**OUTLINE FOR PROPOSAL
EXPANDED GED TESTING SERVICES**

I. Cover Page

II. Statement of Need

Identify the relevant concerns necessitating an expansion of GED testing services. These may include problems with geographic proximity to established GED test centers (establishing new centers or satellite test sites), inability to provide adequate testing services (waiting lists), or lack of funding to accommodate the demand for testing (increasing number of examinees).

III. Proposal

The proposal should provide a detailed plan of how expanded GED testing services will be offered by your school division/program. It should include a description of one of the following:

- a) The location of the new test center(s) or new satellite site(s) with a calendar of scheduled testing sessions;
- b) The expected number of new test sessions and a calendar of when they will occur; and
- c) The expected increase in the number of examinees.

In preparing your "Outline of Proposal", special attention should be given to Section 4 of the GED Examiner's Manual – Policies and Procedures for Establishing and Operating GED Testing Centers (contact Robert MacGillivray, rmacgill@mail.vak12ed.edu, adult secondary specialist at (804) 371-2333 for copies).

IV. Budget

A summary budget form is included in this packet for your convenience. The applicant should identify proposed expenditures by line item.

Describe briefly in narrative form how the funds will be used to expand GED testing services. For each object code in the budget summary sheet, describe your plan and activities. Attach this description to your application as a separate page.

V. Reimbursement Procedures

This project is funded for the 2001-2002 school year. Reimbursement for this project must be made before **June 4, 2002**, and cannot exceed actual costs incurred. Reimbursement forms will be sent with the official notification regarding funds.
