

Holistic Review of Technology Usage

Item 137.H

The Department of Education is directed to holistically review the statewide use of technology in the classroom and all sources of digital content development, and online learning such as virtual courses and innovative blended learning language and literacy technology options. The review shall include, but not be limited to, various types of technology currently used in the classroom such as personal computers, tablets, laptops, or other hand held devices, and how any such technology are used and coordinated with the various types of digital content or on-line options that support student academic improvement. The Department of Education shall report its preliminary findings to the Chairmen of the House Appropriations and Senate Finance Committees by November 1, 2017.
