Student E

How can they be equal?

First graders were working with the numbers 1 - 9.

- Emma chose two numbers and added them.
- Mike chose two numbers and subtracted them.
- They both ended with the same amount.

What numbers could Emma and Mike have used?

Show your thinking using pictures, numbers and/or words.

```
\[ \begin{array}{c}
00000 \\
\hline
1 + 5 = \underline{7} \\
\hline
00000 \\
\hline
\end{array} \]
```

\[ \begin{array}{c}
00000 \\
\hline
\times \underline{2} = \underline{5} \\
\hline
\end{array} \]
