Changes for the 2016-2017 school year are highlighted in yellow.

Student Record Collection – 2016 - 2017

General Information

To comply with the information and reporting requirements for report cards, and the performance indicators of the Every Student Succeeds Act (ESSA), the Department of Education has implemented a Student Record Collection System to consolidate and promote efficiency in processing multiple data collections.

Reporting Cycles

The SRC is collected four times a year:

- **Fall:** The Fall SRC submission should include student records from the first day of school up through October 1st. This data collection is primarily used to calculate Fall Membership as of 9/30. The Fall submission must also include records for students that were active on the previous End-of-Year submission.
- **Spring:** The Spring SRC submission should include student records up through March 31st. This data collection is primarily used to calculate the March 31st Average Daily Membership.
- **EOY:** The End-of-Year submission should include student records up through the last day of school. Note: The last day of school is a “logical” date and not a calendar date because of the variation in school calendars.
- **Summer:** The Summer submission should only include records for students that graduated during the summer session.

Individual Student Level Records

- Every student who depends on a public school division in Virginia for a free appropriate public education must be included in each student record collection. This includes all full-time and part-time students served in the division's schools as well as those the division has helped place in other public and private schools/centers regardless of how the placements are funded. Students in local or regional jails are reported by the division that serves the jail.
- One record per student per school per record collection EXCEPT when Grade Level Code, Kindergarten Half-Day Flag, GED Program Code, Tuition Paid Code, Non-public student FTE, or Primary Disability Code changes while still attending the same school. In these cases, a student MAY have more than one record per school per record collection.
- If a student has more than one record, only one record can be Active.

Compile your data for each student

- Include all required elements. Any element not required is optional. A tab character must be included for all optional, retired and filler elements. Any record that does not have the correct number of tab characters will FAIL the second of five first round validation checkpoints.

Student Record Collection – 2016 - 2017

- Any student who is receiving educational services that are in whole or in part being paid for with state or federal money must be included in the Student Record Collection.
 - Any student who receives educational services at a public school in Virginia OR who attends a private school where a Local Education Agency (LEA) pays the tuition should be reported.
 - In general, the school division (Serving Division) that provides the educational services to the student will submit a record(s) for the student. An exception to this rule is when Tuition Code 19 is used to report a student served in a non-membership school in another LEA. Only the LEAs, the School for the Deaf and Blind, and the Department of Juvenile Justice (formerly Correctional Education) report data to the Virginia Department of Education. If a student receives educational services from another source, then the division that is fiscally responsible for that student will report a record(s) for the student. **Note:** The LEAs' division numbers are all less than or equal to 218, the Department of Juvenile Justice's division number is 917. Therefore, if the Serving Division number is greater than 218 OR not equal to 917, the Responsible Division will report the record(s). If a student is receiving services from a State Operated Program (SOP), then the LEA is still responsible for reporting that student because SOPs do not report data to the Virginia Department of Education.
 - The record(s) of a student who is enrolled in a half-day program at a Governor's School, local Alternative Ed centers, regional Special Ed center, regional CTE centers, STEM Academies, or any other type of regional center or school should have the Governor's School or other type of regional center or school listed as the Serving Division and Serving School/Center.
 - When a non-resident student from a state outside of Virginia is served in Virginia, the Responsible Division is 888 and the Responsible School is the corresponding state code. The LEA in Virginia is the Serving Division.
- One record is due for each student at each school where the student has at least one day of membership. A student who entered and withdrew from several different schools during the school year will have one record for each school.
- **Exception:** All active, non-graduating students from the previous End-of-Year SRC should have a record on the Fall SRC. For the students who did not return to your division in the fall, a record with the appropriate Exit/Withdraw Code and Exit Date will be required. These students should be reported with Active Status Code = N. (See notes for Active Status Code element)
- **Exception:** A student, who completed the prior school year but did not report for the current school year by October 1, will also have one record on the current school year's EOY collection even though the record may not have an Entry Code or Entry Date and will show zero days of Aggregate Days Present and Aggregate Days Absent. These students should be reported with Active Status Code = N and an Exit Code/Exit Date. (See notes for Active Status Code element)

Student Record Collection – 2016 - 2017

- **Exception:** A student whose W880 Exit/Withdraw Code changed to W3xx, W4xx, W5xx, W650, or W7xx between the EOY submission and October 1 of the next school year, will have a “corrected” record on the current school year’s FALL collection even though the record may not have an Entry Code or Entry Date. The record must have an Exit Date prior to October 1. (See notes for Active Status Code element)
- **Exception:** A student, whose W9xx Exit/Withdraw Code changed to W3xx, W4xx, W5xx, W650, W7xx or W880 between the EOY submission and their expected return date, will have a “corrected” record on the current school year’s EOY collection even though the record may not have an Entry Code or Entry Date. The record must have an Exit Date. (See notes for Active Status Code element)
- **Exception:** One record per student per school per record collection EXCEPT when Grade Level Code, Kindergarten Half-Day Flag, GED Program Code, Tuition Paid Code, Non-public student FTE, or Primary Disability Code changes while still attending the same school. In these cases, a student MAY have more than one record per school per record collection. If a student has more than one record, only one record can be Active.
- **Exception:** A student, who returns to school after completing the 12th grade to take an SOL for verified credit, will also have a record on the Student Record Collection. These students should have a Grade Level Code = TT (Test Taker).

Data Format Guidelines

- **Flags:** If the data element name contains the word “flag”, an **N** for ‘no’ or a **Y** for ‘yes’ is required. Blanks will not be accepted. VDOE recommends setting the default value for all “flag” fields to **N**.
- **Codes:** If the data element name contains the word “code”, only a valid state assigned code or blank will be accepted. Please refer to the lists of valid codes for each of these data elements.
- **Implied Characters:** In the Student Record Collection, the percent sign (%) for Spec Ed Weekly Time % is implied. Enter 65 for 65%. The decimal point (.) for Non-public Student FTE is also an implied character. Enter 50 for .50.
- **Blanks:** Blanks must truly be blanks. Do not enter a zero or blank character space (i.e. hit the spacebar one time) when leaving a field blank.

Collect Data

- Collect the data within the division.
- Compile the aggregate data required on the Miscellaneous Web Data Collection Statistics.
- Use the File Layout to assemble a tab-delimited file of the student level data.

Student Record Collection – 2016 - 2017

Submit Data

- Log in to the Single Sign-On for Web Application Systems (SSWS).
 - Enter the data for the Miscellaneous Web Data Collection Statistics.
 - Upload the tab-delimited file of student records for the Student Record Collection.

Check SSWS for Pass/Fail notifications

- The status of the submitted student records file can be found on the Status Tracking page of the SSWS.
- Once the Student Record data is processed, a color-coded notification table on the Submit Data page will indicate whether the uploaded file passed or failed the five (5) validation checkpoints.
- These checkpoints are only related to the file layout. Any file with a FAIL indicator must be corrected and resubmitted. (Return to Step 1.)

View or Download the data edits from SSWS

- After the uploaded file of Student Record data passes the five validation checkpoints, the data elements for each record will be validated.
- Two types of errors could be generated. Fatal errors consist of erroneous data for the required elements and Warnings consist of questionable data for optional elements.
- Unless a Successful Upload Status is received in the Status Tracking table, all fatal errors must be corrected and resubmitted. (Return to Collect Data)

Download the Verification Report from SSWS

- After all the fatal errors have been corrected, resubmitted and the file is error free, the verification reports can be viewed or downloaded.
- **Note:** If tuition is paid to other LEAs, the SRC Financial Verification Report is dependent upon the data of those LEAs. Therefore, the SRC Financial Verification Report may not be accurate until all the data from those LEAs has been submitted.
- These reports should be reviewed very carefully. If inaccurate, the Miscellaneous Web Data Collection Statistics or the tab-delimited file of student record data must be corrected and resubmitted. (Return to Step 1.)
- If the reports are correct, a signed copy of the signature page(s) must be faxed to 804-530-4516. If there are any identified errors at this point, the entire Student Record Collection file must be corrected and resubmitted. (Return to Step 1.)

Student Record Collection – 2016 - 2017

As defined by the Individuals with Disabilities Act of 1997

Disability types are used for students who are eligible for services under the Individuals with Disabilities Education Act (IDEA) and who have Individualized Education Programs (IEPs). "Individualized Education Program" means a written statement for a child with a disability that is developed, reviewed, and revised in a team meeting in accordance with the Regulations Governing Special Education Programs for Children with Disabilities in Virginia. The IEP specifies the individual educational needs of the child and what special education and related services are necessary to meet the needs.

Codes for Primary Disability

Listed below are the state-approved Disability Codes. The numeric code must be used for this element.

More descriptive definitions for each Disability Code are posted at:

http://www.doe.virginia.gov/data_collection/student_record_collection/index.shtml

▲ **Disadvantaged Status Flag**

Required: FALL, SPR, EOY, SUM, STI, DEC1 **Format:** alpha **Maximum Length:** 1

The Disadvantaged Status Flag identifies the student as economically disadvantaged if the student: 1) is eligible for Free/Reduced Meals, or 2) receives TANF, or 3) is eligible for Medicaid, or 4) identified as experiencing Homelessness.

The student's Disadvantaged Status is 'as of any point in the school year' and for the duration of that school year. If the student is identified as experiencing homelessness at any point during the school year, the student is automatically identified as Disadvantaged and is also eligible for the Free and Reduced Meals Program. Although it is well within the scope of the division to store the homeless status in their Student Information Systems, it is only the division's homeless education liaison that should coordinate the benefits for the student. This change in eligibility is outlined in Superintendents Memo Regulatory #5, available at:

http://www.doe.virginia.gov/administrators/superintendents_memos/2005/req005.html

Codes for Disadvantaged Status Flag

N = Student is not identified as Disadvantaged

Edit checks for Disadvantaged Status Flag

- If Y Fall, then must be identified as Disadvantaged on Spring (this is a Warning)
- If Y Spring, then must be identified as Disadvantaged on EOY

Notes:

- In many cases, the Disadvantaged status is determined after 10/1 (after the Fall SRC submission). Because of this, the edit to check Disadvantaged Status from Fall to Spring is a Warning. The Disadvantaged Status should remain the same once it has been determined for the current school year and should not change from Spring to EOY.
- Free/Reduced Meals applications are not collected in schools participating in the Community Eligibility Program (CEP). Students in CEP schools are identified as economically disadvantaged based primarily on direct certification data. This information is outlined in [Superintendent's Memo #104-14: Identification of the Economically Disadvantaged Subgroup for Title I Accountability Under the Community Eligibility Provision](#). Students identified as eligible for Medicaid and students identified as experiencing Homelessness will continue to be identified.

The Initial Primary Nighttime Residence Code identifies the primary nighttime residence when the student was identified as a homeless child or youth at any point during the current school year. It is the responsibility of the local homeless education liaison to ensure the recording and reporting of the type of primary nighttime residence at the time of identification.

As defined by McKinney-Vento Homeless Education Assistance Act, Title VII, Part B, Sec. 725, (2)

The term 'homeless children and youths' —

(A) means individuals who lack a fixed, regular, and adequate nighttime residence (within the meaning of section 103(a)(1)); and

(B) includes —

(i) children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement;

(ii) children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings (within the meaning of section 103(a)(2)(C));

(iii) children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and

(iv) migratory children (as such term is defined in section 1309 of the Elementary and Secondary Education Act of 1965) who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described in clauses (i) through (iii).

Although it is well within the scope of the division to store the Initial Primary Nighttime Residence Code in their Student Information Systems, it is the Homeless education liaison who should coordinate the benefits for the student.
- Initial Primary Nighttime Residence is defined as the type of residence (e.g., shelter, hotel, doubled-up in the home of a relative or friend) where a homeless child or youth was staying at time of enrollment or type of residence where a currently enrolled child or youth was staying when he or she was identified as homeless.
