

Rich Mathematical Task – Kindergarten – *Picking Apples*

Name _____

Date _____

Picking Apples

Tom put 5 apples in a bag. Some of the apples were red, and some were green.

- How many red apples could be in the bag?
- How many green apples could be in the bag?

Show what Tom's bag of apples might look like. Could it look a different way?

Rich Mathematical Task – Kindergarten – *Picking Apples*

- How many green apples could be in the bag?

Show what Tom's bag of apples might look like. Could it look a different way?

S: Do I have too many?

S: I think I do.

T: How can you tell if you have too many?

S: I x'ed some off.
