SUBJECT: CTE Month and National School Counseling Week Celebrated in February

February is CTE Month and the theme is "[Recognizing Classroom Innovators](#)." Also celebrated in February is National School Counseling Week, February 2-6. You are invited to join educators throughout the nation highlighting the tremendous impact school counselors have helping students achieve school success and planning for a career. For information on National School Counseling Week please see [Superintendent's Memorandum #09-15](#), dated January 23, 2015.

We encourage you to take this opportunity to recognize the school counselors in your division and continue to build and strengthen the collaboration between CTE and school counselors so that our students will be better informed about the benefits of CTE courses and programs. For more information and resources to recognize school counselors please visit the [American School Counselor Association](#) Web site.
