

## 2012 Summer Residential Governor's Schools (SRGS) A Guide for Public and Private School Administrators

The 2012 Summer Residential Governor's School (SRGS) selection process is consistent with the mission of the Virginia Department of Education (VDOE) to provide eligible students in the Commonwealth fair and equitable access to programs and services. The process continues to provide representation in the SRGS to students throughout the Commonwealth from public school divisions and accredited private schools. All guides, parent and student information, applications, and school nomination forms are available at the following Web address:

[http://www.doe.virginia.gov/instruction/governors\\_school\\_programs/summer\\_residential/index.shtml](http://www.doe.virginia.gov/instruction/governors_school_programs/summer_residential/index.shtml)

The administrative guide has been developed to assist counselors and others who are working with current sophomores or juniors who wish to apply for any of the Summer Residential Governor's Schools. The guide outlines the specific process for the summer programs from prenomination through completion of the summer program. To assist schools and counselors through this process, the VDOE has established specific VDOE deadlines (Attachment A) and has recommended deadlines for divisions to use to facilitate submission of student information through the VDOE's Single Sign-on Web System (SSWS). Public school divisions' gifted education coordinators and private school regional coordinators act as the primary VDOE contacts for all information and submission of student nominees. Please refer to Attachment B for the names and contact information of the private school regional coordinators and a listing of private schools by region.

In reviewing the VDOE deadlines, divisions and private school regional coordinators should establish their own deadlines for the submission of the various parts of the applications. Each division and private school regional coordinator is encouraged to provide the school counselors in the division or private school with information and deadlines regarding the application process and meeting dates and locations.

Because many schools do not have school-based gifted education teachers, the secondary school counselor is a vital person in the application process. He or she may be the one person in the building with access to the required records and who also knows the student. Students should consult the school counselor throughout the process and honor all deadlines established by the counselor.

### **There are three types of applications.**

**Please have students use the appropriate application of the corresponding program.**

**Academic Application** – complete this application for the Agriculture program, the Humanities program, and the Math, Science, and Technology program

**Mentorship Application** – complete this application for the Life Sciences and Medicine program and the NASA/NIA and Virginia Institute of Marine Science (VIMS) programs

**Visual and Performing Arts Application** – complete this application for all of the subcategories of the Visual and Performing Arts program (dance, instrumental music, theatre, visual arts, and vocal music)

## Definition of Terms

Applicants	Students are classified as applicants throughout the school and division's selection process.
Nominees	Applicants are classified as nominees if their applications are selected by the division's selection committee to be submitted to the VDOE.
Gifted Education Coordinator	The designated contact person within the division who is the final authority within the division for problem solving with the VDOE.
Private Schools	Each private school submitting applications for the regional nomination process must be accredited by one of the approved accrediting constituent members of the Virginia Council for Private Education ( <a href="http://www.vcpe.org">www.vcpe.org</a> ).
Private School Regional Coordinator	The designated contact person within the Private School Region who is the final authority within the Region for problem solving with the VDOE.
Visual and Performing Arts Programs	The visual and performing arts programs available for students include dance, instrumental music, theatre, visual arts, and vocal music.

### 1. DISSEMINATION OF INFORMATION

- Each division's gifted education coordinator and each private school administrator is encouraged to provide all high schools with information regarding the application submission process. Each division and private school should establish and publicize local dates for the submission of applications within the school or division.
- The Governor's School process begins as **tenth- and eleventh-grade students** return to school. Schools must publicize information about the Summer Residential Governor's Schools to all tenth- and eleventh-grade students and may not restrict information about the program to students enrolled in advanced classes or those recommended solely by teachers.
- Each public school must not discriminate upon the basis of religious conviction, race, gender, age, national origin, disability, or parent/guardian occupation.
- Public school divisions are responsible for the local share of the tuition costs for any student enrolled in a public school who is nominated. The local share for the school division is based on its current ability-to-pay composite index, not to exceed 50 percent of the tuition cost for the respective program. The remainder of the cost is paid with state funds.
- Private schools are responsible for 50 percent of the tuition cost for the respective program. The remainder of the cost is paid with state funds.
- Each private school may select applicants for the SRGS programs. **It is important that accredited private schools wishing to participate in the programs contact the regional coordinator as soon as possible to confirm their intentions to participate.**

**NOTE:** Students whose parent or legal guardian resides in Virginia and who attend private schools outside of the Commonwealth may also be nominated for Virginia's Summer Residential Governor's Schools if they meet all other eligibility requirements. Such students must contact Donna Poland, specialist for Governor's Schools and gifted education, in the Office of Standards, Curriculum, and Instruction at [Donna.Poland@doe.virginia.gov](mailto:Donna.Poland@doe.virginia.gov), or at 804-225-2884, for more information.

## **2. CRITERIA FOR ELIGIBILITY**

Schools must provide an application to any student who meets the eligibility criteria listed below. Schools are strongly encouraged to review the selection criteria with students and to assist them in recognizing the competition they face at the state level. The following criteria must be met for a student to be eligible for consideration for the Governor's School program as indicated:

- In the **academic programs and the mentorship programs**, a student must be identified as gifted. The *Regulations Governing Educational Services for Gifted Students* (8VAC20-40-40, Screening, referral, identification, and service) define the areas in which students may be identified as gifted. Submission of a nominee not meeting this first criterion constitutes identification and placement of that student from this point forward in the school division's gifted education program. If a student has been identified through the local division identification process, the score on the achievement or aptitude/ability measure used in the identification process may be used as one of the two required norm-referenced tests, regardless of the age of the student when the test was taken. The second required score must come from a norm-referenced achievement or aptitude/ability measure administered within the past three years. For a list of suggested measures and publishers, please refer to Attachment C.
- In the **visual and performing arts (VPA)** programs, a student must be identified as gifted in an arts area (8VAC20-40-40, Screening, referral, identification, and service). If a school does not identify and serve students gifted in the arts, any student who meets one of the criteria listed below for the VPA program may apply. In addition, each applicant must participate in the adjudication process in January as scheduled by VDOE.

A student may meet any one of the following criteria to be eligible for the VPA program:

- Rank at or above the 80th percentile on recent standardized test measures, or
  - Possess a C average for the last grade completed, or
  - Have a letter of commendation from a teacher who feels the student would qualify if not for an unusual situation or circumstance.
- A student must be neither a current applicant to a 2012 Governor's Foreign Language Academy or other Summer Residential Governor's School, nor a former participant in these programs. **A student may attend only one Foreign Language Academy or Summer Residential Governor's School program during his or her high school career.**
  - A student who participates in one of the 19 Academic-Year Governor's Schools or who has participated in one of the 20 Summer Regional Governor's Schools **MAY** apply.
  - A student must be genuinely interested in attending the Governor's School and have the emotional maturity, stability, and self-discipline to live away from home for an extended period.
  - A student must be eligible for a free, public education in the Commonwealth of Virginia.

#### **4. ADJUDICATION PROCESS for VISUAL AND PERFORMING ARTS APPLICANTS**

##### ***Submitting Applicants for Adjudication***

All VPA applicants **must** participate in the state-sponsored adjudication process. Adjudication sites and dates are provided in Attachment D for public schools and Attachment E for private schools. Adjudication quotas and VPA nominee quotas for public schools are provided in Attachment F. Students may adjudicate in only one art area and must be nominated for adjudication by their school division or private school representative.

*For Public School Divisions:* The information in Attachment F is designed to allow each public high school **one set of five** adjudicants for the first 1,000 students enrolled in the tenth and eleventh grades (one student each for visual art, dance, instrumental music, vocal music, and theatre), and an additional set of five for each 1,000 students or part thereof. If a public school or public school division does not fill one or more of the available slots in an arts discipline, it may **not** substitute students from other arts disciplines into those slots.

*For Private Schools:* Each private school may select one adjudicant in each art discipline (visual art, dance, instrumental music, vocal music, and theatre) for a total of five adjudicants. If a private school does not fill one or more of the arts disciplines, it may **not** substitute students from other arts disciplines into those slots. For VPA nominees, a private school must submit its selected nominees to the regional coordinator; regional quotas are provided on Attachment B.

Public gifted education coordinators and private school counselors or designees provide the adjudication director with the names of applicants in each art discipline on the Applicant Report for Site Adjudication form, available online at the following Web site:

[http://www.doe.virginia.gov/instruction/governors\\_school\\_programs/summer\\_residential/index.shtml](http://www.doe.virginia.gov/instruction/governors_school_programs/summer_residential/index.shtml).

Online submissions must be received by November 30, 2011.

The following information must be provided by the November 30, 2011, deadline:

- Advance notification of transportation plans that require students to be scheduled at adjacent times (e.g., several students carpooling from the same private school, or schools/regions that provide transportation for students).
- Advance notification of scheduling conflicts such as district band competitions that require students to be scheduled at specific times or on a date other than the one assigned to the private school.
- Requests for large percussion instruments to be provided at the specific adjudication site.

It is the responsibility of the division's gifted education coordinator or the private school counselor or designee to insure that all information required by the adjudication director is delivered on time. Neither the adjudication director nor the VDOE may be held responsible for student information that does not arrive or arrives late.

##### ***Scheduling Adjudication Appointments***

The adjudication director will schedule all adjudication appointments. If an adjudicant has a known school-related conflict that cannot be rescheduled, the division's gifted education coordinator or the private school counselor or designee must indicate this on the Applicant Report for Site Adjudication form online. The adjudication director will mail a listing of the applicants' scheduled appointments to the division's gifted education coordinator or the private school counselor or designee. In that mailing, the division's gifted education coordinator or the private school counselor or designee will also receive individual student letters regarding adjudication appointments, a campus map, and other materials to be copied and distributed to each applicant.

**Information is not mailed directly to students.**

Applicants must notify their division's gifted education coordinator or the private school counselor, or designee, in advance, if they know they will be unable to attend the adjudication. The school counselor or designee will then notify the adjudication director if an applicant is unable to attend the scheduled adjudication. Applicants will be rescheduled at the adjudication director's discretion.

The hosting university is responsible for the adjudications at all three sites. It reserves the right to charge a cancellation fee of \$25 for each student who fails to attend his/her scheduled state adjudication appointment, without rescheduling prior to or immediately after that date. The cancellation fee will allow the university to recoup expenses for the professional and support staff, and facilities needed for the students scheduled to adjudicate at each site.

For information and specific questions with respect to adjudication procedures, requirements, and sites e-mail:

**rugovschool@radford.edu**

### ***Make-up Appointments***

Applicants who qualify for a make-up adjudication appointment must notify the division's gifted coordinator or the private school contact by the Monday immediately after the scheduled adjudication. The division's gifted coordinator or private school contact must notify the adjudication director no later than the following Wednesday.

To qualify for a make-up adjudication appointment, an applicant must be excused for the missed appointment for one of the following reasons: (a) medical illness documented by written excuse from a physician; (b) family emergency as documented by written excuse from parent or guardian; (c) inclement weather documented by a letter or e-mail from the school counselor or designee; or (d) unforeseen school-related conflict documented by a letter or e-mail from the sponsor. The adjudication director will reschedule appointments at a subsequent location or by videotape. The adjudication director will send videotaping instructions to the school counselor or designee, if applicable.

### ***Adjudication Scores***

The adjudication director will mail the two completed yellow adjudication forms to school counselors or designees postmarked no later than January 31, 2012. Two adjudication scores for each applicant are required in order to complete student applications for consideration by the regional selection committee. **Student applications must include these two yellow sheets for consideration at the state level.** Adjudicators are encouraged to double check computations for accuracy; school counselors or designees are encouraged to check the scores as well.

## **5. SCHOOL SELECTION PROCESS**

### ***Committee Process***

Each secondary school may select applicants for the academic programs, mentorships, and visual and performing arts. The school division's gifted education coordinator, according to the needs of the division, determines the number of applicants a school may submit to the division's selection committee. These applicants become part of the division's applicant pool from which nominees will be selected.

Each school may convene a committee to consider applicants from the school. Schools should consider including secondary school counselors, educators and/or professionals knowledgeable in each of the academic program disciplines, and persons with expertise/experience in gifted education on its selection committee. Each school sends the completed, original application (with attached documentation of test scores, grades, and level of course difficulty) for each applicant to the school division's selection committee according to the schedule established by the division's gifted education coordinator. Transcripts and other supporting documentation not specifically required in the application should not be sent to VDOE with the nominee's original application.

## **6. DIVISION OR REGIONAL SELECTION PROCESS**

### ***Number of Nominees***

The number of nominees a public school division may submit is determined by the VDOE based on the enrollment of eligible students in the school division. Attachment G provides the number of nominees a division may submit to the VDOE for the following groups:

- Total academic and mentorship nominees (humanities; life sciences and medicine; mathematics, science and technology; or mentorships), and
- A separate total of nominees for agriculture.

The maximum number of nominees allowed per division is based on enrolled **ninth- and tenth-grade students from the September 30<sup>th</sup> enrollment date of the prior year**. The number of nominees a private school can submit is determined by region and quotas are provided on Attachment B.

### ***Committee Process***

Each public school sends the completed, **original** application for each applicant to the division's selection committee. Private schools send their applications to their appropriate regional coordinator. The selection committee must receive applications by the deadline established by the division or regional coordinator. After receiving applications from each participating school with the test score, course, and grade information attached to each application, the selection committee determines its nominees.

The VDOE suggests that the selection committee consist of secondary school counselors, educators and/or professionals knowledgeable in the academic program disciplines, and persons with expertise or experience in gifted education. The members of the selection committee should represent as many of the schools submitting applicants as possible and should include administrators or teachers who have knowledge about the Governor's Schools.

Attachment H, Scoring Guidelines, provides guidance on evaluating student career highlights, essay, and teachers' narratives. Selection of nominees should be based on the applicants' ability to handle the academic components of the program, understanding of the program expectations, social and emotional maturity, and genuine interest and willingness to participate fully in the program. Nominees should be broadly representative of the racial and gender composition of the division.

### ***Completing the Application***

The selection committee must determine the total score for each applicant by using the appropriate scoring form for the program. Forms are available online at the following Web site:

[http://www.doe.virginia.gov/instruction/governors\\_school\\_programs/summer\\_residential/index.shtml](http://www.doe.virginia.gov/instruction/governors_school_programs/summer_residential/index.shtml)

Applications received by the VDOE with incomplete scores will be returned to the division's gifted education coordinator for completion. The student will not be considered for any program until all scoring is complete and the application is resubmitted.

Each student's application should also indicate the names, titles, and schools of the selection committee members and other signatures to be indicated on the Division/Region Signatures form. This form is also available at the previously provided Web site. The gifted education coordinator's statement acknowledges that the student's attendance and discipline records have been reviewed and that the nominee is worthy to represent his or her school division.

Each private school and school division must maintain a copy of a completed application for each nominee. These applications may be requested by the VDOE or by the director of the Governor's School if the student is selected to attend. **Copies should be retained until August 17, 2012.**

All decisions of the selection committee are final. The VDOE does not have jurisdiction over the decisions made at the local level.

## **7. NOMINEE SUBMISSION PROCESS**

### ***Ranking the Nominees***

Once the selection committee has identified its nominees, those nominees must be ranked in one collective ranking system, except for VPA nominees. In other words, all nominees for AG, HUM, LSM, MST, NASA/NIA, and VIMS form one ranking pool, separate from visual and performing arts (VPA) nominees. In the case of multiple students with the same score, the committee must assign a different rank to each student. **Students may share the same score, but not the same rank.** Similarly, all VPA students are ranked collectively, regardless of art discipline. **Students may share the same score, but not the same rank.** Ranking is required to enter students into the Nomination Report in SSWS.

### ***Submitting the Nomination Report***

Nomination information will be submitted to the VDOE via a specific Web site. Gifted education coordinators should contact their school division's Single Sign-On for Web Systems (SSWS) account manager for access. Only authorized users will be able to open the 2012 Summer Residential Governor's School Nominations Report. The VDOE cannot give public school personnel this access; it may only come from the school division's SSWS account manager. Private school regional coordinators will receive their SSWS authorization from VDOE. The Nomination Report form will be available on Friday, January 27, 2012, at the following Web address: <https://p1pe.doe.virginia.gov/ssws>

The first page of the application, which must be electronically entered by the student to ensure accuracy and legibility, includes all student information needed to complete the SSWS nominations report. The first SSWS screen, after successful login, will show the quotas for all programs. These totals will adjust automatically as students' program choices are entered. Users should click on the "Add Nominee" button to start entering student data. The user will be notified when he or she attempts to nominate a student where the quota has been filled or where the rank has been duplicated. Users will have the ability to edit or delete data for nominees after they have been entered.

The program also includes a block on non-Virginia ZIP codes. If the student's address does not include a valid Virginia ZIP code, the student's information will not be accepted by the nomination program. Such student's eligibility will need to be confirmed at the local level and a valid Virginia address will be required before the program will accept the nominee.

Once **all nominee information, including VPA, academic programs, and mentorship nominees, has been entered**, the user should click on "Verification Report," shown on the screen's left blue bar. This report requires Adobe Acrobat® to be read.

Users should save the verification report to their computers, print a copy, and have it signed by the division superintendent or private school regional coordinator. The verification report must be printed after all nominees are entered in order to indicate the correct number of students for whom the division or private school is guaranteeing tuition. Divisions indicate, through the signed verification report, that **they are guaranteeing tuition for all public students nominated.** Tuition is guaranteed by private schools through the Head of School Tuition certification form (see Attachment I). The nomination report is instantaneously transmitted to the VDOE. The second and subsequent pages of the verification report list pertinent information about its nominees that has been transmitted to the VDOE. If the user has an interruption in the online submission process, submission of the data will not be lost. Further information and specific step-by-step instructions will be sent via e-mail to all coordinators by January 20, 2012.

### ***Submitting Applications to VDOE***

The coordinator mails originals of the applications for the selected nominees along with the signed verification report to the VDOE. Only materials required by the VDOE will be accepted. Transcripts, student résumés, and pictures should not be included in the submitted application.

**IN ORDER TO BE CONSIDERED, all materials must be submitted in the student order indicated on the verification report and be postmarked on or before February 24, 2012. NO EXCEPTIONS WILL BE MADE. SUBMIT ORIGINAL COMPLETED APPLICATIONS TO THE FOLLOWING ADDRESS:**

Summer Residential Governor's Schools  
Office of Standards, Curriculum, and Instruction  
Virginia Department of Education  
101 North 14th St., Richmond, VA 23219  
OR

P.O. Box 2120, Richmond, VA 23218-2120

Schools shipping applications by a carrier other than the USPS must use the street address.

**IMPORTANT: Students whose applications were not sent forward for state-level consideration must be provided with written information from the division coordinator indicating that the student was not selected by the division to move forward to the state-level competition. Divisions may be asked to provide this list to the VDOE.**

### **8. VIRGINIA DEPARTMENT OF EDUCATION SELECTION PROCESS**

The VDOE receives and processes all required materials **postmarked by February 24, 2012**. Final selection for the academic program participants is made by the VDOE and the program directors and will be based on the strength of the student's application, ranking, needs of the program, and any guaranteed place requirements for school divisions.

Final selection for mentorship participants is made by the program and/or site directors and mentors, based on the strength of the student's application, program needs, and the availability of mentors. No school division or private school region is guaranteed that a student will be accepted into a mentorship.

**NOTE:** Each public school division is guaranteed one representative in an academic program or mentorship. However, due to the limited number of mentorships, a division that submits nominees only for mentorship programs may not be represented in the 2012 program.

### **9. VIRGINIA DEPARTMENT OF EDUCATION NOTIFICATION PROCESS**

**Each nominee will be sent a letter regarding his or her application status by mid-April 2012.** Prior to the mailing of letters to all nominees, the gifted education coordinator for each division will receive a status list indicating "invited," "alternate," or "declined" status for individual nominees. At this point, all students are listed as "invited," "alternate," or "declined." Gifted education coordinators are welcome to share this information with the nominees. Each student's letter will be sent directly to the home address indicated on the nomination report and nominee's application.

Because the gifted education coordinator is the primary contact for the VDOE, personnel from individual public schools are welcome to contact their gifted coordinator for information on specific nominees.

## **10. PAYMENT PROCESS**

Public school divisions and private schools will be invoiced in late May for students who have accepted the invitation to attend as of May 24, 2012. Divisions may receive a revised invoice after the first day of the program, indicating students who declined or accepted after the May invoice. Only divisions with changes will receive revised invoices.

The following tuitions will be used to determine the school division's share of academic program costs, based on the locality's ability to pay composite index:

<b>Program</b>	<b>2012 Tuition</b>
Agriculture (AG)	\$2,000
Humanities (HUM)	\$1,742
Life Sciences and Medicine (LSM)	\$2,667
Mathematics, Science, and Technology (MST)	\$1,472
Mentorships in Engineering and Marine Science (NASA/NIA or VIMS)	\$2,947
Visual and Performing Arts (VPA)	\$1,832

Some programs may charge an activities fee to students to cover extracurricular activities; students requiring financial assistance should notify the program director upon receipt of the institution's acceptance paperwork in May or June. School divisions may or may not elect to cover any activities fees. Fees may range from \$50 to \$175 depending on the specific extracurricular activities selected for that summer.

## **11. PROCESS COMPLETION**

Copies of applications must remain on file until August 17, 2012. At that time, applications should be shredded.

The **PSAT** is the Preliminary Scholastic Aptitude Test, given twice a year, generally on the second Tuesday in October, when it serves as the National Merit Scholarship Qualifying Test (NMSQT) and then on Saturday of that week as just the PSAT. Students may register by mail or online and must be in the eleventh grade to qualify for the NMSQT.

The **PSSS** is the same as the PSAT/NMSQT test given only in the spring of the ninth and/or tenth grade. The scores from this test are not used as qualifiers for the National Merit competition. The cost per student is slightly less than the PSAT. It is administered on any date the school chooses.

The Scholastic Aptitude Test, **SAT**, is given on selected Saturdays throughout the year. Students may register by mail or online. This is the test used by most east coast colleges and universities as an entrance criterion.

## Attachment H Scoring Guidelines

### GUIDELINES FOR RATING STUDENTS' ACTIVITIES, RESEARCH AND HONORS

Students have been instructed to be very specific with regard to the explanation of their activities, honors, recognitions and organization names in this section.

A student should be given 1 or 2 points for each **activity** sponsored by regional, state, or national organizations that support his/her field of interest. One point should be awarded for membership in these activities with a second point awarded for leadership and/or elected office in the activities or organizations. **Only three activities within the past three years may be counted.**

A student should be awarded 1 or 2 points for each **research/study experience** related to his/her field of interest. One point may be awarded for topics and studies that are limited to assignments that are regular parts of the student's curriculum. A second point may be awarded for outstanding accomplishment within the study, completion or pursuit beyond the course requirements, or submission/presentation of the study to a competition, or other activities as deemed appropriate by a majority of the committee. **Only three research/study experiences may be counted.** Virginia Junior Academy of Science (VJAS) or International Science and Engineering Fair (ISEF) experience must be documented for NASA/NIA and VIMS applicants.

A student may receive 1 or 2 points for up to three **honors or recognitions** they have received based on the criteria established by the local committee.

Record the scores in Part I of the Academic Scores form, available at the following Web site:

[http://www.doe.virginia.gov/instruction/governors\\_school\\_programs/summer\\_residential/index.shtml](http://www.doe.virginia.gov/instruction/governors_school_programs/summer_residential/index.shtml)

### GUIDELINES FOR RATING APPLICANT SPEECHES/ESSAYS

The rubric is provided as guidance for the scoring of student essays. Students have a choice of three essay prompts and all essay prompts are equally valued. The rubric provided is based on the Standards of Learning writing rubric. The maximum score for each essay is 6 points per reader. The score is composed of Composition (4 points) and Mechanics (2 points). Scores must be recorded as whole numbers, with the lowest of 0-1 and the highest of 6.

COMPOSITION	0 – 1	2	3	4
Central Idea	Missing	Unclear	Weak	Strong
Elaboration	Unclear	Seldom	Some	Appropriate
Organization	Lacking	Random	Lapses	Logical
Unity	Absent	Many digressions	Some digressions	Unified
Voice	Silent	Absent	Weak	Controlled
MECHANICS	0	1	2	
Sentence Structure	Weak	Some variety	Varied	
Usage	Incorrect	Some incorrect	Consistently correct	
Mechanics	Incorrect	Some incorrect	Consistently correct	

Evaluators are asked to record the scores for each reader in Part II of the Academic Scores form.

### GUIDELINES FOR RATING TEACHERS'/ADULTS' NARRATIVES

1. The division coordinator may appoint a reading committee to score the teachers'/adults' narratives. This committee can be the same one used to score the applicants' essays.
2. Reader(s) should assess each teacher's/adult's impression of the applicant and assign a score for each narrative between 1 (low) and 6 (high) based on the following scale:
  - **6 pts.** This student **demonstrates superior skills and understanding** of all of the following behaviors: ability to work cooperatively and meaningfully in groups; openness to diverse and new experiences; goals for academic growth; creativity; and intellectual and social maturity.
  - **4 - 5 pts.** This student **demonstrates excellent skills and understanding** in most of the following behaviors: ability to work cooperatively and meaningfully in groups; openness to diverse and new experiences; goals for academic growth; creativity; and intellectual and social maturity.
  - **3 pts.** This student **demonstrates adequate skills** in most of the following behaviors: ability to work cooperatively and meaningfully in groups; openness to diverse and new experiences; goals for academic growth; creativity; and intellectual and social maturity.
  - **2 pts.** This student **demonstrates moderate skills** in the following behaviors: ability to work cooperatively and meaningfully in groups; openness to diverse and new experiences; goals for academic growth; creativity; and intellectual and social maturity.
  - **1 pt.** This student **demonstrates few skills** in any of the following behaviors: ability to work cooperatively and meaningfully in groups; openness to diverse and new experiences; goals for academic growth; creativity; and intellectual and social maturity.
3. Record the scores in Part III of the Academic Scores form.
