

Formative Assessment Pilot Recruitment Survey

School Division:

School Name:

Principal:

Principal's E-mail:

Division-Level Contact Person:

1. Please describe the team of teachers who will participate in the pilot if your school is selected. Include the number of teachers and grade level(s).
2. An online community will be established for schools participating in the pilot. The planned platform for this community is Google+, which is free and easily accessed. Google+ is a collection of Google Apps for Education that will allow communication through a Web site, e-mail, and videoconferencing while limiting access to membership. Please check with those providing technical support in your school division and report any issues or concerns the use of Google+ might cause for your school. If this will not present an issue, please indicate that as well.
3. Participation in the Formative Assessment Pilot will begin with an initial in-person meeting which all pilot participants must attend. Depending on preference and location, participants should plan to attend **one** of two meetings held on October 20, 2014, and October 22, 2014. Participating schools will be responsible for all travel-associated costs related to this meeting. Lunch will be on your own. No other in-person meetings are planned for the 2014-2015 school year. Divisions will be notified of the locations and meeting details will be provided as soon as that information is available.

VDOE is seeking a space for each of these meetings and plans to hold them in different parts of the state. If your school division has space that is available on either of these dates at no charge, please complete the following:

My school division would like to provide meeting space on October 20, 2014.

Meeting Space Occupancy:

My school division would like to provide meeting space on October 22, 2104.

Meeting Space Occupancy:
