

EARLY INTERVENTION READING INITIATIVE

Superintendent's Certification for School Year 2002-2003

This form needs to be returned to the Department no later than May 15, 2002.

**Attention: Barbara F. Jones
Office of Elementary School Instructional Services
Virginia Department of Education
P. O. Box 2120
Richmond, Virginia 23218-2120
Fax 804/786-1703**

This division plans to participate in the Early Intervention Reading Initiative and will ensure that the following conditions are met during the implementation of the Initiative:

1. The required local match has been met to qualify for funding in kindergarten through third grade for 2002-2003.
2. The state diagnostic tool (PALS) will be administered:
 - (1) In spring 2002 to children in kindergarten, grade one, grade two and children in grade three who received PALS intervention.
 - (2) In fall 2002 to all children in kindergarten, first grade, and any second- and third-grade children that are new to the school or received intervention services during the summer.
 - (3) For LEAs not participating this year, in fall 2002 to children in kindergarten, grade one, grade two and grade three.
3. All children identified by the screening tools will be served.
4. The children served will be provided instruction on individual skills that are below the benchmarks as indicated by the diagnostic tool. This instruction should take place during time that is **additional to the regular classroom reading time**. (This may be during the school day, or outside of the school day.) Funding is based on the cost of providing two and one-half hours of additional instruction each week and a student-to-teacher ratio of five-to-one.
5. All screening results will be reported to the PALS office at UVA.
6. Each school in the division will develop an intervention plan for students in kindergarten through third grade who do not meet the benchmark on PALS or its equivalent. The plan will specify the number of hours of intervention, the skills to be targeted, and who provides the services.

Yes, my division plans to implement this initiative for the 2002-2003 school year and will be using PALS.

Yes, my division plans to implement this initiative for the 2002-2003 school year and will request to use a local diagnostic test to be approved by the Department of Education. The request approved by the local school board is attached.

No, my division does not want to implement this initiative for the 2002-2003 school year.

I hereby certify that the above information is true and accurate to the best of my knowledge
