

COMPLETION AND SUBMISSION OF ANNUAL REPORTS FOR SCHOOLS RATED ACCREDITED WITH WARNING

By October 1 of each school year you must report to the Division of Accountability in the Department of Education the status of implementation of your three-year school improvement plan and progress toward meeting the goals of your plan. The annual report should reflect your progress in implementing *only* those strategies targeted for implementation prior to October 1, 2001. You should also report on the status of strategies scheduled for implementation after this date that have been implemented ahead of schedule.

If you used the three-year school improvement plan format approved by the Board of Education and provided to you as an attachment to Supts. Memo No. 38, dated March 16, 2001, you need only to *complete the last column of that plan format and attach the annual report cover sheet.*

If you used a locally-developed format for submitting your three-year school improvement plan and if that format has no means for reporting status of implementation, use the attached form for reporting implementation status. Complete the cover sheet and the remainder of the form adding rows to the table as needed.

If you have made revisions to your original three-year school improvement plan, indicate that on the cover sheet and send the revised plan along with the annual report.

Annual reports and revised plans may be mailed to the Division of Accountability or may be electronically transmitted to accredit@mail.vak12ed.edu. If annual reports are sent by e-mail, put "Annual Report" on the subject line. In either case, a signed cover page (original or copy) should be mailed to the Division of Accountability.

If you would prefer to have the annual report format e-mailed to you in Word Read-Only format, please contact Ms. Jacqueline Hunter at jhunter@mail.vak12ed.edu.
