

Attachment F to Regulatory Memo No. 9

NOTICE

These Specifications define certain, but not all, components required on school bus chassis purchased by public school divisions. The requirements for chassis are contained in “Regulations Governing Pupil Transportation Including Minimum Standards for School Buses in Virginia”. Copies of the regulations and standards can be reviewed at the chassis manufacturer’s zone/district office or at the office of the local superintendent of schools.

Any variation from the specifications, in the form of additional equipment or changes in style of equipment, without prior approval of the Pupil Transportation Service, Department of Education, is prohibited.

The responsibility for compliance with these school bus specifications rests with dealers and manufacturers. If any dealers or manufacturers sell school bus vehicles that do not conform to any or all of these specifications, a general notice will be sent to all school divisions advising that equipment supplied by such dealer or manufacturer will be disapproved for school transportation until further notice. A copy of the notice will be sent to the dealer or manufacturer and will remain in effect until full compliance by the dealer or manufacturer is assured.
