

CTE NEEDS YOUR EXPERTISE

Help prepare the workforce of tomorrow

Career and Technical Education (CTE) annually conducts various course reviews to ensure students attain knowledge for high-demand, high-skill, and high-wage careers.

Business and industry participation on a curriculum review committee helps to:

- ♦ determine what technical knowledge and employability skills students require in order to meet workforce expectations in a global economy;
- ♦ identify classroom equipment and workforce credentials that meet industry standards; and
- ♦ increase the pool of high school graduates who successfully transition to further education and entry into the workforce or military service.

To participate, select from the list of curriculum review committees on the next page and email your contact information and choice to CTE@doe.virginia.gov or call 804-225-3119.

2017-2018 Curriculum Review Committees

▶ AGRICULTURE, FOOD & NATURAL RESOURCES

- ◆ Cybersecurity in Agricultural Education October 10, 2017
- ◆ Agricultural Production Technology October 19, 2017
- ◆ Applied Agricultural Concepts October 23, 2017
- ◆ Ecology and Environmental Management November 2, 2017
- ◆ Biotechnology Foundations in Agricultural Education November 30, 2017
- ◆ Equine Management February 1, 2018
- ◆ Small Engine Repair February 22, 2018

▶ EDUCATION & TRAINING

- ◆ Introduction to Early Childhood, Education, and Services AND Early Childhood, Education, and Services I/II September 14, 2017
- ◆ Military Science I/II/III/IV/V/VI/VII/VIII September 21-22, 2017

▶ HEALTH SCIENCE

- ◆ Medical Assistant I/II October 17, 2017
- ◆ Sports Medicine/Athletic Training I/II October 24, 2017

▶ HUMAN SERVICES

- ◆ Nutrition and Wellness September 28, 2017
- ◆ Introduction to Family and Human Services AND Family and Human Services I/II October 12, 2017
- ◆ Nail Technician I/II October 13, 2017
- ◆ Cybersecurity in Family and Consumer Sciences November 9, 2017
