Virginia's Missing Children Clearinghouse proudly joins efforts with the U. S. Department of Justice to educate Virginia's fifth-grade students about safety issues through a national poster contest.

The theme for the 2008 contest is

"Bring Our Missing Children Home."

Held annually, the contest challenges fifth-grade students to develop artwork that represents America's goal to bring missing children home safely.

Winning entries must be postmarked by **March 10, 2008**.

The national winning poster will be displayed at the National Missing Children's Day ceremony held in May 2008 at the U. S. Department of Justice.
