

What *is* rigor? (pre-discussion)

Write a brief definition of what “academic rigor” means to you. Provide one or more examples that you feel illustrate what rigor would look like for students in a middle school science classroom.

What *is* rigor? (post-discussion)

Write a brief definition of what “academic rigor” means to you. Provide one or more examples that you feel illustrate what rigor would look like for students in a middle school science classroom.
