

Innovating teaching Engaging students

Join us on the Apple Learning Tour

More than ever, teachers are using digital content to create interactive, engaging experiences for their students. Which means students can connect to subject matter and demonstrate knowledge in exciting new ways. Come to the Apple Learning Tour to see how Apple's mobile devices and rich content ecosystem makes learning more relevant and more personal.

Here's what you'll experience:

- Explore a wide variety of digital content, including education apps, interactive iBooks Textbooks, and the amazing repository of free learning resources and courses on iTunes U.
- Discover powerful content creation tools from Apple that provide students with deeper, more meaningful ways to apply their learning.
- See what it's like to be a student in a digital classroom through innovative, hands-on activities created by an Apple Distinguished Educator.
- Get an introduction to a one-to-one framework based on best practices learned from schools and districts worldwide.

Don't miss this opportunity to see how the latest education content and content-creation tools are revolutionizing the classroom.
