At the kindergarten level, students will engage in a variety of oral activities in order to develop their understanding of language and enhance their ability to communicate effectively. Of primary importance is the development of phonemic skills that are the precursor for success in learning to decode words. Emphasis will be placed on having the students build and use listening and speaking vocabularies through participation in oral language activities employing poems, rhymes, songs, and stories. Students will learn rules for conversation and skills for participation in discussions. They will also learn how to formulate basic investigative questions.
K.1   The student will demonstrate growth in the use of oral language.
   a) Listen to a variety of literary forms, including stories and poems.
   b) Participate in choral speaking and recite short poems, rhymes, songs, and stories with repeated patterns.
   c) Participate in creative dramatics.
   d) Begin to discriminate between spoken sentences, words, and syllables.
   e) Recognize rhyming words.
   f) Generate rhyming words in a rhyming pattern.

STANDARD K.4   STRAND: ORAL LANGUAGE   GRADE LEVEL K

K.4   The student will hear, say, and manipulate phonemes (small units of sound) of spoken language.

a) Identify orally words that rhyme.
b) Identify words orally according to shared beginning or ending sounds.
c) Blend sounds orally to make words or syllables.
d) Divide one-syllable words into sounds (phonemes).
e) Divide words into syllables.

UNDERSTANDING THE STANDARD
(Required Notes)

- The intent of this standard is that students will focus on speech sounds in words and discern the phonemes of spoken language.
- This skill includes an understanding of the hierarchical concepts of sentence, word, syllable, and letter. Consequently, students need to demonstrate the ability to break down a sentence orally into individual words and to break down individual words into individual syllables.
- The level of complexity increases as students then isolate the initial and final sounds of a word. Isolating the medial sound is yet more complex. The most sophisticated skill is breaking the word into the individual phonemes that comprise it.
- Through many learning experiences with songs, rhymes, and language play, students will develop the ability to hear, say, and manipulate phonemes.
- The ability to segment and blend phonemes facilitates spelling and decoding.

ESSENTIAL UNDERSTANDINGS

All students should
- understand that words are made up of small units of sound and that these sounds can be blended to make a word
- understand that words are made up of syllables.

ESSENTIAL KNOWLEDGE, SKILLS, AND PROCESSES

To be successful with this standard, students are expected to
- focus on speech sounds
- identify a word that rhymes with a spoken word
- supply a word that rhymes with a spoken word
- break down a sentence into individual words
- break down a word into individual syllables by clapping
- recognize that a word breaks down into individual phonemes
- recognize how phonemes sound when spoken in isolation
- recognize similarities and differences in beginning and ending sounds (phonemes) of words
- determine the order of speech sounds (phonemes) in a given word by answering the following questions:
  - What is the beginning sound you hear?
  - What is the ending sound you hear?
- supply a word that has the same beginning or ending sound (phoneme) as a spoken word
- identify pictures of objects whose names share the same beginning or ending sound (phoneme)

FOCUS

At the first-grade level, students will continue to be immersed in a print-rich environment. Having developed a concept of word and letter-sound correspondence, students will now concentrate on learning and integrating basic phonetic principles, decoding words in isolation, using meaning clues, and employing language and sentence structure to read and substantially increase their sight-word vocabulary. By the end of the first grade, they should have a reading vocabulary of 300 to 500 sight words and be able to decode single-syllable words.

These concepts and skills will be learned through systematic explicit direct instruction, individual and small-group activities, and time spent exploring and reading books and other print material. Through reading decodable books, students will build fluency and automaticity in using their knowledge of phonetic principles and print to read. Reading and listening to both fiction and nonfiction texts will give students opportunities to respond to readings in group discussions and through writing and drawing. Through reading and rereading, the students will build fluency and vocabulary and will become independent readers. Students will learn to use their knowledge of alphabetical order by first letter to find the meanings of unfamiliar words in picture and simple word dictionaries.

**STAND: READING**  
**GRADE LEVEL 1**

1.5 The student will apply knowledge of how print is organized and read.
   a) Read from left to right and from top to bottom.

  - matching spoken words to print
- Identify letters, words, and sentences
- Differentiate between letters and words by:
  - recognizing spaces between words in sentences
  - locating capital letters in sentences
  - locating periods, question marks, and exclamation points, speech bubbles, and quotation marks
  - recognizing that a sentence starts with a capital letter and ends with a period, question mark, or exclamation point.
### STANDARD 1.6

The student will apply phonetic principles to read and spell.

**a)** Use beginning and ending consonants to decode and spell single-syllable words.

**b)** Use two-letter consonant blends to decode and spell single-syllable words.

**c)** Use beginning consonant digraphs to decode and spell single-syllable words.

**d)** Use short vowel sounds to decode and spell single-syllable words.

**e)** Blend beginning, middle, and ending sounds to recognize and read words.

**f)** Use word patterns to decode unfamiliar words.

**g)** Use compound words.

**h)** Read and spell common, high-frequency sight words, including *the, said,* and *come.*

### UNDERSTANDING THE STANDARD

**Teacher Notes**

- The intent of this standard is that students will continue to learn and apply phonetic principles to decode unfamiliar words.
- Students will learn to sound out words rather than rely on pictures and context as their primary strategies for decoding words.
- Students will segment and blend beginning and ending consonant sounds and vowel sounds to decode single-syllable words.
- Students will transfer their knowledge of word patterns to identify other words with the same pattern.
- **Onsets** are speech sounds (/b/, /j/, /s/, /p/) before a vowel. **Rimes** are the vowel and what follows (-ack). If a word begins with a vowel, it has only a rime. Many words are formed by combining onsets and rimes (*back, jack, sack, pack*). (Note: Students are not expected to know these terms.)

### ESSENTIAL UNDERSTANDINGS

- **All students should**
  - understand that knowledge of the sounds of letters can be applied to read or spell words.

### ESSENTIAL KNOWLEDGE, SKILLS, AND PROCESSES

**To be successful with this standard, students are expected to**

- apply knowledge of beginning and ending consonants and short vowels in single-syllable words by
  - recognizing beginning and ending consonant sounds
  - separating the sounds in a word
  - blending separately spoken phonemes to make a word
  - spelling words
- accurately decode unknown, orthographically regular, single-syllable words and nonsense words (e.g., *sit, zot*), using letter-sound mappings to sound them out
- apply knowledge of word patterns to decode unfamiliar words by
  - recognizing word patterns, such as CVC
  - using onsets and rimes to create, read, and spell new words that include blends, such as the *l* and *r* blends, and digraphs, including *ch, sh, th,* and *wh*
- use the vowel patterns CVC, VC, and CVCC to decode and spell single-syllable words
- use the vowel pattern CVVC to decode and spell some single-syllable words

### UNDERSTANDING THE STANDARD

(Year Notes)

- The intent of this standard is that students will use meaning clues to assist in developing an understanding of a text.
- Students will use pictures as well as the understanding of the story and topic to predict and check for meaning as they read.
- Students will use their knowledge of sentence structure (the order of words in a given type of sentence) when reading.
- Students’ knowledge of sentence structure will include understanding that a sentence is a complete idea, which has a subject and a predicate.
- Whenever meaning breaks down, students will reread and self-correct to regain meaning.
- Teacher-initiated activities will expand students’ language by introducing new vocabulary in the context of fiction and nonfiction print materials and trade books that reflect the Virginia Standards of Learning in English, history and social science, science, and mathematics.

### ESSENTIAL UNDERSTANDINGS

All students should
- understand that they will use a variety of strategies to read unfamiliar words.

### ESSENTIAL KNOWLEDGE, SKILLS, AND PROCESSES

To be successful with this standard, students are expected to
- use prior knowledge to interpret pictures
- use titles and pictures to make predictions about text
- use pictures to confirm vocabulary choice
- use knowledge of the story or topic to make predictions about vocabulary and text
- notice when words or sentences do not make sense in context
- recognize complete sentences when reading
- use intonation, pauses, and emphasis that signal the structure of the sentence when reading
- use clues of punctuation, including period, question mark, exclamation point, commas, and quotation marks, to guide their reading
- reread to confirm vocabulary choice
- reread and self-correct when text does not make sense.

As their knowledge of letter-sound correspondence and their sight-word vocabulary increases, they will be able to use these skills to put their ideas and thoughts on paper. Students need to be encouraged to write for real purposes by writing such things as letters, notes, signs, stories, and labels. At this level, students will concentrate on writing a complete simple sentence, using basic conventions. They will also begin to revise and edit selected pieces of their writing for a specific audience.

- Students will learn to use antonyms, synonyms, and descriptive language to explain and clarify ideas.
- Students will demonstrate an increase in vocabulary by giving and following three-step or four-step directions.
- Growth in oral language aids in the development of fluency, vocabulary, and comprehension.

### ESSENTIAL UNDERSTANDINGS

- All students should
  - understand that specific vocabulary helps explain and clarify ideas.

### ESSENTIAL KNOWLEDGE, SKILLS, AND PROCESSES

To be successful with this standard, students are expected to

- listen to and discuss fiction and nonfiction trade books and other print materials that reflect the Virginia Standards of Learning for English, history and social science, science, and mathematics
- use specific vocabulary from content study to express interests and knowledge
- use appropriate descriptive language to express ideas, opinions, and feelings
- use language to categorize objects, people, places, or events
- explain the meanings of words within the context of how they are used
- ask questions to clarify or gain further information
- recognize when two or more different words are being used orally to mean contrasting or opposite things
- recognize when different words are being used orally to mean the same or similar things
- use synonyms and antonyms in oral communication
- follow three-step and four-step directions
- give three-step and four-step directions

At the second-grade level, students will continue to be immersed in a print-rich environment. To decipher text, they will use what they have learned about phonemes, decoding, rhyming words, onsets and rimes, contextual clues, and the structure of sentences. Silent and independent reading will increase, with some parts of books read aloud for emphasis, clarification, or pleasure. When they read independently, students will understand and enjoy books that are considerably longer and more complex in plot, syntax, and structure. Students will read and reread to build fluency, which provides the bridge between word recognition and comprehension. Fluent readers are able to make connections among the ideas in the text and between the text and their background knowledge. Students will learn and apply the comprehension strategies of identifying main ideas, making and confirming predictions, and formulating questions about what they are learning across the curricula. Students will also use their knowledge of alphabetical order to locate information.
STANDARD 2.4  

The student will use phonetic strategies when reading and spelling.

a) Use knowledge of consonants, consonant blends, and consonant digraphs to decode and spell words.
b) Use knowledge of short, long, and r-controlled vowel patterns to decode and spell words.
c) Decode regular multisyllabic words.

At the second-grade level, students will continue to develop reading and writing together. They will be given daily opportunities to write and will be expected to revise selected pieces and share them with others. Students often pattern their writing after familiar authors. When students write stories and letters, the instructional emphasis will be on having a beginning, middle, and end. At the sentence level, they will be expected to begin to elaborate on their ideas and use basic conventions. They will also begin to apply written communication skills across all content areas.

FOCUS  STRAND: READING  GRADE LEVEL 5

At the fifth-grade level, students will become increasingly independent readers of a variety of literary forms. Strategies such as word analysis and the use of context clues and word references will help students increase fluency as well as comprehension. They will begin to read text critically in order to examine implied relationships and understandings, recognize how character and plot are developed, and formulate and justify opinions about the text. They will organize the information they extract from the text and represent their understandings on charts, maps, and graphs.
**STANDARD 5.4**

**STANDARD 5.4 STRAND: READING GRADE LEVEL 5**

5.4 The student will read fiction and nonfiction with fluency and accuracy.

a) Use context to clarify meaning of unfamiliar words.

UNDERSTANDING THE STANDARD
(Teacher Notes)

• Teachers will focus direct instruction on all three domains of writing:
  ° composing – the structuring and elaborating a writer does to construct an effective message for readers
  ° written expression – those features that show the writer purposefully shaping and controlling language to affect readers
  ° usage/mechanics – the features that cause written language to be acceptable and effective for standard discourse.
• Students will apply a process for writing, including planning, drafting, revising, proofreading, editing, and publishing.
• Good writing includes elaboration, i.e., use of descriptive details and examples, within sentences to give detail and depth to an idea and across paragraphs to continue the flow of an idea throughout a piece.

ESSENTIAL UNDERSTANDINGS

All students should
• use prewriting strategies to select and narrow topics
• compose with attention to
  ° central idea
  ° unity
  ° elaboration
  ° organization
• craft writing purposefully with attention to
  ° deliberate word choice
  ° precise information and vocabulary
  ° sentence variety
  ° tone and voice
• elaborate writing to continue the flow from idea to idea without interruption
• select vocabulary and tone with awareness of audience and purpose
• revise drafts for improvement, using teacher assistance, peer collaboration, and growing independence.

ESSENTIAL KNOWLEDGE, SKILLS, AND PROCESSES

To be successful with this standard, students are expected to
• use selected prewriting techniques, such as
  ° brainstorming
  ° webbing

At the eighth-grade level, students will plan, draft, revise, and edit narratives as well as informational, persuasive, and expository pieces with attention to composition and written expression. Students will continue the process of becoming independent with sentence formation, usage, and mechanics and understand that the conventions of language help convey the message from the writer to the reader. Students will use writing for expressive purposes and as a tool for learning academic concepts. They will use technology as available and appropriate.

UNDERSTANDING THE STANDARD  
(Teacher Notes)

- The intent of this standard is that students will become independent and proficient in composing a variety of types of writing.
- Teachers will focus direct instruction on all three domains of writing:
  - **composing** – the structuring and elaborating a writer does to construct an effective message for readers
  - **written expression** – those features that show the writer purposefully shaping and controlling language to affect readers
  - **usage/mechanics** – the features that cause written language to be acceptable and effective for standard discourse.

- **Elaboration** can occur by using descriptive details and examples **horizontally** within a sentence to give detail and depth to an idea, or **vertically** from paragraph to paragraph chronologically.

**GRADE LEVEL 8**

8.7 The student will write in a variety of forms, including narrative, expository, persuasive, and informational.

### UNDERSTANDING THE STANDARD

(Teacher Notes)

**Voice** shows an author’s personality, awareness of audience, and passion for his or her subject. It adds liveliness and energy to writing and allows the reader to know the writer’s ideas. Voice is the imprint of the writer – the capacity to elicit a response from the reader.

**Tone** expresses an author’s attitude toward the subject.

A writing process is nonlinear: returning to prewriting or drafting at any point in the process may help the writer clarify and elaborate the drafted piece.

Students will begin to assume responsibility for revising, proofreading, and editing their own writing.

### ESSENTIAL UNDERSTANDINGS

**All students should**

- understand and apply the elements of composing:
  - central idea
  - elaboration
  - unity
  - organization

- recognize and apply terms illustrative of tone, such as:
  - serious
  - sarcastic
  - objective
  - enthusiastic
  - solemn
  - humorous
  - hostile
  - personal
  - impersonal.

### ESSENTIAL KNOWLEDGE, SKILLS, AND PROCESSES

**To be successful with this standard, students are expected to**

- use written expression to draft and revise compositions with attention to:
  - voice
  - tone
  - selection of information and details
  - embedded phrases and clauses that clarify meaning and increase variety
  - vivid and precise vocabulary
  - figurative language
  - sentence variety
  - transitional words and phrases

- apply revising procedures, including:
  - rereading
  - reflecting
  - rereading
  - rewriting
  - including vivid vocabulary
  - combining sentences for variety and rhythm
  - providing transitions between ideas and paragraphs.
