The mission of the Summer Institute for School Nursing is to foster evidence-based practice in the school setting and promote competency in school nursing. The conference is appropriate for school nurses, school nurse coordinators, and supervisors of health services.

Conference participants will receive a certificate of attendance, as well as a worksheet outlining the hours of professional development attended. Continuing education credit, meeting the requirements established by the National Board for Certification of School Nurses for recertification, will be provided at no cost to national board certified school nurses (NBCSNs).

All participants must be pre-registered. The registration fee of \$100 covers conference materials; dormitory housing in ARC, Wheeler and/or Frazer Halls, **double** occupancy for three (3) nights; dinner on Sunday; three (3) meals per day on Monday and Tuesday; and breakfast on Wednesday. Participants who commute or stay off-campus will receive lunch on the days of attendance. The \$100 registration fee applies to partial attendance or off-campus registration. Additional fees apply for out-of-state participants and non-school health personnel. Private rooms will not be available.

Please be aware the University passed a tobacco-free policy effective June 1, 2008. **Wireless** Internet access is **not** available on the Longwood University campus. To access the Internet while on campus, the participant must bring an Ethernet cord and have his or her computer scanned at the Longwood Conference office in Lankford Student Union. All virus and Malware must be up-to-date, and the latest service pack must be installed. There are several places in town that have wireless Internet access (i.e., McDonald's, Huddle House).
