Resources for Completing Fall Membership

Instructions for Completing Fall Membership

Fall Membership is determined by counting all Virginia public school students enrolled on September 30th of the current school year. The Funded Fall Membership is calculated based on school-age students in kindergarten through grade 12.

Every student who depends on a public school division in Virginia for a free, appropriate, public education must have a record on the Fall Student Record Collection. This includes all full-time and part-time students served in the division's schools as well as those the division has helped place in other public and private schools/centers regardless of how the placements are funded.

There should be one record per student per school on the Fall Student Record Collection EXCEPT when Grade Level Code, Kindergarten Half-Day Flag, GED Program Code, Tuition Paid Code, Non-public student FTE, or Primary Disability Code changes while still attending the same school. In these cases, a student may have more than one record per school per record collection. If a student has more than one record, only one record can be Active.

Law, Policy and Regulations

For your reference, the following resources are available for completing Fall Membership.

Sections from the appropriation act, Code of Virginia, and Board of Education regulations that pertain to the reporting of Fall Membership are available at the following Website:

http://www.doe.virginia.gov/info_management/data_collection/student_record_collection/index.shtml

Student Record Collection Codes, Scenarios, and Specifications

Explanations of the various tuition codes, disability codes, and other codes referenced in this document are available at the following Website:

How to Use this Guide

Please read all sections of these instructions prior to calculating your Funded Fall Membership to ensure that your division's membership is reported accurately. Appropriate supporting documentation must be maintained for each line of this report, in the event that a subsequent audit of Fall Membership data is necessary.

There is one section in this guide for each Funded Fall Membership calculation. For each calculation, a text reference is provided followed by the "formula" used to generate the addition or deduction. All formulas are defined in terms of the Student Record Collection. This should enable the division to verify the accuracy of the calculations on the verification report.

Interpreting the Codes in this Guide

| Code | Meaning |
|------|---------|
|------|---------|

| | |
|-------|-------------------------------------|
| < > | Not equal to |
| 8/1 | August 1 of current school year |
| 9/30 | September 30 of current school year |
| 12/31 | December 31 of current school year |

Definitions of Key Terms

| Term | Meaning |
|------|---------|
|------|---------|

| | |
|-------------------------|--|
| *Local share of tuition | The local share of the total operational cost per pupil based on the composite index of the serving division |
| State share of tuition | The state share of fall membership funding on a per pupil basis |
| Full tuition | The total operational cost per pupil for a serving division or private institution |

Beginning Fall Membership

Beginning Fall Membership

The Beginning Fall Membership includes all students enrolled on September 30th for all K-12 and post-graduate studies except:

- disabled pupils ages 20 and 21
- pupils in alternative education programs
- non-public school pupils
- pupils in ISAEP
- pupils in home-based education
- private special education (does not include students funded by the Comprehensive Services Act)
- students funded with Comprehensive Services Act funds
- contiguous out-of-state students **with** the same attendance privileges
- inter-state compact placement
- contiguous out-of-state students **without** the same attendance privileges
- students in a virtual program delivered by an approved Multi-Division Online Provider (MOP)

In short, Beginning Fall Membership is all students in kindergarten through post-graduate programs reported by your division MINUS the Funded Fall Membership additions.

Funded Fall Membership is displayed in the above manner in the verification report to provide divisions with detailed information from the data processed through the Student Record Collection.

Beginning Fall Membership

Notes: All dates reference the current school year.

School-age students are those who are:

- Less than 20 years old as of August 1st for regular education students
- Less than 22 years old as of September 30th for special education students
- Less than 22 years old as of August 1st for students receiving Limited English Proficient services

Kindergarten Students

Generally, only those children who reach their fifth birthday on or before September 30, may be included in the Funded Fall Membership total. However, any student whose fifth birthday occurred between October 1, and December 31, may be enrolled in Kindergarten after an appropriate readiness evaluation has demonstrated that attendance in these programs would educationally benefit these children (§22.1-199 C., Code of Virginia). Any school that offers a two-tiered, junior, or other developmentally appropriate pre-kindergarten program or transitional first grade program, is required to conduct an appropriate readiness evaluation for students whose fifth birthday occurred between October 1, and December 31, for them to be enrolled in the regular Kindergarten program and then be counted in Funded Fall Membership.

Such students are not required to first be enrolled in a two-tiered, junior, or other developmentally appropriate pre-kindergarten program or transitional first grade program before they are tested. Any student may be tested and go straight to the regular Kindergarten program as long as the school offers a two-tiered, junior, or other developmentally appropriate pre-kindergarten program or transitional first grade program. Such students may be included in Funded Fall Membership upon enrollment in the regular Kindergarten program.

Dual Enrollment Students

A school division may include students who participate in a dual high school/college enrollment program in its Funded Fall Membership (reference Informational Supts. Memo No. 58, dated March 8, 1989). However, no membership credit is permitted if the student is not counted on any school division's teacher register (i.e., if the student is a full-time college student but not yet a high school graduate).

Reporting Partial Full-Time Equivalent (FTE) Students

In certain cases, only partial full-time equivalent (FTE) students are to be included in Funded Fall Membership. Specifically, membership credit is only counted for the portion of the year in which a student was included on the rolls.

Reporting students enrolled in a virtual program delivered by an approved Multi-Division Online Provider (MOP)

A student should only be considered as part of a virtual program delivered by an approved MOP if more than 10 percent of the students enrolled in the online program are from outside the school division operating the program. Students who take virtual classes that are part of a division program that is internal to the division and that does not meet the definition of a MOP virtual program should be reported as MOP Flag = N.

Beginning Fall Membership

Non-Division MOPs

Resident students who do not attend a brick and mortar school within the serving division and non-resident students in a virtual program delivered by an approved MOP will have an Active Code of V. Students who are residents of the serving division who also take classes at a brick and mortar school within the serving division and enrolled in a virtual program delivered by an approved MOP have an Active Code of A. Both resident and non-resident students of the virtual program delivered by an approved MOP will have a MOP Flag = Y.

School divisions that contract with virtual programs offered by an approved MOP but do not enroll at least 10 percent non-resident students will not report any MOP students. The resident students taking virtual courses will have an Active Code of A or I as appropriate. The MOP flag will be N.

Division MOPs

At this time, only York County, Chesterfield County and Loudoun County have division-established virtual programs that are approved MOPs. Both the resident and non-resident students of these divisions who are enrolled in these virtual programs are considered MOP students if more than 10 percent of the students enrolled in these online programs are from outside the school division. Use an Active Code of V for non-resident students and Active Code A or I as appropriate for resident students. The MOP Flag will be Y in both cases.

Non-public School Pupils

Pursuant to §22.1-253.13:2 N., Code of Virginia, pupils who are either enrolled in a Non-public school or who receive home instruction **and** who attend classes in the public schools on a part-time basis may be included in Funded Fall Membership on a prorated basis. The current appropriation act allows any student who is enrolled in any mathematics, science, English, history, social science, vocational education, health education or physical education, fine arts or foreign language course to be counted in Funded Fall Membership. Each course taken by such a student will be counted as 0.25 of a student, up to a cap of 0.5 of a student for Funded Fall Membership reporting (pursuant to Item 139 A. 1. c. of Chapter 780, 2016 Acts of Assembly).

Pupils under Age 5

Pupils who were under the age of 5 as of September 30 of the current school year, including both non-disabled and disabled pupils, who are not enrolled in the regular Kindergarten program during the school year pursuant to §22.1-199 C., Code of Virginia (such as those enrolled in preschool, Headstart, and similar programs). However, do not include any students whose fifth birthday occurred between October 1 and December 31 of the current school year who are enrolled in the regular Kindergarten program after completing an appropriate readiness evaluation as provided in §22.1-199 C., Code of Virginia. Such students may be included in Fall Membership upon enrollment in the regular Kindergarten program.

The Entry Date for these students must be their first day of regular kindergarten AFTER completing an appropriate readiness evaluation. The Aggregate Days Present and Aggregate Days Absent must reflect only the days in regular kindergarten AFTER an appropriate readiness evaluation has demonstrated that attendance in these programs would educationally benefit these children (§22.1-199 C., Code of Virginia).

A military child who falls under the provisions of the Interstate Compact, who is under the age of five as of September 30th, who registered for or enrolled in a regular Kindergarten program in the sending state prior to transfer, and who continues to enroll in a regular Kindergarten program in a Virginia school division (§22.1-360 Article IV D., Code of Virginia) **should not be deducted**.

Students who have not turned five years old by September 30 of the current school year, have NOT completed an appropriate readiness evaluation as provided in §22.1-199 C., Code of Virginia and are enrolled in a regular kindergarten program should have an Kindergarten Readiness Assessment Flag of N.

- a private or nonprofit organization that enters into a contract with a local school board to provide online courses or programs through that school board to students who reside in Virginia both within and outside the geographical boundaries of that school division
- a private or nonprofit organization that enters into contracts with multiple local school boards to provide online courses or programs to students in grades K through 12 through those school boards
- a local school board that provides online courses or programs to students who reside in Virginia but outside the geographical boundaries of that school division (but ONLY IF more than 10 percent of the students enrolled in online courses are from outside of the division)
