§ 63.2-900. Accepting children for placement in homes, facilities, etc., by local boards.

A. Pursuant to § [63.2-319](#), a local board shall have the right to accept for placement in suitable family homes, children's residential facilities or independent living arrangements, subject to the supervision of the Commissioner and in accordance with regulations adopted by the Board, such persons under 18 years of age as may be entrusted to it by the parent, parents or guardian, committed by any court of competent jurisdiction, or placed through an agreement between it and the parent, parents or guardians where legal custody remains with the parent, parents, or guardians. The Board shall adopt regulations for the provision of foster care services by local boards, which shall be directed toward the prevention of unnecessary foster care placements and towards the immediate care of and permanent

planning for children in the custody of or placed by local boards and that shall achieve, as quickly as practicable, permanent placements for such children. The local board shall seek out kinship care options to keep children out of foster care and as a placement option for those children in foster care, if it is in the child's best interest. The local board shall, in accordance with the regulations adopted by the Board and in accordance with the entrustment agreement or other order by which such person is entrusted or committed to its care, have custody and control of the person so entrusted or committed to it until he is lawfully discharged, has been adopted or has attained his majority. Whenever a local board places a child where legal custody remains with the parent, parents or guardians, the board shall enter into an agreement with the parent, parents or guardians. The agreement shall specify the responsibilities of each for the care and control of the child. The local board shall have authority to place for adoption, and to consent to the adoption of, any child properly committed or entrusted to its care when the order of commitment or entrustment agreement between the parent or parents and the agency provides for the termination of all parental rights and responsibilities with respect to the child for the purpose of placing and consenting to the adoption of the child. The local board shall also have the right to accept temporary custody of any person under 18 years of age taken into custody pursuant to subdivision B of § [16.1-246](#) or § [63.2-1517](#). The placement of a child in a foster home, whether within or without the Commonwealth, shall not be for the purpose of adoption unless the placement agreement between the foster parents and the local board specifically so stipulates.

B. Prior to placing any such child in any foster home or children's residential facility, the local board shall enter into a written agreement with the foster parents or other appropriate custodian setting forth therein the conditions under which the child is so placed pursuant to § [63.2-902](#). However, if a child is placed in a children's residential facility licensed as a temporary emergency shelter, and a verbal agreement for placement is secured within eight hours of the child's arrival at the facility, the written agreement does not need to be entered into prior to placement, but shall be completed and signed by the local board and the facility representative within 24 hours of the child's arrival or by the end of the next business day after the child's arrival.

(Code 1950, § 63-73; 1952, c. 409; 1960, c. 331; 1968, cc. 466, 578, § 63.1-56; 1975, cc. 248, 406; 1977, cc. 559, 562, 634,

645; 1978, c. 734; 1984, c. 734; 1986, c. 281; 1991, c. 34; 1994, c. 865; 1999, c. 889; 2002, c. 747; 2004, c. 70.)

§ 63.2-908. Permanent foster care placement.

A. Permanent foster care placement means the place in which a child has been placed pursuant to the provisions of §§ [63.2-900](#), [63.2-903](#) and this section with the expectation and agreement between the placing agency and the place of permanent foster care that the child shall remain in the placement until he reaches the age of majority unless modified by court order or unless removed pursuant to § [16.1-251](#) or § [63.2-1517](#). A permanent foster care placement may be a place of residence of any natural person or persons deemed appropriate to meet a child's needs on a long-term basis.

B. A local department or a licensed child-placing agency shall have authority pursuant to a court order to place a child over whom it has legal custody in a permanent foster care placement where the child shall remain until attaining majority or thereafter, until the age of twenty-one years, if such placement is a requisite to providing funds for the care of such child, so long as the child is a participant in an educational, treatment or training program approved pursuant to regulations of the Board. No such child shall be removed from the physical custody of the foster parents in the permanent care placement except upon order of the court or pursuant to § [16.1-251](#) or § [63.2-1517](#). The department or agency so placing a child shall retain legal custody of the child. A court shall not order that a child be placed in permanent foster care unless it finds that (i) diligent efforts have been made by the local department to place the child with his natural parents and such efforts have been unsuccessful, and (ii) diligent efforts have been made by the local department to place the child for adoption and such efforts have been unsuccessful or adoption is not a reasonable alternative for a long-term placement for the child under the circumstances.

C. Unless modified by the court order, the foster parent in the permanent foster care placement shall have the authority to consent to surgery, entrance into the armed services, marriage, application for a motor vehicle and driver's license, application for admission into college and any other such activities that require parental consent and shall have the responsibility for informing the placing department or agency of any such actions.

D. Any child placed in a permanent foster care placement by a local department shall, with the cooperation of the foster parents with whom the permanent foster care placement has been made, receive the same services and benefits as any other child in foster care pursuant to §§ [63.2-319](#), [63.2-900](#) and [63.2-903](#) and any other applicable provisions of law.

E. The Board shall establish minimum standards for the utilization, supervision and evaluation of permanent foster care placements.

F. The rate of payment for permanent foster care placements by a local department shall be in accordance with standards and rates established by the Board. The rate of payment for such placements by other licensed child-placing agencies shall be in accordance with standards and rates established by the individual agency.

G. If the child has a continuing involvement with his natural parents, the natural parents should be involved in the planning for a permanent placement. The court order placing the child in a permanent placement shall include a specification of the nature and frequency of visiting arrangements with the natural parents.

H. Any change in the placement of a child in permanent foster care or the responsibilities of the foster parents for that child shall be made only by order of the court which ordered the placement pursuant to a petition filed by the foster parents, local department, licensed child-placing agency or other appropriate party.

(1977, c. 559, § 63.1-206.1; 1978, c. 671; 1984, c. 70; 2002, c. 747.)

8VAC20-80-110. State funds for local school divisions.

A. State funds to assist local school divisions with the cost of providing special education and related services for children with disabilities shall be provided through the Virginia Department of Education's appropriation as provided in this section.

B. Children with disabilities enrolled in programs operated by a local school board:

1. Public school programs. In addition to the funds received for each pupil from state basic aid, local school divisions shall receive payment to support the state share of the number of special education teachers and paraprofessionals required by the Standards of Quality (§[22.1-253.13:1](#) et seq. of the Code of Virginia).

2. Homebound instruction. Subject to availability, local school divisions shall receive funds to assist with the cost of educating students who are temporarily confined for medical or psychological reasons. Such students may continue to be counted in the average daily membership (ADM) while receiving homebound instruction. In addition, costs will be reimbursed based on the composite index, the hourly rate paid to homebound teachers by the local educational agency, and the number of instructional hours delivered. Reimbursement will be made in the year following delivery of instruction.

3. Transportation. Local school divisions that transport children with disabilities, aged two to 21, inclusive, on approved school buses or on public transit buses to public schools or approved private schools, pursuant to their IEPs, are reimbursed in accordance with pupil transportation regulations (8VAC20-70-10 et seq.).

C. Children with disabilities enrolled in regional special education programs:

1. Reimbursement is available for a portion of the tuition costs based on the local composite index computed as specified by the Virginia Appropriation Act. Rates will be approved following procedures established by the Virginia Board of Education. Regional special education programs operated by a joint board and the Woodrow Wilson Rehabilitation Center are eligible to

receive reimbursement. Reimbursement is available to programs offering services to children who have one or more of the following disabilities:

- a. Severe disability;
- b. Emotional disturbance;
- c. Autism;
- d. Multiple disabilities;
- e. Deafness;
- f. Hearing impairment, including deafness;
- g. Deaf-blindness; or
- h. Traumatic brain injury.

2. Such reimbursement shall be in lieu of the state per pupil basic aid otherwise available for each child.

D. Children with disabilities receiving special education and related services in regional or local jails. Local school divisions will be reimbursed for the instructional costs of providing required special education and related services to children with disabilities in regional or local jails.

E. Funds under the Comprehensive Services Act for At-Risk Youth and Families.

1. Funds are available under the Comprehensive Services Act to support the cost of:

- a. Special education and related services for children with disabilities whose IEPs specify private day or private residential placement;
- b. Certain nonspecial education services for children with disabilities whose Comprehensive Services Act team identifies that such services are necessary to maintain the child in a less restrictive special education setting, in accordance with Comprehensive Services Act requirements; and
- c. Special education and related services for children with disabilities who are placed by a Comprehensive Services Act team in a private residential placement for noneducational reasons.

2. Local school divisions shall be responsible for payment of transportation expenses associated with implementing the child's IEP.

3. Comprehensive Services Act reimbursement requirements shall be applicable.

4. When a parent unilaterally places a child with a disability in an approved private nonsectarian school for children with disabilities, the local school division shall not be responsible for the cost of the placement. If a hearing officer or court determines that such placement, rather than the IEP proposed by the local school division, is appropriate and no appeal is perfected from that decision, the local school division is responsible for placement and funds are available under the Comprehensive Services Act to support the costs.

F. Reimbursement for educating children with disabilities receiving foster care or noncustodial foster care across geographic boundaries and educated in the local school division shall be made in accordance with procedures established by the Virginia Department of Education.

A. The requirements set forth in this chapter are applicable to local school divisions and state-operated programs providing education and related services for children with disabilities and are developed in accordance with state and federal laws and regulations.

B. Each local school division shall ensure that all children with disabilities, aged two to 21, inclusive, residing in that

school division have a right to a free appropriate public education, including:

1. Children with disabilities who are migrant;
2. Children with disabilities who are homeless;
3. Children with disabilities who are in need of special education and related services, even though they are advancing from grade to grade;
4. Children with disabilities who are served in a charter school in accordance with the Code of Virginia;
5. Children with disabilities who have been suspended or expelled from school, in accordance with this chapter;
6. Children with disabilities who are incarcerated for 10 or more days in a regional or local jail in its jurisdiction, with the exception of those provisions identified in 8VAC20-80-62;
7. Children with disabilities who are residents of the school division and who are on house arrest, as ordered by a court of competent jurisdiction; services shall be provided at a mutually agreed upon location;
8. Children with disabilities who are in foster care and residents of Virginia, but not residents of the school division, under the following conditions:
 - a. The child has been placed in foster care or other custodial care within the geographical boundaries of the school division, placed by a Virginia agency, whether state or local, that is authorized by the Code of Virginia to place children;
 - b. The child has been placed, not solely for school purposes, in a child-caring institution or group home licensed under the provisions of Chapter 10 (§63.1-195 et seq.) of Title 63.1 of the Code of Virginia that is located within the geographical boundaries of the school division; and
 - c. If the child's individualized education program prescribes placement in a private day or residential special education facility, the responsibility for a free and appropriate public education shall transfer to the local school division that is the participant in the Community Policy and Management Team of the locality that has responsibility for the child under the Comprehensive Services Act for At-Risk Youth and Families ([§2.2-5200](#) et seq. of the Code of Virginia);

9. Children with disabilities who are placed in a private residential placement by a Comprehensive Services Act team. The local school division that is part of the Comprehensive Services Act team that places the child in the private residential placement for noneducational reasons shall ensure that the child's IEP team develops an IEP appropriate for the child's needs while the child is in the residential placement;

10. Children with disabilities who are placed for noneducational reasons and are not physically present in the school division, but whose parent or parents continue to reside in the local school division in accordance with [§22.1-3](#) of the Code of Virginia.

a. For the purpose of determining residency, the residence of the child with a disability shall be determined as follows:

(1) If placed for noneducational reasons in a nursing facility, a long stay hospital, or an intermediate care facility for the mentally retarded under funding from the Virginia Department of Medical Assistance Services, the child is a resident of the division where the parent or parents reside, unless the child is in a state-operated program;

(2) If placed for noneducational reasons in a group home by a community services board, a court service unit, or a court of competent jurisdiction, the child is a resident of the division where the parent or parents reside, unless the child is in a state-operated program;

(3) If aged 18 or older, placed for noneducational reasons in a nursing facility, a long stay hospital, or an intermediate care facility for the mentally retarded under funding from the Virginia Department of Medical Assistance Services, and who has been declared legally incompetent or legally incapacitated by a court of competent jurisdiction and for whom the court has appointed a guardian to make decisions, the adult child is a resident of the division where the guardian resides, unless the adult child with a disability is in a state-operated program;
and

(4) If aged 18 or older, placed for noneducational reasons in a group home by a community services board and who has been declared legally incompetent or legally incapacitated by a court of competent jurisdiction and for whom the court has appointed a guardian to make decisions, the adult child is a resident of the division where the guardian resides, unless the adult child with a disability is in a state-operated program.

b. If there is a dispute between local school divisions regarding the parent's, parents', or legal guardian's residence, the local school division of the parent's, parents', or legal guardian's last known place of residence is responsible until such dispute is resolved or the parent's, parents', or legal guardian's residence is established in another local school division;

11. Children with disabilities, aged 18 or older, who have not been declared legally incompetent or legally incapacitated by a court of competent jurisdiction and for whom the court has not appointed a guardian to make decisions and who reside in the school division, unless the adult child is in a state-operated program. The adult child's residence shall be the fixed home to which the adult child will return following a temporary absence and at which the adult child intends to stay. No adult child shall have more than one residence at a time; and

12. Children with disabilities, aged 18 or older, who have been declared incompetent or legally incapacitated by a court of competent jurisdiction and for whom the court has appointed a guardian to make decisions and guardian resides in the school division, unless the adult child with a disability is in a state-operated program. The adult child's residence shall be the fixed home to which the adult child will return following a temporary absence and at which the adult child with a disability intends to stay. No adult child with a disability shall have more than one residence at a time.

C. Each state-operated program shall ensure that all children with disabilities, aged two to 21, inclusive, in that institution have the right to a free appropriate public education.

Standard of review 10

Standard of review 10

1. Construction

The headings used in a regulation do not dictate the meaning of the regulation's provisions. *White et al. v. School Board of Henrico County*, 2001, 2001 WL 766784. *Jones v. Div. of Child Support Enforcement*, 1994, 450 S.E.2d 172, 19 Va.App. 184.

2. Compliance, generally

Courts apply a two-part test for determining whether a school has complied with the requirements of the IDEA in providing a

student with a free appropriate education: (1) whether the school complied with the procedural requirements of the Act; and (2) whether the individualized educational program (IEP) developed by the school was reasonably calculated to enable the child to receive educational benefits. *White v. School Bd. of Henrico County*, 2001, 36 Va.App. 137, 549 S.E.2d 16.¶g2001581878;5;;549;711;16¶g

3. Free appropriate education

IDEA's "free appropriate education" must be provided at public expense and under public supervision, meet the state's educational standards, approximate the grade levels used in the state's regular education, and comport with the child's individualized educational program (IEP). *White v. School Bd. of Henrico County*, 2001, 36 Va.App. 137, 549 S.E.2d 16.¶g2001581878;21;;549;711;16¶g

4. Disability

High school student was "socially maladjusted," within meaning of exception to coverage under IDEA, in view of evidence that student suffered only conduct disorder and displayed disregard for social demands or expectations. *Springer v. Fairfax County School Bd.*, 1998, 134 F.3d 659.¶g1998038449;2;;134;506;659¶g

5. Emotional disturbance

Fact that child is socially maladjusted is not by itself conclusive evidence that child is seriously emotionally disturbed, within meaning of IDEA. *Springer v. Fairfax County School Bd.*, 1998, 134 F.3d 659.¶g1998038449;3;;134;506;659¶g

High school student did not suffer independent serious emotional disturbance in addition to being socially maladjusted that would qualify student for special education services, under IDEA; three psychologists concluded that student was not seriously emotionally disturbed, student was able to maintain interpersonal relationships with teachers and peers, student did not show signs of pervasive depression, and, even if student exhibited some characteristics of serious emotional disturbance, there was no causal link between characteristics and alleged educational difficulties. *Springer v. Fairfax County School Bd.*, 1998, 134 F.3d 659.¶g1998038449;4;;134;506;659¶g

6. Private schooling

Evidence in proceedings on request by parents of learning-disabled student for reimbursement for cost of student's education at private school supported finding that IDEA

individualized educational program (IEP) developed by county board of education would have enabled student to benefit educationally, and that board thus complied with requirement that state provide student with "free appropriate public education"; although student could not read at grade level, evidence showed that he received educational benefits from county program and that proposed IEPs offered by board would have continued to provide him with educational benefits in least restrictive environment, and, unlike program at private school, IEP proposed by board offered student opportunity to interact with regular education students. *White v. School Bd. of Henrico County*, 2001, 36 Va.App. 137, 549 S.E.2d 16.çg2001581878;19;;549;711;16çg

7. Procedural violations

Record did not support claim by learning-disabled student's parents that county school board predetermined student's placement prior to sixth and seventh grade individualized educational program (IEP) development meetings by drafting proposed IEP before meeting; IDEA permitted board to bring draft IEP to meetings for purposes of discussion, and draft IEP provided a starting point for discussion and nothing more. *White v. School Bd. of Henrico County*, 2001, 36 Va.App. 137, 549 S.E.2d 16.çg2001581878;15;;549;711;16çg

While procedural violations alone may under certain circumstances constitute a failure to provide an appropriate education under IDEA, each case must be reviewed in the context of the particular facts presented. *White v. School Bd. of Henrico County*, 2001, 36 Va.App. 137, 549 S.E.2d 16.çg2001581878;6;;549;711;16çg

8. Evidence

Testimony of psychiatrist was not "additional evidence" under IDEA, and district court's exclusion of evidence was not abuse of discretion in student's action for reimbursement of private school tuition, because psychiatrist was available to testify in administrative proceedings. *Springer v. Fairfax County School Bd.*, 1998, 134 F.3d 659.çg1998038449;5;;134;506;659çg

In action under IDEA, provision allowing "additional evidence" in district court does not authorize witnesses at trial to repeat or embellish their prior administrative hearing testimony, and exclusion of testimony from all who did, or could have, testify at administrative hearing was appropriate limit in many cases. *Springer v. Fairfax County School Bd.*, 1998, 134 F.3d 659.çg1998038449;6;;134;506;659çg

9. Review--In general

Courts apply a two-part test for determining whether a school has complied with the requirements of the IDEA in providing a student with a free appropriate education: (1) whether the school complied with the procedural requirements of the Act; and (2) whether the individualized educational program (IEP) developed by the school was reasonably calculated to enable the child to receive educational benefits. *White v. School Bd. of Henrico County*, 2001, 36 Va.App. 137, 549 S.E.2d 16.çg2001581878;5;;549;711;16çg

An IDEA individualized educational program (IEP) will not be set aside on the basis of procedural violations absent some rational basis to believe that such procedural inadequacies compromised the pupil's right to an appropriate education, seriously hampered the parents' opportunity to participate in the formulation process, or caused a deprivation of educational benefits. *White v. School Bd. of Henrico County*, 2001, 36 Va.App. 137, 549 S.E.2d 16.çg2001581878;7;;549;711;16çg

10. ---- Standard of review

In interpreting regulation making student eligible for special education services if student suffers from "serious emotional disturbance," district courts are required to give deference to state and local education authorities whose primary duty it is to administer IDEA. *Springer v.
