## Goal
Begin implementing your 1-to-1 program, involving each stakeholder accordingly in the onboarding process.

Call to Action
What are your initial steps for rolling out your 1-to-1 program? What are your longer-term goals? How will you emphasize to students the importance of making safe, responsible, and respectful decisions from the start?

LATER

NOW

☐ **Incorporate**

Incorporate digital literacy and citizenship lessons into your short- and long-term planning. For inspiration, visit our Scope & Sequence (www.commonsense.org/educators/scope-and-sequence)

Resources: **Planning Calendar**

☐ **Help**

Help families manage students' use of their devices outside of school. Bring them up to speed with your school's policies. Encourage them to establish their own guidelines around using media and technology at home.

Resources: **Family Media Agreement** | **Customizable Device Contract**

☐ **Familiarize**

Familiarize students with your school's 1-to-1 program. Equip them with the onboarding skills and resources they need to use their devices in enriching and responsible ways.

Resources: **Student Boot Camp**

☐ **Teach**

Teach students to care for and maintain their devices, and help remind them about ongoing upkeep.

Resources: **Care & Maintenance Posters**
