** Because VSEP is an alternative to the SOL tests and covers the same content, students who have been determined to be eligible for credit accommodations may use VSEP scores to qualify for locally awarded verified credits. However, the VSEP assessments do not provide scaled scores. The VSEP score ranges shown are comparable to Standards of Learning (SOL) test scaled score ranges of 375 - 399 and may be used to qualify eligible students for locally awarded verified credits under the guidelines established for the Standard Diploma with credit accommodations.
