

American Indian Practice Rubric

| Artifact Categories | Artifact Categorization | Artifact Justification | | | | Mechanics |
|--|--|--|--|---|--|---|
| | Yes/No (10) | Does Not Explain Artifact (0) | Barely Explains Artifact (12) | Adequately Explains Artifact (24) | Fully Explains Artifact (36) | |
| Clothing (Climate) Artifact | The artifact is correctly identified as clothing and is chosen for the correct region. | The explanatory card does not explain how the clothing artifact was used and does not relate its use to the region. There are no historically accurate justifications for this artifact being included in the exhibit. | The explanatory card does not adequately explain how the clothing artifact was used and relates its use to the region. There is one historically accurate justification for this artifact being included in the exhibit. | The explanatory card adequately explains how the clothing artifact was used and relates its use to the region. There are at least two historically accurate justifications for this artifact being included in the exhibit. | The explanatory card fully explains how the clothing artifact was used and relates its use to the region. There are at least three historically accurate justifications for this artifact being included in the exhibit. | Clearly written and easy to read; few if any errors 4 |
| | | | | | | Some grammatical errors that slow down reading at times 2 |
| | | | | | | Grammatical errors significantly inhibit reading 0 |
| Tools/Technology (Resources) Artifact | The artifact is correctly identified as a tool or source of technology and is chosen for the correct region. | The explanatory card does not explain how the tools/technology artifact was used and does not relate its use to the region. There are no historically accurate justifications for this artifact being included in the exhibit. | The explanatory card does not adequately explain how the tools/technology artifact was used and relates its use to the region. There is one historically accurate justification for this artifact being included in the exhibit. | The explanatory card adequately explains how the tools/technology artifact was used and relates its use to the region. There are at least two historically accurate justifications for this artifact being included in the exhibit. | The explanatory card fully explains how the tools/technology artifact was used and relates its use to the region. There are at least three historically accurate justifications for this artifact being included in the exhibit. | Clearly written and easy to read; few if any errors 4 |
