve requests from local school divisions to allocate elective credits for local prescribed course requirements, while reducing the number of electives by an equal amount so that the total number of graduation credit requirements remains unchanged....

Summary of Major Elements:

Russell County Public Schools is requesting approval to require students to complete two additional courses to earn a Standard or an Advanced Studies Diploma. This would increase the number of electives from six to eight for the Standard Diploma, and from two to four for the Advanced Studies Diploma. The proposed change would become effective for students entering the ninth grade for the first time in the 2008-2009 school year, as specified in both the Standards of Accreditation and the Board's guidance document.

Superintendent's Recommendation: The Superintendent of Public Instruction recommends that the Board approve the request from Russell County Public Schools.

Impact on Resources: There is no impact on resources at the Department of Education.

Timetable for Further Review/Action: Upon approval of the request, Department of Education staff will notify Russell County Public Schools of the Board's action.
