

Standards
Of School Nursing Practice

STANDARDS OF PRACTICE
NASN 2000

- Reflect the values and priorities of the profession
- Provide direction for professional practice
- Specific to the specialty of school nursing
- Communicate the role and mission of school nursing to other disciplines
- Define the practice to the larger community
- Are the norms by which school nursing practice is measured

Standards of Practice
NASN/ANA 2005

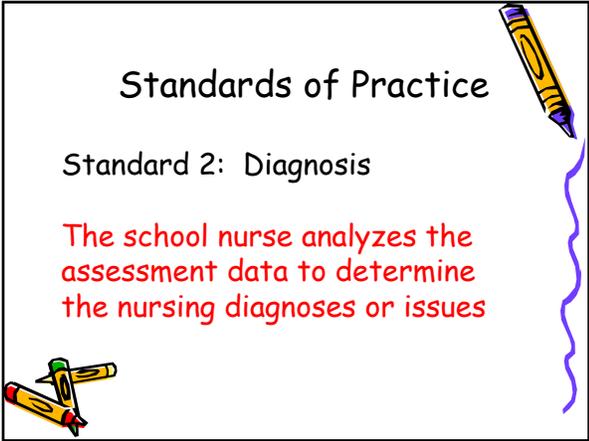

Standard 1: Assessment

The school nurse collects comprehensive data pertinent to the client's health or the situation.

Standards of Practice

Standard 2: Diagnosis

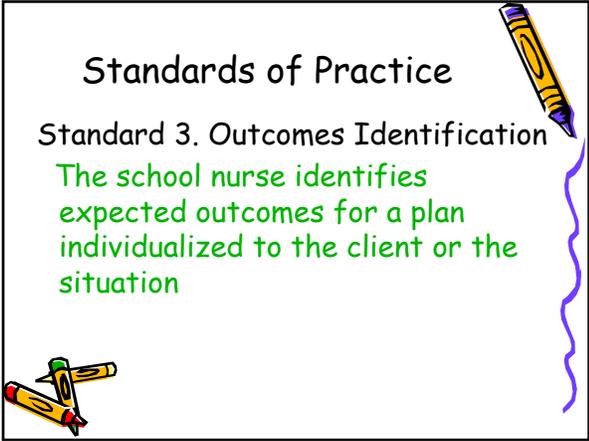

The school nurse analyzes the assessment data to determine the nursing diagnoses or issues

Standards of Practice

Standard 3. Outcomes Identification

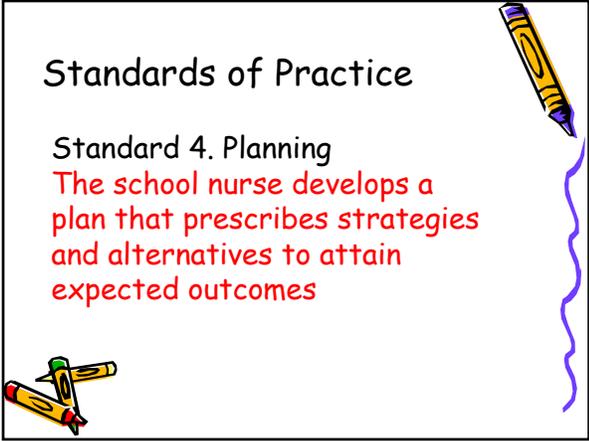

The school nurse identifies expected outcomes for a plan individualized to the client or the situation

Standards of Practice

Standard 4. Planning

The school nurse develops a plan that prescribes strategies and alternatives to attain expected outcomes

Standards of Practice

Standard 5: Implementation
The school nurse implements the identified plan

Standards of Practice
