

XI. **PRICING SCHEDULE:** For each assessment offered, using a minimum of 5,000 units (tests or students as stated in the proposal) STATEWIDE per year, the required information and pricing per year must be provided, using the table layout below. The unit price in column E may be in addition to a fixed price entered in column D or instead of a fixed price in column D. If only a unit price is offered, "0", should be entered in column D. If only a fixed price is offered, "0" should be entered in column E. DOE will evaluate price based on the amount entered in column F (final fixed price + (the unit price * 5,000)). A school division who chooses to use the contract for a given year would actually pay the final fixed price + the final unit price times the number of tests actually administered. For example, in column 1, enter the attachment number for the assessment for which you are indicating a price. The first number listed in column 1 will be "3," as attachment numbers 1 and 2 are not related to the specific assessments being offered. No other pricing schedule will be accepted.
