

Virginia Board of Education Agenda Item

Agenda Item: D

Date: May 25, 2017

Title	Final Review of Revisions to the List of 2017-2018 Board of Education Approved Industry Certifications, Occupational Competency Assessments, and Professional Licenses		
Presenter	Ms. Lolita B. Hall, Director, Office of Career, Technical, and Adult Education		
E-mail	LB.Hall@doe.virginia.gov	Phone	804-225-2051

Purpose of Presentation:

Action required by Board of Education regulation.

Previous Review or Action:

Previous review and action. Specify date and action taken below:

Dates: September 28, 2000; April 26, 2001; April 24 & 25, 2002; May 28, 2003; June 25, 2003; February 25, 2004; February 23, 2005; November 30, 2005, November 29, 2006, January 10, 2008, January 15, 2009, January 14, 2010, February 17, 2011, May 24, 2012, June 27, 2013, April 24, 2014, April 23, 2015, and April 28, 2016.

Action: Technical changes, additions, and/or deletions were approved to the list of Board-approved certification examinations, assessments, and licenses.

Action Requested:

Final review: Action requested at this meeting.

Alignment with Board of Education Goals: Please indicate (X) all that apply:

X	Goal 1: Accountability for Student Learning
	Goal 2: Rigorous Standards to Promote College and Career Readiness
	Goal 3: Expanded Opportunities to Learn
	Goal 4: Nurturing Young Learners
	Goal 5: Highly Qualified and Effective Educators
	Goal 6: Sound Policies for Student Success
	Goal 7: Safe and Secure Schools
	Other Priority or Initiative. Specify:

Background Information and Statutory Authority:

Goal 1: Secondary students who complete rigorous and relevant CTE programs gain the knowledge and skills needed to earn industry-recognized, in-demand credentials that lead to success in further education and careers.

The *Regulations Establishing Standards for Accrediting Public Schools in Virginia*, 8 VAC 20-131-50.H.3, provide students who demonstrate academic excellence and/or outstanding achievement the opportunity to earn the Board of Education’s Career and Technical Education Seal.

8 VAC 20-131-50.H.3 – “The Board of Education’s Career and Technical Education Seal will be awarded to students who earn a Standard Diploma or an Advanced Studies Diploma and complete a prescribed sequence of courses in a career and technical education concentration or specialization that they choose and maintain a “B” or better average in those courses; or (i) pass an examination or an occupational competency assessment in a career and technical education concentration or specialization that confers certification or occupational competency credential from a recognized industry, trade or professional association or (ii) acquire a professional license in that career and technical education field from the Commonwealth of Virginia. The Board of Education shall approve all professional licenses and examinations used to satisfy these requirements.”

The *Regulations Establishing Standards for Accrediting Public Schools in Virginia*, 8 VAC 20-131-50.H.4, provide students who demonstrate academic excellence and/or outstanding achievement the opportunity to earn the Board of Education’s Seal of Advanced Mathematics and Technology.

8 VAC 20-131-50.H.4 – “The Board of Education’s Seal of Advanced Mathematics and Technology will be awarded to students who earn either a Standard Diploma or an Advanced Studies Diploma and (i) satisfy all of the mathematics requirements for the Advanced Studies Diploma (four units of credit including Algebra II; two verified units of credit) with a “B” average or better; and (ii) either (a) pass an examination in a career and technical education field that confers certification from a recognized industry, or trade or professional association; (b) acquire a professional license in a career and technical education field from the Commonwealth of Virginia; or (c) pass an examination approved by the board that confers college-level credit in a technology or computer science area. The Board of Education shall approve all professional licenses and examinations used to satisfy these requirements.”

The *Regulations Establishing Standards for Accrediting Public Schools in Virginia* make the following provisions relative to students earning verified units of credit:

8 VAC 20-131-110.C – Standard and verified units of credit
“The Board of Education may from time to time approve additional tests for the purpose of awarding verified credit. Such additional tests, which enable students to earn verified units of credit, must, at a minimum, meet the following criteria:

1. The test must be standardized and graded independently of the school or school division in which the test is given;
2. The test must be knowledge based;
3. The test must be administered on a multistate or international basis, or administered as part of another state’s accountability assessment program; and
4. To be counted in a specific academic area, the test must measure content that incorporates or exceeds the SOL content in the course for which verified credit is given.”

8 VAC 20-131-50.B.2 – (Requirements for a Standard Diploma - Footnotes 5, 6 and 8)

5 “A student may utilize additional tests for earning verified credit in computer science, technology, career and technical education, economics or other areas as prescribed by the board in 8VAC 20-131-110.”

6 “Students who complete a career and technical education program sequence and pass an examination or occupational competency assessment in a career and technical education field that confers certification or an occupational competency credential from a recognized industry, or trade or professional association, or acquires a professional license in a career and technical education field from the Commonwealth of Virginia may substitute the certification, competency credential, or license for (i) the student selected verified credit and (ii) either a science or history and social science verified credit when the certification, license, or credential confers more than one verified credit. The examination or occupational competency assessment must be approved by the Board of Education as an additional test to verify student achievement.”

8 “Students shall earn a career and technical education credential approved by the Board of Education, except when a career and technical education credential in a particular subject area is not readily available or appropriate or does not adequately measure student competency, in which case the student shall receive satisfactory competency-based instruction in the subject area to satisfy the standard diploma requirements. The career and technical education credential, when required, could include the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, or the Virginia workplace readiness assessment.”

8 VAC 20-131-50.C.2 – (Requirements for an Advanced Studies Diploma - Footnote 5)

5 “A student may utilize additional tests for earning verified credit in computer science, technology, career and technical education, economics or other areas as prescribed by the board in 8VAC 20-131-110.”

Summary of Important Issues:

The process for reviewing and validating industry credentials for the purpose of awarding verified credit is based on the following criteria: 1) the test must be standardized and graded independently of the school or school division in which the test is given; 2) the test must be knowledge based; 3) the test must be administered on a multistate or international basis, or administered as part of another state’s accountability assessment program; and 4) to be counted in a specific academic area, the test must measure content that incorporates or exceeds the Standards of Learning content in the course for which verified credit is given. Important to this process is ensuring that the credential is relevant and recognized in the workplace.

The attached list of **401** industry or trade association certification examinations, professional licenses, and occupational competency assessments meets the Board’s requirements in 8 VAC 20-131-50.H.3 (Board of Education’s Career and Technical Education Seal), 8 VAC 20-131-50.H.4 (Board of Education’s Seal of Advanced Mathematics and Technology), 8 VAC 20-131-110.C (Standard and Verified Units of Credit), 8 VAC 20-131-50.B.2 (Requirements for a Standard Diploma - Footnotes 5, 6 and 8), and 8 VAC 20-131-50.C.2 (Requirements for an Advanced Studies Diploma - Footnote 5).

Included in the attached list are **47** additional industry or trade association certification examinations and occupational competency assessments that have been identified as meeting criteria to satisfy requirements for the Career and Technical Education Seal, the Seal of Advanced Mathematics and Technology, student-selected verified credit, and the Standard Diploma graduation requirement.

Industry or trade association certification examinations, professional licenses, and occupational competency assessments are continually being revised or discontinued to stay current with technology and new techniques. These changes may be such that individual certifications are no longer available or no longer meet the Board of Education’s criteria for diploma seals or student-selected verified credit, or require additional criteria. Technical changes have been made to the credential name or issuing organization of **5** certifications that were previously approved by the Board. In addition, **14** certification examinations are recommended for deletion from the Board-approved list.

Impact on Fiscal and Human Resources:

State funds will be used to assist students to become certified. Federal Perkins CTE funds may be used to help teachers, programs, and students become certified.

Timetable for Further Review/Action:

After final approval, a Superintendent’s Memorandum will notify school divisions of the technical changes and additions to and deletions from the list of industry certifications, occupational competency assessments, and licenses.

Superintendent's Recommendation:

The Superintendent of Public Instruction recommends that the Board of Education approve the revised list of industry certification examinations, occupational competency assessments, and licenses to meet the requirements for the Board of Education’s Career and Technical Education and Advanced Mathematics and Technology Seals, student-selected verified credit, and the Standard Diploma graduation requirement; and to authorize staff to make minor technical edits to the previously Board-approved list.

Rationale for Action:

The Board’s action is in compliance with the following *Regulations Establishing Standards for Accrediting Public Schools in Virginia*:

- Board of Education’s Career and Technical Education Seal – 8VAC 20-131-50.H.3
- Board of Education’s Seal of Advanced Mathematics and Technology – 8 VAC 20-131-50.H.4
- Standard and Verified Units of Credits – 8 VAC 20-131-110.C
- Graduation Requirement for a Standard Diploma – 8 VAC 20-131-50.B.2 (Footnotes 5, 6, and 8)
- Graduation Requirement for an Advanced Studies Diploma – 8 VAC 20-131-50.C.2 (Footnote 5)

TECHNICAL CHANGES

Business and Information Technology

1. ~~Global Standard (GS4) Certification Examination~~ IC3 Digital Literacy Certification Examination (Certiport)

Family and Consumer Sciences

1. ~~Hospitality and Tourism Management Examinations, (Pass Level 1 and/or Level 2)~~ Certified Hospitality and Tourism Management Professional Examination (Must Pass Level 1 and Level 2) (American Hotel and Lodging Association (AH&LA))

Health and Medical Sciences

1. Nationally Registered Certified Dental Assistant (NRCDA) Examination (National Association of Health Professionals (NAHP))

Marketing

1. ~~Hospitality and Tourism Management Examinations, (Pass Level 1 and/or Level 2)~~ Certified Hospitality and Tourism Management Professional Examination (Must Pass Level 1 and Level 2) (American Hotel and Lodging Association (AH&LA))

Trade and Industrial Education

1. Cisco Certified Networking Professional (CCNP) Routing and Switching Examination (Must pass all 3 exams) (CiscoSystems, Inc.)

ADDITIONS

Business and Information Technology

1. Certified Internet Web (CIW) Advanced HTML5 and CSS3 Specialist Examination (Certification Partners, LLC)
2. Certified Internet Web (CIW) Data Analyst Examination (Certification Partners, LLC)
3. Certified Internet Web (CIW) Database Design Specialist Examination (Certification Partners, LLC)
4. Certified Internet Web (CIW) E-Commerce Services Specialist Examination (Certification Partners, LLC)
5. Certified Internet Web (CIW) Internet Business Associate Examination (Certification Partners, LLC)
6. Certified Internet Web (CIW) JavaScript Specialist Examination (Certification Partners, LLC)
7. Certified Internet Web (CIW) Mobile Application Developer Examination (Certification Partners, LLC)
8. Certified Internet Web (CIW) Multimedia Specialist Examination (Certification Partners, LLC)
9. Certified Internet Web (CIW) Network Technology Associate Examination (Certification Partners, LLC)
10. Certified Internet Web (CIW) Perl Specialist Examination (Certification Partners, LLC)
11. Certified Internet Web (CIW) Site Development Associate Examination (Certification Partners, LLC)
12. Certified Internet Web (CIW) Social Media Strategist Examination (Certification Partners, LLC)
13. Certified Internet Web (CIW) User Interface Designer Examination (Certification Partners, LLC)
14. Certified Internet Web (CIW) Web Design Specialist Examination (Certification Partners, LLC)
15. Certified Internet Web (CIW) Web Security Specialist Examination (Certification Partners, LLC)

Family and Consumer Sciences

1. Certified Front Desk Representative Examination (American Hotel and Lodging Association (AH&LA)) (Also listed in Marketing Education)
2. Certified Guest Service Professional Examination (American Hotel and Lodging Association (AH&LA)) (Also listed in Marketing Education)
3. Certified Restaurant Server Examination (American Hotel and Lodging Association (AH&LA))
4. Early Childhood Development and Services Assessment (National Occupational Competency Testing Institute (NOCTI))

5. Family and Community Services Assessment (National Occupational Competency Testing Institute (NOCTI))
6. Interior Decorating and Design Assessment (National Occupational Competency Testing Institute (NOCTI))
7. Leadership Fundamentals Assessment (American Association of Family and Consumer Sciences (AAFCS))
8. Personal Care Services Assessment (National Occupational Competency Testing Institute (NOCTI))

Health and Medical Sciences Education

1. Certified Pharmacy Technician (CPhT) Examination (American Allied Health (AAH))
2. Certified Dental Assistant: Anatomy, Morphology and Physiology (AMP) Examination (Dental Assisting National Board, Inc.)
3. Certified Pharmacy Technician Examination (National Healthcare Association (NHA))

Marketing Education

1. Certified Front Desk Representative Examination (American Hotel and Lodging Association (AH&LA)) (Also listed in Family and Consumer Sciences – excluded from total count)
2. Certified Guest Service Professional Examination (American Hotel and Lodging Association (AH&LA)) (Also listed in Family and Consumer Sciences – excluded from total count)

Technology Education

1. ArcGIS Desktop Entry Certification Examination (Environmental Systems Research Institute (ERSI))
2. ArcGIS Desktop Associate Certification Examination (Environmental Systems Research Institute (ERSI))

Trade and Industrial Education

1. Air Conditioning Employment Ready Examination (HVAC Excellence)
2. Basic Refrigeration & Charging Procedures Employment Ready Examination (HVAC Excellence)
3. Carbon Monoxide & Combustion Analysis Employment Ready Examination (HVAC Excellence)
4. Carbon Monoxide Safety Employment Ready Examination (HVAC Excellence)
5. Combustion Application Zone (CAZ) Employment Ready Examination (HVAC Excellence)
6. Criminal Justice Advanced Assessment (National Occupational Competency Testing Institute (NOCTI))
7. Cybersecurity Analyst (CSA+) (CompTIA)
8. Electric Heat Employment Ready Examination (HVAC Excellence)
9. Electric Power and Distribution Employment Ready Examination (HVAC Excellence)
10. Electrical Employment Ready Examination (HVAC Excellence)
11. Fuel Oil Consumption Employment Ready Examination (HVAC Excellence)
12. Gas Heat Employment Ready Examination (HVAC Excellence)
13. Heat Pump Employment Ready Examination (HVAC Excellence)
14. Industrial Electricity Assessment (National Occupational Competency Testing Institute (NOCTI))
15. Legal Services Assessment (National Occupational Competency Testing Institute (NOCTI))
16. Light Commercial Refrigeration Employment Ready Examination (HVAC Excellence)
17. Natural Gas Combustion Employment Ready Examination (HVAC Excellence)

18. Residential & Light Commercial Hydronic Heat Employment Ready Examination (HVAC Excellence)
19. Security and Protective Services Assessment (National Occupational Competency Testing Institute (NOCTI))

Examinations

1. Advanced Placement (AP) Computer Science Principles (The College Board)

DELETIONS (Credentials discontinued by providers)

Agricultural Education

1. Agribusiness Examination (New York State Department of Education (Cornell University))
2. Agricultural Mechanics and Technology Examination (New York State Department of Education (Cornell University))
3. Equine Science Examination (New York State Department of Education (Cornell University))
4. Pork Quality Assurance Certification Assessment (National Pork Board/Virginia Cooperative Extension)
5. Small Animal Care Examination (New York State Department of Education (Cornell University))

Trade and Industrial Education

1. Carpentry Level One, National Construction Career Test (National Center for Construction Education & Research (NCCER))
2. Core: Introductory Craft Skills, National Construction Career Test (National Center for Construction Education & Research (NCCER))
3. Construction Technology, National Construction Career Test (National Center for Construction Education & Research (NCCER))
4. Edison Electric Institute EEI Employment Test Batteries (Pass any one test) (Edison Electric Institute (EEI))
5. Electrical, National Construction Career Test (National Center for Construction Education & Research (NCCER))
6. HVAC, National Construction Career Test (National Center for Construction Education & Research (NCCER))
7. Heavy Equipment Operations Level One, National Construction Career Test (National Center for Construction Education & Research (NCCER))
8. Masonry Level One, National Construction Career Test (National Center for Construction Education & Research (NCCER))
9. Welding, National Construction Career Test (National Center for Construction Education & Research (NCCER))

**2017-2018 BOARD OF EDUCATION APPROVED INDUSTRY CERTIFICATIONS, OCCUPATIONAL COMPETENCY ASSESSMENTS,
AND PROFESSIONAL LICENSES**

BOARD APPROVED / DATE

One student-selected verified credit may be awarded for passing one certification or licensure examination when the student earns one standard unit of credit in a career and technical education concentration.

Two student-selected verified credits may be awarded for students who complete a career and technical education concentration and pass two certifications or licensure examinations. The first must be substituted for the student-selected verified credit and the second may be substituted for either a science or history and social science verified credit.

Any one certification or licensure examination identified in this document will satisfy the Standard Diploma requirement for graduation.

Students are eligible to earn diploma seals by passing one of the credentials or licensure examinations in this document as well as completing the requirements set forth in 8 VAC 20-131-50.H.3, 4.

One student-selected verified credit may be awarded for passing one certification or licensure examination when the student earns one standard unit of credit in a career and technical education concentration.

Two student-selected verified credits may be awarded for students who complete a career and technical education concentration and pass two certifications or licensure examinations. The first must be substituted for the student-selected verified credit and the second may be substituted for either a science or history and social science verified credit.

Any one certification or licensure examination identified in this document will satisfy the Standard Diploma requirement for graduation.

Students are eligible to earn diploma seals by passing one of the credentials or licensure examinations in this document as well as completing the requirements set forth in 8 VAC 20-131-50.H.3, 4.

**2017-2018 BOARD OF EDUCATION APPROVED INDUSTRY CERTIFICATIONS, OCCUPATIONAL COMPETENCY ASSESSMENTS,
AND PROFESSIONAL LICENSES**

BOARD APPROVED / DATE

One student-selected verified credit may be awarded for passing one certification or licensure examination when the student earns one standard unit of credit in a career and technical education concentration.

Two student-selected verified credits may be awarded for students who complete a career and technical education concentration and pass two certifications or licensure examinations. The first must be substituted for the student-selected verified credit and the second may be substituted for either a science or history and social science verified credit.

Any one certification or licensure examination identified in this document will satisfy the Standard Diploma requirement for graduation.

Students are eligible to earn diploma seals by passing one of the credentials or licensure examinations in this document as well as completing the requirements set forth in 8 VAC 20-131-50.H.3, 4.
