

**GENERAL INSTRUCTIONS FOR SUBMITTING STUDENT EXIT DATA**

The K6 special education student information system is used to create the exit extract report with data submitted on diskette. The Department of Education does not provide a special diskette for the exit report. Each school division uses its own blank diskette. All records for those students who have "exited" must be updated. In other words, the K6 system or your school division's student information system does not automatically "know" that a student has exited the school system. Reasons for exiting should be coded in accordance with the following instructions.

PLEASE NOTE: CODES 2 AND 3 ARE NOT BEING USED FOR 2000-2001 SCHOOL YEAR REPORTING.

When prompted for the date range, enter 07/01/00 as the beginning date and 06/30/01 as the ending date. Continue following directions to extract all needed data for students who exited during this period of time. The definitions below will help in determining which exit category to use.

**Exit Code 1 - No longer receives special education:**

**Exit Code 8 - Dropped out:**

Total number of students who were enrolled at some point in the reporting year, were not enrolled at the end of the reporting year, and did not exit through any of the other categories described. This total includes dropouts, runaways, expulsions, GED recipients who were not enrolled in some type of secondary education program, but received the GED after dropping out of school, status unknown and other exiters.
