ACTION ITEMS

- *Review of the Standard Setting Study and Recommendation for a Passing Score for the Praxis II Elementary Education: Reading and Language Arts Subtest (5002) and Mathematics Subtest (5003)*

Dr. Mark Allan, director of licensure and educational leadership, and Dr. Cathy Owens Oliver, client relations director, Teacher Licensure and Certification, Educational Testing Service, made a presentation on the Standard Setting Study and Recommendation for a Passing Score for the Praxis II Elementary Education: Reading and Language Arts Subtest (5002) and Mathematics Subtest (5003) administered by the Educational Testing Service.

At the March 18, 2013, meeting, the Advisory Board on Teacher Education and Licensure recommended that the Board of Education set the passing scores recommended by the Virginia standard setting panel for the Praxis Elementary Education: Multiple Subjects (5031) test to become effective July 1, 2014.

In December 2013, ETS contacted the Virginia Department of Education to request participation in multistate standard setting studies on February 3-4, 2014, for the revised Reading and Language Arts Subtest (5002) and the revised Mathematics Subtest (5003) of the Praxis II Elementary Education: Multiple Subjects (5031) test. The Department was unaware that the subtests had been revised and new standard setting studies would be required for the revised subtests. A multistate standard setting study was conducted by ETS in February 2014 for the revised Praxis II Reading and Language Arts (5002) and Mathematics (5003) subtests. Revisions to the subtests required states using the Praxis II Elementary Education: Multiple Subjects (5031) test to establish new passing scores for the revised subtests.

Advisory Board members discussed that the recommendation to the Board of Education should include a provision that an individual who takes the exact test that the Board of Education will approve to become effective at a future date, such as July 1, 2015, be accepted if the individual obtains the Board of Education's approved passing score prior to the effective date of the test (e.g., July 1, 2015).

Bonnie Bowen made the motion that the Advisory Board on Teacher Education and Licensure recommend to the Board of Education to accept the recommendation of the multistate standard setting study panel to approve a passing scaled score of 157 for the Reading and Language Arts Subtest (5002) and a passing scaled score of 157 for the Mathematics Subtest (5003) of the Praxis Elementary Education: Multiple Subjects Test with an effective date of July 1, 2015, for both subtests. Jane Watkins seconded the motion. The motion passed unanimously.

Sue Magliaro made the motion that the Advisory Board on Teacher Education and Licensure recommends that the Board of Education approve the following subtests and passing scaled scores for the Praxis II Elementary Education Multiple Subjects Test (5001) effective July 1, 2015, for individuals seeking an initial license with an early/primary education or elementary endorsement:

- **Reading and Language Arts (5002) – 157 scaled score**

- **Mathematics (5003) – 157 scaled score**
- **Social Studies (5034) – 155 scaled score**
- **Science (5035) 159 – scaled score**

In addition, the Advisory Board on Teacher Education and Licensure recommends that the Board of Education accept the following scores on the Reading and Language Arts (5002) and the Mathematics (5003) subtests on the Praxis II Elementary Education Multiple Subjects (5001) test for candidates who take and pass the subtests prior to July 1, 2015:

- **Reading and Language Arts (5002) – 157 scaled score**
- **Mathematics (5003) – 157 scaled score**

Bonnie Bowen seconded the motion. The motion passed unanimously.

- ***Review of the Standard Setting Study and Recommendation for a Passing Score for the Praxis II Middle School Science (5440) Test***

Dr. Mark Allan, director of licensure and educational leadership, and Dr. Cathy Owens Oliver, client relations director, Teacher Licensure and Certification, Educational Testing Service, made a presentation on the Standard Setting Study and Recommendation for a Passing Score for the Praxis II Middle School Science (5440) Test.

Allen Bierlair made the motion that the Advisory Board on Teacher Education and Licensure recommends to the Board of Education to accept the recommendation of the multistate standard setting study panel to approve a passing scaled score of 150 for the Praxis II Middle School Science (5440) test with an effective date of July 1, 2015. Ruth Wallace seconded the motion. The motion passed unanimously.
