*from Crib to Kindergarten A Guide to Your Child's Development* © is a wheel of information for parents and individuals working with young children. It provides guidelines of growth and development in children from the ages of one month to 60 months. The wheel is a helpful tool in raising the awareness of developmental milestones and age appropriate abilities. Developed under the auspices of the federal preschool grant, it is hoped that this product will assist groups in their early childhood activities and assist Virginia school divisions in their Child Find efforts. (Each wheel is 6.5 inches in diameter and made of durable card stock.)
