Only those persons who have signed the School Division Personnel Test Security Agreement may participate in the administration of the Virginia Assessment Program tests to students.

## State-Approved Calculators and Guidelines

<table>
<thead>
<tr>
<th>Four-Function Calculator</th>
<th>Guidelines</th>
</tr>
</thead>
<tbody>
<tr>
<td>Any model that meets the criteria listed.</td>
<td>A four-function calculator that adds, subtracts, multiplies, and divides is allowed. The calculator may have +/- key(s), a square root key, and a percent key; it may not have fraction capabilities or a multi-line display. The calculator cannot provide information to a student through its display or formatting that may assist the student with content knowledge during testing.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Scientific Calculators</th>
<th>Guidelines</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>TI-30Xa Solar School Edition</strong>&lt;br&gt;<strong>CASIO FX-260 School</strong>&lt;br&gt;^This calculator should have a white faceplate. A yellow faceplate edition is not approved for use during testing.</td>
<td>A scientific calculator may not have fraction capabilities or a multi-line display. The “TI-30Xa Solar School Edition” and the “Casio FX-260 School” are unique versions of those calculators that have fraction keys disabled.</td>
</tr>
</tbody>
</table>

| Sharp EL-501W Series<br>Sharp EL-501V Series<br>Sharp EL-501X Series | A scientific calculator may not have fraction capabilities or a multi-line display. The Sharp EL-501W Series, EL-501V Series, and EL-501X Series calculators do not have fraction keys. The model numbers on these series of calculators may include additional letters that indicate the color of the calculator. For example, the Sharp EL-501W series includes EL-501WBBL. The annexed ‘BBL’ indicates the color of the calculator is blue. |
Calculators for Students with Disabilities

- Students with blindness or visual impairments may need calculators with large keys, buttons, displays, and/or talking capabilities in order to access the test. Calculators with these accessibility features are allowed on the Mathematics and Science tests that permit calculators as long as the calculator has the same mathematical capabilities as the state-approved calculators (refer to this table and the Hand-Held Calculator Guidelines). The IEP team/504 committee must determine the student's eligibility by using the revised Calculator Accommodation Criteria Form (available on the Virginia Department of Education Web page: www.doe.virginia.gov/testing/participation/index.shtml).

- Students using a calculator with talking capabilities must be tested individually or with headphones/earbuds so that other students are not disturbed.

- Students with disabilities may need calculators with additional mathematical capabilities and/or to use the calculator on the portion of a Mathematics test in which a calculator is not permitted. The IEP team/504 committee must determine the student's eligibility by using the revised Calculator Accommodation Criteria Form (available on the Virginia Department of Education Web page: www.doe.virginia.gov/testing/participation/index.shtml).

- For additional guidance, refer to the Testing Memo, Calculator Accommodation Criteria Form for Students with Disabilities Including Blindness or Visual Impairments.

- For more information, refer to the Testing Accommodations for Students with Disabilities.

Refer to the Appendix, Scientific Calculators with Accessibility Features and Additional Mathematical Capabilities, within the Calculator Accommodation Criteria Form, for guidance when considering using the calculators listed below:

- **SciPlus-2200VA**—large button and large screen scientific calculator.
- **SciPlus-2300VA**—large button, large screen, and talking scientific calculator.
- **Orion TI-30XS MultiView**—talking scientific calculator.
- **Orion TI-36X (discontinued)**—talking scientific calculator.
Guidance for Fall 2021 Regarding Providing a Hand-Held Calculator and/or Desmos Calculator for the Grades 3–8 Mathematics Growth Assessments administered within the Grades 3–8 Reading/Mathematics 2021–2022 Test Administration

1. For online Grades 5–8 Mathematics Growth Assessments, the Desmos Virginia calculator is provided within TestNav for the sections of the mathematics assessments in which a calculator is permitted. School divisions are permitted to continue to provide one of the hand-held calculators from the list of Approved Calculators for the Virginia Standards of Learning Assessments, in addition to the Desmos calculator provided within TestNav.

2. For paper Grades 5–8 Mathematics Growth Assessments administered to students with a documented need for a paper test, School Divisions may provide a hand-held calculator from the list of Approved Calculators for the Virginia Standards of Learning Assessments and/or provide access to the Desmos Virginia Calculator for the sections of the Mathematics Growth Assessments in which a calculator is permitted under the following specific conditions:
   • Access to the Desmos Virginia calculator must only be provided using the appropriate Desmos Virginia Calculator Training Center Test to ensure the student has access to the approved calculator and does not have access to other applications or the Internet while using the calculator.
   • A proctor must observe the test session to verify the student has not exited or closed the Training Center test to access other applications or the Internet rather than using the Desmos Virginia calculator.
   • Upon completion of the test, the proctor must sign a written statement indicating that the test was administered under the above conditions.

Three different Training Center tests are available in the PearsonAccessnext Training Center. Each Training Center test provides students secure access to a specific Desmos Virginia Calculator when logged in using a Training Center test ticket. No other mathematics content is presented in these tests, and students are not able to use other applications while logged into the Training Center test. The three different Training Center tests are:

![Test Assigned]

For additional information about how to setup Training Center tests, please refer to the Training Workbook under Support in PearsonAccessnext.

Guidance Continues on the Next Page
3. For students with disabilities eligible to use a state approved hand-held calculator on sections of the online or paper Grades 3–8 Mathematics Growth Assessments in which a calculator is not allowed, the IEP/504 Plan must specify whether to provide a hand-held calculator from the list of State-Approved Calculators for the Virginia Standards of Learning Assessments and/or to provide access to a Desmos Virginia Calculator during their mathematics test following the specific conditions provided in number 2 in this section.

**NOTES:**

The list of *State-Approved Calculators for the Virginia Standards of Learning Assessments* is located on the Virginia Department of Education website:

www.doe.virginia.gov/testing/sol/standards_docs/mathematics/index.shtml

If a student with a disability requires the use of a hand-held calculator other than those on the approved calculator list, the *Calculator Accommodation Criteria Form* must be completed and, if applicable, submitted to the Virginia Department of Education.
VIRGINIA ASSESSMENT PROGRAM

Before testing, the Examiner should become familiar with special testing accommodations specified in students’ IEPs, 504 Plans, or EL Assessment Participation Plans. Additionally, special testing accommodations may be provided to students with a documented temporary condition who do not have an IEP or 504 Plan. The Examiner should coordinate with the STC to determine how special testing accommodations will be provided during the testing session. Consult the resources listed below:

- Students with Disabilities: Guidelines for Assessment Participation
- Students with Disabilities: Guidelines for Special Test Accommodations
- Procedures for Determining English Learner Participation in the Virginia Assessment Program
- Guidelines for Administering the Read-Aloud Accommodation for Standards of Learning Assessments
- Explanation of Testing Accommodations for Students with Disabilities—Math Aids—Accommodation Code 19
- Explanation of Testing Accommodations for Students with Disabilities—Assistive Technology Accommodations
- Calculator Accommodation Criteria Form

These and other resources are located on the Virginia Department of Education website at:

www.doe.virginia.gov/testing/participation/index.shtml

Paper Test Format

All students are required to take the online version of the tests with the exception of students who meet one of the criteria for paper testing listed below:

- The student attends school in a location where a secure network connection or the required technology is not available to access an online test. Such locations include the following: special situations schools; homebound, residential, or hospital placement; night school or Governor’s school.
- The student requires an accommodation specified in his/her Individualized Education Plan (IEP), 504 Plan, or English Learner (EL) Assessment Participation Plan that is described in Appendix B as requiring a paper test (e.g., large-print test, braille test, brailler, and some instances of multiple test sessions).
- The student has a documented medical condition, such as a seizure disorder, where exposure to the testing device will aggravate the student’s condition.
- The student’s eligibility for paper tests has been established using the Documentation of Need for Paper Assessment form (available from the DDOT). The form documents that the use of paper tests is intended only to provide access to the assessments for the following students:
  - Students with disabilities who require other accommodations that necessitate a paper test.
  - Students with medical conditions that render them unable to take an online test.

The use of paper tests may not be permitted for the purpose of improving performance.
Additional materials required for testing accommodations

Some accommodations require additional materials and supplies for test administration. It is important to identify these materials or devices prior to testing. For example: Examiners conducting a paper test read-aloud administration MUST ensure that the test booklets used have IDENTICAL form numbers so that the Examiner and student(s) are viewing the same test items. Examiners conducting an online read-aloud administration for non-CATs should use a Proctor Testing Ticket on their own testing device to log in and access the identical online form number the student(s) are viewing on their testing device. Some special test accommodations require that the test administration be recorded (audio or audio and video recorded) or proctored; therefore, an appropriate recording device must be used. Students taking an audio test will require head phones (for online and paper tests) and a CD player (for paper tests). Other students may require magnification aids, spelling aids, math aids, a braille writer, a calculator, etc., depending on what is specified in the student's IEP, 504 Plan, or EL Assessment Participation Plan.
**VIRGINIA ASSESSMENT PROGRAM**

The accommodations listed below and explained on the following pages are available to eligible students with disabilities. Students with documented temporary conditions may use appropriate accommodations. Staff administering assessments with accommodations must be familiar with the information in this section.

Accommodations are commonly placed in the four categories noted below, and guidance for each of the accommodations is provided in the pages that follow.

|                           | ■ additional writing implements |
Timing/Scheduling Accommodations

The VAP tests are untimed, but ample time should be allotted for all students to complete the test prior to the end of the scheduled school day. Some students, for example, may be unable to concentrate for a long period of time, have short attention spans, or have a disability that affects stamina. Establishing breaks or scheduling the test over two or more school days may be appropriate for these students.

Before attempting a test, the student should be familiar with his/her specific test schedule and the time frame of his/her test (e.g., time of day, taking a test over multiple days, frequent breaks). Familiarity with the test schedule or time frame is best provided as part of regular instruction well in advance of the actual test administration.

■ Multiple Test Sessions
  Use accommodation code 1.

Students with disabilities who require multiple test sessions, when the test will be completed in two or more school days, may be administered a paper test. When administering a paper test, care must be taken to ensure that the student is exposed only to those test items in the portion of the paper test that he/she is attempting that day. Previously completed items and items not yet accessed must be sealed to prevent accidental exposure to the student.

The IEP team/504 committee may determine that it is appropriate for an individual student, with the Multiple Test Sessions accommodation, to take the online version of these SOL tests: Grades 3–5 Reading and Grades 3–7 Mathematics SOL tests.

- The SOL Grades 3–5 Reading and Grades 3–7 Mathematics SOL tests may be administered online over two days with the requirement that the student completes all of the first portion of the test on the first day and Exits the test at the Seal Code. The student must then finish all of the second portion of the test on the second day. The student may be provided with a break while completing either part, but the student must be supervised and test security must be maintained throughout the break. Refer to Testing Memos 1385 and 1386 for additional details when determining the appropriateness of administering these online tests to students who require the Multiple Test Sessions accommodation. Eligible students who are unable to complete these online tests as described must be administered a paper test.

NOTE: VDOE will notify DDOTs regarding the Multiple Test Session accommodation with the Growth Assessments in a separate communication.

NOTE: The short-paper component of the Writing assessment, whether administered in paper or online, must be completed in one school day and does not qualify for multiple test sessions; however, the student may be given breaks under secure conditions.

■ Flexible Schedule
  Use accommodation code 31.

Students with disabilities may receive adjustments to their test schedule to include:

Time of Day: The student is assessed during the time of day that is most appropriate for the student.

Order of Tests: The order of tests administered is based on what is most appropriate for the student.

Planned Breaks During Testing: Students who require breaks, but not multiple test sessions, must complete the test in one school day. The schedule for breaks must be determined prior to testing and be based on the routine use of scheduled breaks during classroom assessment. The Test Examiner and School Test Coordinator should work together to establish the procedure for notifying the student to begin and end a break during testing. Breaks are available for either online or paper tests. The break(s) must be supervised. Test security must be maintained at all times during the break(s). The student must not be allowed to discuss the test in any way, must not have access to any educational materials or electronic devices during the break(s), and must not disrupt other students who are continuing to test.

Also for test security, the student’s test materials must not be accessible or viewable by other students or by school personnel during the break(s). If the student is testing online, the student should either be Exited from the online test or, if the testing room will be securely maintained, the student’s screen could be turned off or covered prior to the break(s) to maintain test security. If the student Exits the test, his/her test must be Resumed on the Students in Sessions screen in PearsonAccessMax and the student must log back into
TestNav using his/her Student Testing Ticket. If the student's screen was turned off or covered and the student did not exit, the student must return to the same testing device to continue testing.

NOTE: The paper answer document does not list accommodation code 31. If this accommodation is used, this test code must be applied to the student's completed test record in PearsonAccessNext.

**Setting Accommodations**

Before attempting a test, the student should be familiar with the setting of his/her test (the location of the test administration, using special furniture, the lighting in the testing room). Familiarity with the test setting is best provided as part of regular instruction well in advance of the actual test administration.

- **Setting**
  - Use accommodation code 32.

Students with disabilities may receive adjustments to their test setting to include:

  - Location: The test is administered in an alternate location, to minimize distractions for the student, or the student is assessed in a non-school setting as determined by the IEP team or the 504 committee.
  - Adaptive or Special Furniture: The student is assessed using adaptive or special furniture, such as balance balls, cushions, or a raised desk surface.
  - Special Lighting: The lighting in the testing room may be modified based on what is most appropriate for the student.

NOTE: The paper answer document does not list accommodation code 32. If this accommodation is used, this test code must be applied to the student's completed test record in PearsonAccessNext.

**Presentation Accommodations**

Before attempting a test, the student should be familiar with how his/her test will be presented (e.g., using visual aids, read aloud, audio). Familiarity with the test presentation or test format is best provided as part of regular instruction well in advance of the actual test administration.

- **Written Directions Accompanying Oral Directions**
  - Use accommodation code 7, Test Directions Delivery.

The student may receive a copy of the bold, “SAY,” testing directions from the Examiner’s Manual (for online tests) or from the Supplement to the Examiner’s Manual (for paper tests). Prior to providing the directions to the student, the student’s copy must be reviewed by a second staff member to ensure all the SAY directions from the Manual are included. The non-bold directions that provide instructions only for the Examiner/Proctor should be removed.

NOTE: The paper answer document does not list accommodation code 7. If this accommodation is used, this test code must be applied to the student’s completed test record in PearsonAccessNext.

- **Specific Verbal Prompts**
  - Use accommodation code 20.

The Examiner is permitted to use specific verbal prompts to help students with disabilities remain focused on completing the assessment. The following statements are the only prompts that may be used with students during tests:

  - “Please continue with your test.”
  - “Keep working.”
  - “Keep going.”
  - “Focus.”
  - “Stay focused.”

The IEP Team or 504 Committee must select from these five phrases to choose the specific verbal prompt(s) which will be used. The specific verbal prompt(s) selected must be documented in the IEP or 504 Plan. All other verbal prompts must be approved by the Virginia Department of Education using the Special Assessment Accommodation Request form before the prompts are used on any tests.
The student must be assessed individually to ensure that other test takers are not distracted.

The test session must be recorded or proctored. Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C.

NOTE: The paper answer document does not list accommodation code 20. If this accommodation is used, this test code must be applied to the student’s completed test record in PearsonAccessnext.

■ Visual Aids

*Use accommodation code 4.*

Visual aids can include:

- Color overlays or tinted screens. A student may use only one blank color overlay. Prior to the assessment session, the Examiner and student must use practice tests to verify that the color overlay or the tinted screen does not obscure any shaded areas of online test items.

- Graphic organizers. A student may use a graphic organizer to organize content in response to a test item or in response to the prompt for the short-paper component of the Writing SOL test. The structure of the graphic organizer may not clue or guide the student in any manner. Graphic organizers must be blank and must not contain directions, words, letters, numbers, symbols, color coding, or text of any kind. Graphic organizer software must produce only blank templates that may be used electronically or in print and that must not contain directions, words, letters, numbers, symbols, color coding, or text of any kind. Template libraries, hyperlink functions, and access to the Internet must be disabled and the software must be used on a separate device from the online testing device. Testing staff must ensure the graphic organizer is not visible to other students. Individual testing or physical barriers between students may be used.

- Magnification. For test security, testing staff must ensure that assessment items are not visible to others. This may require windows to be covered and/or individualized testing.
  - Physical magnification devices, such as a magnifying glass or screen magnifier, which are placed over the display for visually impaired students may be used.
  - Electronic magnification devices, such as a closed-circuit television (CCTV), a large monitor, an interactive or electronic whiteboard, or a LCD projector which projects the assessment onto a large screen or board may be used by visually impaired students for magnification purposes only. These magnification devices must not save or capture any portion of the test or use software running concurrently with TestNav.

- Periodic Table of the Elements. A student may use a paper copy of the Periodic Table of the Elements with the online Chemistry SOL test. The Periodic Table of the Elements must be downloaded from the Virginia Department of Education website at: www.doe.virginia.gov/testing/test_administration/ancilliary_materials/science/2010/2010_sol_periodic_table.pdf
  Testing staff must ensure the Periodic Table of the Elements is not visible to other students. Individual testing or physical barriers between students may be used. After the test has been completed, the paper Periodic Table of the Elements must be collected with all other secure testing materials (Student Testing Tickets, scratch paper, etc.) and returned to the DDOT or securely destroyed per local instructions.

- Templates. A student may use a template (or mask) that is blank that allows a student to see one word, sentence, or line of print at a time. Markers may be used to allow the student to maintain his/her place. Use accommodation code 4 for a student who requires a paper test and the use of a mask or template.
  - Use of accommodation code 4 is not required for students taking an online test. The Line Reader Mask, Answer Mask, and Highlighter tools are available to all students taking an online test and are not considered accommodations.
  - Students may not hold a template or mask up to or over the testing device's screen.
  - Students taking online tests must receive prior practice using the Line Reader Mask, Answer Mask, and Highlighters tools on practice items using TestNav 8.

■ Amplification Equipment

*Use accommodation code 5.*

Amplification equipment, such as an auditory trainer or whisper phone, is available only to students with disabilities as documented in the IEP or 504 Plan. These accommodations must be administered in an individual session to ensure that other test takers are not distracted.
**Noise Dampening Equipment**  
*Use accommodation code 5.*

A student with a disability may wear noise dampening headphones, ear muffs, or ear plugs to reduce distractions while taking an assessment. The headphones, earmuffs, or ear plugs must be worn only after all Examiner instructions are completed and may not be connected (wired or wireless) to any music, phone, or other electronic device during the test session. The student will be provided the headphones, earmuffs, or ear plugs, but must put them on independently.

**Guidance for Hearing Aids with Internet-Connected Devices**

The *Hearing Aids with Internet-Connected Device Form* must be submitted to VDOE for students with disabilities who require hearing aids that allow a connection to an Internet-enabled device, such as a smart phone, during the administration of an assessment. The *Hearing Aids with Internet-Connected Device Form* does not need to be submitted for students with hearing aids that cannot be connected to an Internet-enabled device.

**Large-Print Test**  
*Use accommodation code 6.*  
*Available with paper tests only*

Large-print tests are available only to students who have a documented visual impairment. A copy of the large-print test is provided in regular print to the Examiner/Proctor administering the large-print test.

**Braille Test**  
*Use accommodation code 9.*  
*Available with paper tests only*

Braille tests are available only to students who have a documented visual impairment. A copy of the braille test is provided in regular print to the Examiner/Proctor administering the braille test. The current braille formats available for Virginia Assessment Program tests are listed in the following table:

<table>
<thead>
<tr>
<th>Content Area Test</th>
<th>English Braille American Edition (EBAE) with Nemeth</th>
<th>Unified English Braille (UEB)</th>
<th>Unified English Braille (UEB) with Nemeth</th>

</tbody>
</table>
Plain English Mathematics (2009 SOL) Test

Use accommodation code A.

The Plain English Algebra I (2009 SOL) test is only available to students with disabilities who previously passed an Algebra I class prior to Spring 2019 and need to retake the Plain English Algebra I (2009 SOL) test for verified credit to meet graduation requirements.

For students with disabilities, the Plain English Algebra I and Grade 8 Mathematics (2009 SOL) tests are available to those who demonstrate a need for linguistic simplifications as specified in their Individualized Education Program (IEP) or 504 Management Plan. See the document Students with Disabilities: Guidelines for Special Test Accommodations at:

http://www.doe.virginia.gov/testing/participation/index.shtml

For ELs, see the section, Testing Accommodations for English Learners, located in this Guide.

Guidance for Reading Tests Aloud—Information for all Assessments

The IEP or 504 Plan must include specific directions for the administration of the read-aloud accommodation. For example, a student’s accommodation may require the entire test to be read aloud or may require having words, questions, or sentences read aloud only when requested by the student.

- Unless otherwise specified in the student's IEP/504 Plan, the student will maintain control of the testing device. The student will respond to each test question and be responsible for all navigation and final submission of the test for scoring.
- When reading the test aloud, the Examiner must be careful not to lead the student to the correct answer by intonation or to repeat any part of the test that is not specifically requested by the student.
- The Examiner must only read the text contained within a graphic (diagram, chart, table, picture, map, or other art) exactly as written using a natural tone. It is not permissible to describe or interpret information contained in a graphic.
- The Examiner should be familiar with how to read test items to students. Examiners may use the PearsonAccess™ audio Practice Items to hear how tests should be read aloud and to practice reading types of test items.
- In order to provide the student multi-sensory stimulation, the student must be provided the regular print, large-print, braille, or online version of the test to follow along as the Examiner reads.
- Test items must be read in English.
- All read-aloud administrations must be recorded or proctored throughout the entire read-aloud test administration.

Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C.

- For more detailed information, refer to Guidelines for Administering the Read-Aloud Accommodation for the Standards of Learning Assessments at:

  http://www.doe.virginia.gov/testing/participation/index.shtml

Read-Aloud Accommodation on Mathematics, Science, History/Social Science, and Writing Assessments

Use accommodation code 10.

The read-aloud accommodation for Mathematics, Science, History/Social Science, and Writing assessments is allowed for students with disabilities as specified in the IEP or 504 Plan. Refer to the Guidance for Reading Tests Aloud—Information for all Assessments, located in this Appendix, for additional information.

Read-Aloud Accommodation on the Reading Assessment

Use accommodation code 14.

The read-aloud accommodation on the statewide Reading assessments is allowed only for students with a visual impairment, including blindness, and those students with a specific disability that severely limits or prevents them from decoding text at any level of difficulty as determined by a diagnostic tool or instrument that was administered by a qualified professional. Students with disabilities who are simply having difficulty reading text and/or are reading below grade-level are not allowed the read-aloud accommodation on the
NOTE: For the EOC Reading test, under certain circumstances, students with disabilities may receive the read-aloud accommodation (accommodation code 14) even though the student has not been determined as eligible by the school division according to the criteria required for the read-aloud accommodation on the Reading Assessment. To qualify, the student must meet all of the following criteria:

- the student is retaking the EOC Reading test, having failed the previous attempt(s) without using the read-aloud or audio accommodation; and
- the student's IEP/504 Plan lists the read-aloud or audio accommodation for other tests; and
- the student receives the read-aloud or audio accommodation in the classroom.

The read-aloud accommodation on the EOC Reading test will be considered a non-standard accommodation (accommodation code B). In addition to marking the student’s test with accommodation codes 14 and B, the test must be marked as retest on the Student Test Details screen in PearsonAccessmax.

NOTE: If a student passes the EOC Reading test using a non-standard accommodation, the student is considered to have passed for the purpose of earning a verified credit toward graduation.

---

Guidance for Creating an Online Read-Aloud Test Session

NOTE: The following guidelines do not apply to Computer Adaptive Tests.

Examiners who will be reading an online test aloud to students who require this accommodation will be given access to an online test to be viewed on the Examiner's testing device only, through the use of a Proctor Testing Ticket. This online test will not be scored or reported in the online system. Access to the test is being provided to allow the Examiner to read the questions and answer options to the student(s) on a testing device that is separate from the student's testing device. Directions for the DDOT and/or STC for creating read-aloud sessions are as follows:

- When creating the new test session, check the box for Proctor Reads Aloud. Select the appropriate Form Group Type Context (Regular, Expedited Retake, Term Grad), then select the appropriate Main Form Group Type.
- Select the Authorizations button to view the Proctor Testing Ticket. Selecting this button will display the Proctor Testing Ticket. This ticket should be printed on colored paper to differentiate it from the students' test tickets and kept secure until the day of testing. The Proctor Testing Ticket should be printed no more than 4 days prior to the start of a test session.
- The Proctor Testing Ticket is not valid until the test session is started, and it will remain active until the test session is stopped. Unlike the students' online tests, the Examiner may exit the test and log back into the test using the login information on the ticket without resuming the test. Because of this, Proctor Testing Tickets are highly secure materials and must be kept secure until the test session is in STOPPED status. It is imperative that read-aloud test sessions are stopped immediately after the test session is complete. All read-aloud administrations must be audio recorded or proctored.
- Student and Proctor Testing Tickets are generated based on the form group type designated when the session is created. ALL students in the session will receive the same form. Any student needing a form different from the rest of the session must be removed from the session and placed in a new test session set up with that form group type.
- Before or after the test is submitted, the Read-aloud Accommodation code must be applied to the student's test on the Student Tests Details screen. If the accommodation code is not applied, the test will be alerted.
- Refer to the information box in this section on the Guidance for Reading Tests Aloud—Information for all Assessments for additional guidance for the read-aloud accommodation.
Guidance for Creating an Online Session for the Read-Aloud Accommodation for Computer Adaptive Tests (CAT)

Test questions presented to students on a Computer Adaptive Test are selected by the computer based on the student's response to each question. Because the selection of items is customized for each student, an Examiner/Proctor test cannot be displayed on a separate testing device that would match the student's test. If the student requires a read-aloud administration of a Computer Adaptive Test, follow the guidance below for creating the student's session.

- The test must be administered individually.
- When creating the new test session, do NOT check the box for Proctor Reads Aloud. Select the appropriate Form Group Type Context (Regular, Expedited, Term Grad), then select the appropriate Main Form Group Type.
- A Computer Adaptive Test cannot be reviewed by the Examiner prior to the test administration. Examiners may use the Practice Items in audio format to hear how test items should be read aloud.
- Before or after the test is submitted, the Read-aloud Accommodation code must be applied to the student's test on the Student Tests Details screen. If the accommodation code is not applied, the test will not be alerted.
- Refer to the information box in this section on the Guidance for Reading Tests Aloud—Information for all Assessments for additional guidance for the read-aloud accommodation.

Guidance for Choosing the Online Audio Test Accommodation for Students with Disabilities Who Typically use the Read-Aloud Accommodation in the Classroom

School divisions are told that students should not use accommodations during testing unless they use the same accommodation during classroom instruction and assessments. Since it would be very difficult for school divisions to provide an online audio accommodation during instruction, the following guidelines provide clarification as to the circumstances under which a student could be provided with an online audio accommodation during testing.

- The IEP Team or 504 Committee must determine whether the read-aloud accommodation administered by a Test Examiner or the online audio accommodation is the more appropriate delivery method for online testing. It is particularly important that the parent agrees to the delivery method and that the decision is clearly documented in the IEP or 504 Plan.
- The online audio accommodation on the test may be provided to students who typically have a read-aloud accommodation during instruction or to those who use recorded media or text readers in the classroom.
- If the IEP Team or 504 Committee determines that the online audio accommodation is the more appropriate accommodation, the student should have practice with audio Practice Items available within TestNav.

- **Audio Accommodation on Mathematics, Science, History/Social Science, and Writing Assessments**
  - Use accommodation code 11.
  - The audio accommodation for Mathematics, Science, History/Social Science, and Writing assessments is allowed for students with disabilities as specified in the IEP or 504 Plan. Refer to the Guidance for Choosing the Online Audio Test Accommodation for Students with Disabilities Who Typically use the Read-aloud Accommodation in the Classroom, located in this Appendix.
  - In order to provide the student multi-sensory stimulation, the student must be provided the regular print (online or paper), large-print, or braille version of the test to follow along as the audio plays.

- **Audio Accommodation on the Reading Assessment**
  - Use accommodation code 15.
  - The audio accommodation on the statewide Reading assessments is allowed only for students with a visual impairment, including blindness, and those students with a specific disability that severely limits or prevents them from decoding text at any level of difficulty as determined by a diagnostic tool or instrument that was administered by a qualified professional. Students with disabilities who are simply having difficulty reading
text and/or are reading below grade-level are not allowed the audio accommodation on the statewide Reading assessments.

**NOTE:** For the EOC Reading test, under certain circumstances, students with disabilities may receive the audio accommodation (accommodation code 15) on the EOC Reading test even though the student has not been determined as eligible by the school division according to the criteria required for the audio accommodation on the Reading Assessment. The student must meet all of the following criteria:

- the student is retaking the EOC Reading test, having failed the previous attempt(s) without using the read-aloud or audio accommodation; and
- the student’s IEP/504 Plan lists the read-aloud or audio accommodation for other tests; and
- the student receives the read-aloud or audio accommodation in the classroom.

The audio accommodation on the EOC Reading test will be considered a non-standard accommodation (accommodation code B). In addition to marking the student’s test with accommodation codes 15 and B, the test must be marked as retest on the Student Test Details screen in PearsonAccessnext.

**NOTE:** If a student passes the EOC Reading test using a non-standard accommodation, the student is considered to have passed for the purpose of earning a verified credit toward graduation.

### Guidance for Online Audio Test Sessions

- Using the Proctor Caching functionality is strongly encouraged especially when delivering an audio form of the test. Proctor Caching allows test administrators to “pre-fetch” test content. This accelerates the delivery of test content to students and reduces the amount of bandwidth required for online testing. Because audio files consume a large amount of bandwidth, Proctor Caching should be used when delivering an audio test to a student. For details on downloading, installing, and using Proctor Caching, refer to the TestNav 8 Online Support page at:
  
  https://support.assessment.pearson.com/display/TN/ProctorCache+System+Requirements
  
  and
  

- The STC or designated technology representative should ensure that the online audio test is cached before the test session begins.

- The DDOT or STC may assign the online audio form to a student after the test session has been created. For directions on assigning the audio form, refer to PearsonAccessnext Online Support, located at https://support.assessment.pearson.com/x/BYDy.

- When administering the online audio version of a test, an audio player/tools will appear on the user’s screen. Students use the player/tools to play, pause, replay, advance the audio, and to control the volume and speed.

- Prior to testing, the student should have received practice with the audio player/tools by accessing SOL Practice Items within TestNav. Refer to the table Resources for Test Preparation in this manual for information.

- The student must select the forward button for each passage/question. Students may listen to a passage/question as many times as necessary.

- If several students will be tested using the online audio form in the same location, headphones must be provided for each of the students.

- If a student needs clarification of what was heard on the audio test, the Examiner may repeat or read anything on the screen that is requested by the student but with caution not to inadvertently disclose a response (e.g., reading numbers versus place values, etc.). The Examiner may not answer questions about the passages or test items, provide definitions, or explain test items for students.

- Using an online audio version of the test is a preferred method of oral presentation as it provides uniform administration statewide. The student should have instructional experience with similar electronic media players found on electronic devices. Unless the student has experience with using electronic media players, the online audio version of a test may place the student at a disadvantage.
Guidance for Interpreting/Transliterating (sign language, cued speech)—Information for ALL Assessments

Interpreters/Transliterator may be used for students who are deaf or have a hearing impairment and who have interpretation documented as an accommodation in their IEP or 504 Plan. The Interpreter/Transliterator may interpret/transliterate test directions, sample items, questions regarding the mechanics of testing directed to and answered by the Examiner, and test items. The student's IEP Team or 504 Committee should determine the best method to provide the student with hearing impairments or deafness access to assessment items. Interpreters/Transliterator for all tests:

- must participate in Examiner/Proctor training offered at the division or school;
- must read, understand, and agree to adhere to the School Division Personnel Test Security Agreement;
- may help prepare students for testing by interpreting practice items, released tests, or other materials designed for test preparation;
- may have access to the tests for review purposes 24 hours prior to the test administration as authorized by the DDOT. If the Interpreter/Transliterator requires access to an online test for review purposes, the DDOT must contact testing staff at the Virginia Department of Education for assistance. The pre-testing review must be conducted under supervision. NOTE: A Computer Adaptive Test cannot be reviewed prior to the test administration.

During testing, the Interpreter/Transliterator functions as the communication facilitator and must read each item to him/herself silently before interpreting/transliterating it to the student to ensure that the correct response is not inadvertently disclosed. The Interpreter/Transliterator must be careful not to lead the student to a correct answer by facial expression or by repeating any part of the test which is not specifically requested by the student. The Interpreter's/Transliterator's role and professional code of ethics prohibit answering questions directly or providing assistance in answering test questions. The test administration must be video recorded or proctored by an individual fluent in the type of interpretation/transliteration used. Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C.

- **Interpreting/Transliterating Test Directions (sign language, cued speech)** Use accommodation code 7, Test Directions Delivery.

  Testing sessions for students who are deaf or have a hearing impairment and who normally communicate in sign language or using cued speech may include a qualified interpreter or transliterator for testing directions or to interpret/transliterate questions answered by the Test Examiner. The Test Examiner must be present for the testing session and must read the test directions aloud as presented in the Examiner's Manual so that they can be interpreted/transliterated. The interpreter/transliterator should communicate sample test items that are read aloud as part of the test directions, and student questions should be directed to the Test Examiner.

- **Interpreting/Transliterating Mathematics, Science, History/Social Science, and Writing Assessments** Use accommodation code 12.

  The interpreting/transliterating accommodation for Mathematics, Science, History/Social Science, and Writing assessments is allowed for students who are deaf or have hearing impairments as specified in the IEP or 504 Plan. The test items may be interpreted/transliterated directly from assessments (paper or online formats) or from items read to the student by Test Examiners. The student's IEP Team or 504 Committee should determine the best method to provide the student access to assessment items. The test administration must be video recorded or proctored by an individual fluent in the type of interpretation/transliteration used. Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C.

- **Interpreting/Transliterating the Reading Assessment** Use accommodation code 16.

  Students who are deaf or have a hearing impairment may be considered by school divisions for the interpreting/transliterating accommodation on the Reading assessment because of difficulty hearing phonemes, which is a part of the decoding process. Eligibility must be determined by a diagnostic tool or instrument administered by a qualified professional. If a student who is deaf or hearing impaired is found eligible for the interpreting/transliterating accommodation because his/her hearing impairment severely limits the ability to decode text, the test would be administered through an interpreter if that student uses sign language as his/her method of communicating. The test administration must be video recorded or proctored
by an individual fluent in the type of interpretation/transliteration used. Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C.

If the student does not use an interpreter, but depends on speech reading in addition to audition for comprehension, the read-aloud accommodation should be done face-to-face and recorded or proctored. Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C.

Guidance for Creating an Interpreting/Transliterating Online Test Session

If the Interpreter/Transliterator is interpreting/transliterating an online test, the Interpreter/Transliterator will need access to the test on a separate testing device unless the test being administered is a Computer Adaptive Test (CAT). Follow the Guidance for Creating an Online Read-Aloud Test Session located in this Appendix in order to obtain a Proctor Testing Ticket for the Interpreter/Transliterator. If the Interpreter/Transliterator requires access to the test for review purposes, the DDOT must contact testing staff at the Virginia Department of Education for assistance.

Guidance for Interpreting/Transliterating a Computer Adaptive Test (CAT)

Test questions presented to students on a Computer Adaptive Test are selected by the computer based on the student's response to each question. Because the selection of items is customized for each student, an Interpreter's/Transliterator's copy of the test cannot be displayed on a separate testing device. If the student requires interpretation/transliteration services on a Computer Adaptive Test, follow the interpreting/transliterating guidelines in Interpreting/Transliterating Test Items (e.g., sign language, cued speech)—Information for ALL Assessments, located in this Appendix, as well as all of the following:

- The test administration must be administered individually.
- The test administration must be video recorded or proctored by an individual fluent in the type of interpretation/transliteration used. Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C.
- The student and the Interpreter/Transliterator must position themselves so that the student has access to the testing device and can see the Interpreter/Transliterator, and the Interpreter/Transliterator can see the test questions on the student's testing device.
- Unless otherwise specified in the student's IEP/504 Plan, the student will maintain control of the testing device. The student will respond to each test question and be responsible for all navigation and final submission of the test for scoring.
- A Computer Adaptive test cannot be reviewed by the Interpreter/Transliterator prior to the test administration. Interpreters/Transliterator may practice interpreting/transliterating test questions using the Practice Items for the specific test.
Response Accommodations

It is important to remember that even when accommodations are provided, all responses on the assessment must be generated by the student and not influenced by others. Before attempting a test, the student should be familiar with how he/she will be providing his/her response to test items/prompt (e.g., using a communication board, using an augmentative communication device, pointing). Familiarity with the response method is best provided as part of regular instruction well in advance of the actual test administration.

- **Enlarged Copy of Answer Document**
  
  *Use accommodation code 8.*
  
  *Available with paper tests only*

  If the student marks responses on an enlarged copy of the answer document (accommodation code 8), the student’s responses must be transcribed to the regular answer document by a school official. The regular answer document and the enlarged copy of the answer document must be verified by a second school official to ensure that no errors in the transcription occurred. The enlarged copy of the answer document shall be retained on file and secured in the office of the Division Director of Testing until the scores are received and verified and Authorization to Report (ATR) is approved for that test administration.

  NOTE: It is the school division’s responsibility to provide the enlarged answer document for the student.

- **Communication Board, Choice Cards**
  
  *Use accommodation code 13.*

  The communication board or choice cards must rest on the work surface and may not be held by the Examiner. The student must independently indicate the response on the communication board or choice cards. Student responses selected from a communication board or choice cards must be transcribed to the regular answer document or entered online by testing staff exactly as the student indicated. The student and the scribe must have previously used this method of communication during instruction. For online testing, practice items must be used so that both the student and the scribe are familiar with the level of communication required to complete the Technology Enhanced Items (TEI). The test administration must be video recorded or proctored. Follow the *Guidelines for Proctoring and/or Recording a Test Session* located in Appendix C. The student’s answer choices for paper or online assessments must be verified by a second school official to ensure that no errors in transcription occurred.

- **Examiner Records Responses**
  
  *Use accommodation code 18.*

  Students who are unable to respond to test items by marking a regular or enlarged copy of the answer document, or by selecting the answer online, may have an Examiner/Proctor record their responses. The student may mark in the test booklet, respond verbally, point, or otherwise indicate a response. The Examiner must transfer the student’s responses to the regular answer document or select them on the student’s testing device.

  If the student marks in his/her own test booklet, the answers must be transcribed onto the answer document. The answer choices in the test booklet and answer document must be verified by a second school official to ensure that no errors in transcription occurred. The student’s name should be clearly printed on the test booklet and the booklet returned with all other secure materials to Pearson. If a discrepancy is discovered after the division has returned its secure materials to Pearson, notify assessment staff at the Virginia Department of Education.

  The student may give the Examiner directions on how to respond to online TEI items by responding verbally, pointing, or otherwise indicating his/her answers. The student may ask the school official to perform tasks that may include:
  
  - writing on the student’s scratch paper;
  - using manipulatives;
  - completing each step of mathematical or scientific calculations, with or without the use of a calculator; and
  - manipulating TestNav features/tools.
If the student responds verbally, points, or otherwise indicates a response, the student must be assessed individually to ensure that other test takers are not distracted. The session between the student and the scribe must be recorded or proctored. Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C.

The student's responses for the assessment must be verified by a second school official to ensure that no errors in transcription occurred.

- **Brailler**
  **Use accommodation code 21, Response Devices.**
  **Available with paper tests only**

  Blind and vision impaired students may use a braille writer as scratch paper to take notes or complete calculations, to respond to the writing prompt of the short-paper component of the **Writing** test, or to record responses to multiple-choice questions on the tests. The braille writing device must not be connected to the Internet or the device's Internet access must be disabled during the test session. Some braille writing devices have features or capabilities beyond those which allow the student to produce written material in braille. Those additional features must be disabled during the test session. If the student requires the use of one of those features, and that feature is not equivalent to a tool that is allowed for all students (e.g. scratch paper), or does not meet the conditions of a specific accommodation provided in this section (e.g. graphic organizer), a Special Assessment Accommodation Request must be submitted to VDOE. For calculator software or a calculator app, a Calculator Accommodation Criteria Form must be completed and submitted with a Special Assessment Accommodation Request to VDOE.

  Student responses must be transcribed to the regular answer document by school personnel qualified to read braille. If a student has written his/her response to the **Writing** assessment with a braille writer and has used braille shorthand, the student must spell the English words. The regular answer document and brailled material must be verified by a second testing staff member qualified to read braille to ensure that no errors in transcription occurred. The brailled material shall be retained on file and secured in the office of the Division Director of Testing until the scores are received and verified and Authorization to Report (ATR) is approved for that test administration.

- **Word Processor or Word Processor with Speech-to-Text**
  **Use accommodation code 21, Response Devices.**
  **Available on the short-paper component of the Writing Assessment only**

  These accommodations allow students to use a word processor (software or a device) that may have speech-to-text capability to complete the short-paper component of the SOL **Writing** test. To be eligible for this accommodation, documentation must exist indicating the student uses a word processor (software or a device) with speech-to-text capability for written classwork. The student may use a hand-held “spell checker” or the spell checking capacity of the word processor, but the student must not be prompted to use it. The student may edit the short paper on the word processor or use a printed copy.

  **NOTE:** The format used (paper or online) for the short-paper component of the **Writing** test must be the same format used for the multiple-choice component. When using the online format, two separate devices must be made available to the student. The student must first use one device to log into TestNav using his/her Student Testing Ticket to access the prompt and the Checklist for Writers, and the other device will be used as a word processor to compose the short paper. This device must not be connected to the Internet or the device's Internet access must be disabled during the test session.

  **Word Processor or Word Processor with Speech-to-Text Guidelines:** If the speech-to-text capability of a word processor (software or a device) is used, the student must be assessed individually to ensure that other test takers are not distracted. Sessions involving speech-to-text must be recorded or proctored. Any automatic correction, thesaurus, or grammar check features of the word processor must be disabled.

  The student may enter his/her own short-paper response from the word processor (software or a device) to the regular answer document or into the online test's response area in TestNav. If appropriate, the student's short paper may be transcribed by testing staff from the word processor to the regular answer document or into the online test's response area in TestNav. If transcribed, the student's response must be verified by a second school official to ensure that no errors in the transcription occurred. The student's short paper must be deleted from the device used to compose the short paper; however, a paper or an electronic copy of the short paper must be securely stored (on a flash drive, CD, etc.) until the scores are received and verified and Authorization to Report (ATR) is approved for that test administration. The paper or electronic copy must then be securely destroyed. A document stating that the response to the writing prompt is entirely the student's work and that no “automatic correction, thesaurus, or grammar checker features” were used must be signed.
by the Test Examiner and Proctor (when present) and retained on file in the office of the Division Director of Testing until the scores are received and verified and Authorization to Report (ATR) is approved for that test administration.

If the session was recorded or proctored, follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C.

If transcription of the student responses is required, refer to the information box, Guidance for Transcribing Students’ Answers—Information for all Assessments, located at the end of this section.

**Guidance for Augmentative Communication Devices with Additional Features**

Some augmentative communication devices have features or capabilities beyond those which allow the student to respond. Those additional features must be disabled during the test session. If the student requires the use of any of those features, and that feature is not equivalent to a tool that is allowed for all students (e.g. scratch paper), or does not meet the conditions of a specific accommodation provided in this section (e.g. graphic organizer), a Special Assessment Accommodation Request must be submitted to VDOE. For calculator software or a calculator app, a Calculator Accommodation Criteria Form must be completed and submitted with a Special Assessment Accommodation Request to VDOE.

- **Augmentative Communication Device**
  
  *Use accommodation code 22.*
  
  When using this accommodation on the Writing assessment, use the guidelines below as well as the guidelines provided under the Dictation to a Scribe accommodation (accommodation code 25).

  To be an eligible accommodation, documentation must exist indicating the student uses an augmentative communication device for his/her written work. Only augmentative communication devices which produce student responses verbatim may be used.

  - The student must be assessed individually to ensure that other test takers are not distracted.
  - The format used (paper or online) for the short-paper component of the Writing test must be the same format used for the multiple-choice component.
  - The entire testing session must be video recorded or proctored. Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C.
  - When using the online format, two separate devices must be made available to the student. One device will be the testing device where the student will use his/her Student Testing Ticket to log into TestNav to access the multiple-choice component or the short-paper component of the test. The other device will be the augmentative communication device. This device must not be connected to the Internet or the device's Internet access must be disabled during the test session.
  - **Multiple-choice/TEI component of the Writing test**—prior to the assessment, the student and scribe should use the augmentative communication device to complete practice items which include TEI. Based on these practice sessions, staff may use the vocabulary software of the augmentative communication device to create preset word banks of ‘direction’ words which will allow the student to direct the scribe to complete TEI items. The word bank may include words such as ‘select,’ ‘drag,’ ‘drop,’ ‘up,’ ‘down,’ ‘right,’ ‘left,’ etc. Additionally, the student may use a preset template to select multiple-choice letter responses. The student may not have access to subject-linked vocabulary options within the augmentative communication device. The Examiner must record the student's responses on the student's testing device or paper answer document exactly as the student indicates. The student's responses must be verified by a second staff member to ensure that no errors in transcription occurred.
  - **Short-paper component of the Writing test**—the student may use the augmentative communication device to type the short paper using the QWERTY keyboard. The student may not have access to subject-linked vocabulary options of the augmentative communication device. The spell checking capacity of the augmentative communication device may be used, but the student must not be prompted to use it. If a word prediction feature is used, it must provide only single words (not phrases) triggered by the letters chosen by the student. The word options may not be linked by subject. The student may not use any automatic correction, thesaurus, or grammar check features. The student's typed or printed response to the writing prompt must be transcribed into the response screen of the online test or onto the paper answer document by testing staff.
Prior to submitting the test for scoring, the transcribed student's response must be verified by a second school official to ensure that no errors in the transcription occurred. The student's short paper must be deleted from the device used to compose the short paper; however, a paper or an electronic copy (flash drive, CD, etc.) of the short paper must be securely stored until the scores are received and verified, and Authorization to Report (ATR) is approved for that test administration. The paper or electronic copy must then be securely destroyed.

A document stating that the response to the writing prompt is entirely the student's work and that no “automatic correction, thesaurus, or grammar checker features” were used must be signed by the Test Examiner and Proctor (when present) and retained on file in the office of the Division Director of Testing until the scores are received and verified and Authorization to Report (ATR) is approved for that test administration.

Augmentative Communication Device

*Use accommodation code 22.*

*Use these guidelines when using this accommodation on Non-Writing assessments.*

To be an eligible accommodation, documentation must exist indicating the student uses an augmentative communication device for his/her written work. Only augmentative communication devices which produce student responses verbatim may be used.

- The student must be assessed individually to ensure that other test takers are not distracted.
- The entire testing session must be video recorded or proctored. Follow the *Guidelines for Proctoring and/or Recording a Test Session* located in Appendix C.
- When using the online format, two separate devices must be made available to the student. One device will be the testing device where the student will use his/her Student Testing Ticket to log into TestNav to access the test. The other device will be the augmentative communication device. This device must not be connected to the Internet or the device's Internet access must be disabled during the test session.
- **Multiple-choice/TEI component of a Non-Writing test**—prior to the assessment, the student and scribe must use the augmentative communication device to complete practice items which include TEI. Based on these practice sessions, staff may use the vocabulary software of the augmentative communication device to create preset word banks of ‘direction’ words which will allow the student to direct the scribe to complete TEI items. The word bank may include words such as ‘select,’ ‘drag,’ ‘drop,’ ‘up,’ ‘down,’ ‘right,’ ‘left,’ etc. The student must use the QWERTY keyboard to provide his/her response for ‘fill in the blank’ TEI. The student may use a preset template to select multiple-choice letter responses. The student may not have access to subject-linked vocabulary options within the augmentative communication device. The Examiner must record the student’s responses on the student’s testing device or paper answer document exactly as the student indicates. The student’s responses must be verified by a second staff member to ensure that no errors in transcription occurred.

Word Prediction Software

*Use accommodation code 21, Response Devices.*

*Available on the short-paper component of Writing Assessment only*

Students with disabilities may use word prediction/selection software on the short-paper component of the SOL Writing assessments. Word prediction/selection is defined as any software providing a student with a selection of single words from student-generated single or multiple keystrokes. For example, a student may type into the software the letter “p.” The software will provide the student with a list of single words starting with the letter “p” (e.g., “plane,” “plain,” “put,” “part,” “please”). It should be noted that word prediction/selection is limited to the software providing selections of single words and not phrases, grammatically appropriate options, or other unrelated word choices generated by student keystrokes to predict sentence structure.

Software with word prediction/selection must not provide prompting for spell checking, grammar checking, predicting phrases or word choices, and must not make use of a thesaurus. If the word prediction/selection software allows selection of a dictionary for use by the software, an appropriate dictionary for the student's grade level should be selected.

The format used (paper or online) for the short-paper component of the Writing test must be the same format used for the multiple-choice component. The student’s short paper must be deleted from the device used to compose the short paper; however, an electronic copy of the short paper must be securely stored (on a flash drive, CD, etc.) until scores have been received and verified and Authorization to Report is approved for that test administration. Then the electronic copy of the short paper must be securely destroyed.
Guidelines for Word Prediction Software Using the Online Format of the Short-Paper Component:

When using the online format, two separate devices must be made available to the student. The student must first use one device to log into TestNav using his/her Student Testing Ticket to access the prompt and the Checklist for Writers. The other device will be used to compose his/her short paper using word prediction software.

The student’s short paper is then typed into the response area in TestNav. As specified in the IEP/504 Plan, the student may transcribe his/her own paper into TestNav, or it may be transcribed and verified by testing staff. Refer to the Guidance for Transcribing Student’s Answers—Information for All Assessments, located in this Appendix, for additional information.

■ Spelling Aids

*Use accommodation code 23.*

*Available on the short-paper component of the Writing Assessment only*

Students with disabilities are allowed to use approved spelling aids on the SOL short-paper component of the Writing assessment. Spelling aids include spell checkers and spelling dictionaries. The spelling aid must meet the criteria established by the Virginia Department of Education. The spelling aid must be documented on the student’s IEP or 504 Plan as a testing accommodation. Spell checkers may not automatically correct words or provide prompting for spell checking. If the spell checker allows for the selection of a dictionary, a dictionary appropriate to the student’s grade level should be selected. Further, if automatic correction, prompting for spelling, and/or access to a thesaurus are included, these features must be disabled. A spelling dictionary may be a commercial product as long as there are not hints or clueing included. It should only contain the word lists in alphabetical order. A spelling dictionary could also be a teacher- or student-made personal spelling dictionary with words that the student uses in his or her writing.

The spelling dictionary must not contain spelling rules, punctuation rules, words used in sentences, pictures, or other clueing.

■ English Dictionary

*Use accommodation code 29.*

*Available on the short-paper component of the online Writing Assessment only*

Students who cannot access the online spell check tool or other permitted spelling aid for the short-paper component of the online Writing test may use an English dictionary to check spelling. The English dictionary must meet these guidelines:

- The English dictionary must be a general dictionary without a thesaurus section.
- The English dictionary must not be content specific or a specialized dictionary.
- The English dictionary may be either school-owned or student-owned.
- The English dictionary should be familiar to the student. The SOL Writing Test should not be the first time a student uses the dictionary.
- The English dictionary must not be altered with hand-written notes in the margins or include additional materials, such as class notes.
- The English dictionary must be a paper dictionary. An electronic dictionary is not allowed. If a student requires the use of an electronic dictionary to access the online short-paper component of the Writing test, a Special Assessment Accommodation Request must be submitted to VDOE for approval.

If transcription of the student responses is required, refer to the information box, Guidance for Transcribing Students’ Answers—Information for All Assessments, located at the end of this section.

**NOTE:** The English dictionary is only designated as an accommodation on the short-paper component of the online Writing test. For the paper short-paper component of the Writing test (2010 SOL), the English dictionary is available to all students and should not be designated as an accommodation.

■ Dictation to a Recording Device

*Use accommodation code 24.*

*Available for planning the short-paper component of the Writing Assessment only*

The student may use a recording device on the short-paper component of the Writing assessment for pre-writing planning or draft composition. Follow these guidelines when using this accommodation.

- The student must be assessed individually to ensure that other test takers are not distracted.
- Only the recording and play-back capability of the device may be used for this accommodation.
• The student may dictate notes and ideas for the composition of his/her draft of the short paper.
• Only the student may use the recording to compose his/her short paper. The short paper may not be transcribed by any staff member from the student’s recording when using this accommodation.
• The recording must be treated in the same manner as scratch paper and securely destroyed after the test administration.

**Dictation to a Scribe**  
*Use accommodation code 25.*

*Use these guidelines when this accommodation is used on the short-paper component of the Writing Assessment.*

The student must be assessed individually to ensure that other test takers are not distracted.

The student will dictate in English (or use an augmentative communication device with auditory output) his/her response to the prompt for the short-paper component of the Writing assessment to a school official (scribe), who will transcribe it. The scribe, who should have experience working with the student, must format, capitalize, and punctuate only as directed by the student. The student is not required to spell each word to the scribe. Care must be taken by the scribe not to provide help on test items. Examples of prohibited help include, but are not limited to: discussing test items, providing hints or clues, giving reminders, giving verbal indications or non-verbal cues about the correctness of a student’s answer.

The session between the student and scribe must be recorded or proctored. Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C.

**Guidelines for Dictation to a Scribe Using the Online Format of the Short-Paper Component:** The process between the student and scribe should be established before testing begins and should follow the format that is used in the classroom. The IEP/504 Plan should specify how the scribing will be completed, from the following options:

• As the student dictates, the scribe may type directly into the response area of the student's short-paper component in TestNav. The student may revise/edit within the response area and submit the test when finished; or
• As the student dictates, the scribe may type the student's response on a word processor using a different device than the one running TestNav. The student may revise/edit the short paper on the word processor or a printed copy. A final paper copy is printed and used for transcription into the response area in TestNav; or
• As the student dictates, the scribe may hand-write the student's response. The student may revise/edit the short paper on the hand-written copy. The final short paper is then transcribed into the response area in TestNav.

Transcriptions into the response area of the student's short-paper component of the Writing test in TestNav must be completed on the same school day the test was taken. Transcriptions to a paper answer document must be completed as soon as possible after the test. Remember that all materials containing student responses to test items are designated as secure test materials and must be maintained in a secure location.

If transcription of the student responses is required, refer to the information box, Guidance for Transcribing Students’ Answers—Information for all Assessments, located at the end of this section.

**NOTE:** The format used (paper or online) for the short-paper component of the Writing test must be the same format used for the multiple-choice component.

**Read Back Student Response**  
*Use accommodation code 30.*

*Available on the short-paper component of the Writing Assessment only*

Reading back a student’s short-paper response is only allowed for students with disabilities and must be documented in the student’s IEP or 504 Plan as an accommodation. The IEP or 504 Plan must clearly document whether the student's short-paper response will be read back by the Test Examiner or from a device equipped with text-to-speech capabilities. In addition, the read-back accommodation must be used routinely in the student's instruction. Guidance regarding the read-back accommodation by the Test Examiner or from a device with text-to-speech capabilities is provided below.
Read-Back Accommodation Provided by the Test Examiner

- The student must be tested individually so other test takers are not distracted.
- The student may request any portion of the draft and/or final short paper to be read back as often as necessary. The student may continue to edit and request read-back until the final short paper is submitted for scoring.
- The Test Examiner must read the student’s response back verbatim without providing any assistance. Examples of prohibited help include, but are not limited to: correcting or providing clues to spelling, grammar, and/or punctuation, rewording the response, providing hints and clues, giving reminders, and/or giving verbal indications or non-verbal clues about the correctness of the student’s response.
- The Test Examiner must read only the student’s response, not the writing prompt. If the student uses interpreter services, the Interpreter must sign the Test Examiner’s oral reading of the student’s short paper.
- All read-back sessions must be audio or video recorded or proctored. Video recording is required if an Interpreter is used to sign the Test Examiner’s read back. Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C.
- The final short paper must be written on the regular answer document or entered into the online test’s response area in TestNav.

Read-Back Accommodation Provided by a Device with Text-to-Speech Capability

- The student must be tested individually or with headphones so other test takers are not distracted.
- When using the online format, two separate devices must be made available to the student. The student must first use one device to log into TestNav using his/her Student Testing Ticket to access the prompt and the Checklist for Writers, and the other device will be used to compose his/her short paper using a program with text-to-speech capabilities that reads the student’s response verbatim. The student may use the text-to-speech function as often as necessary.
- If the text-to-speech program includes automatic correction, thesaurus, or grammar check, these features must be disabled. The student may use the manual spell-checking capacity of the text-to-speech program, but the student must not be prompted to use it.
- The speech-to-text device must not be connected to the Internet or the device’s Internet access must be disabled during the test session.
- The Test Examiner must not provide any assistance. Examples of prohibited help include, but are not limited to: correcting spelling, grammar, and/or punctuation, rewording the response, providing hints and clues, giving reminders, and/or giving verbal indications or non-verbal clues about the correctness of the student’s response.
- The student’s short-paper response from the device with the text-to-speech capability must be printed. The short paper must be transcribed to the regular answer document or into the online test’s response area in TestNav by testing staff. The transcribed student’s response must be verified by a second school official to ensure that no errors in the transcription occurred.
- A paper copy of the student’s short paper shall be retained on file and secured in the office of the DDOT until the scores are received and verified and Authorization to Report (ATR) is approved for that test administration. In addition, the student’s short paper must be deleted from the device used to compose the short paper; however, an electronic copy of the short paper must be securely stored (on a flash drive, CD, etc.) until the scores are received and verified and ATR is approved for that test administration. The electronic copy must then be securely destroyed.
- A document stating that the printed response to the writing prompt is entirely the student’s work and that no “automatic correction, thesaurus, or grammar checker features” were used must be signed by the Test Examiner and Proctor (when present) and retained on file in the office of the Division Director of Testing until the scores are received and verified and ATR is approved for that test administration.

NOTE: The format used (paper or online) for the short-paper component of the Writing test must be the same format used for the multiple-choice component.

Transcriptions into the response area of the student’s short-paper component of the Writing test in TestNav must be completed on the same school day the test was taken. Transcriptions to a paper answer document must be completed as soon as possible after the test. All materials containing student responses to test items are designated as secure test materials and must be maintained in a secure location.

NOTE: The paper answer document does not list accommodation code 30. If this accommodation is used, this test code must be applied to the student’s completed test record in PearsonAccessnext.
Guidance Regarding Using Calculators Not on the State-Approved Calculator List, Using a Calculator App, and Using Calculator Software

If a student with a disability requires the use of a hand-held calculator other than those on the State-approved calculator list, a Calculator Accommodation Criteria Form must be completed and, if applicable, submitted to the Virginia Department of Education.

If a student with a disability requires the use of either a calculator app* or calculator software*, a Calculator Accommodation Criteria Form must be completed and submitted with a Special Assessment Accommodation Request to the Virginia Department of Education.

*The calculator app or software may be included as a feature in a device with another primary purpose such as a brailor or an augmentative communication device.

- Calculators and/or Arithmetic Tools
  Use accommodation code 26.
  Available on the SOL Grades 3–7 or the Grades 3–8 Mathematics Growth Assessments only

Students with disabilities may use approved calculators and/or arithmetic tools on sections of the Grades 3–7 Mathematics SOL assessments or the Grades 3–8 Mathematics Growth Assessments in which a calculator is not allowed. Arithmetic machines and tables/charts are defined as tools that serve the same function as a simple calculator (e.g. four-function calculator). Examples include multiplication charts, addition charts, subtraction charts, or division charts. In order to use a calculator or arithmetic tool, students with disabilities must be found eligible by their IEP Team or 504 Committee using the Calculator Accommodation Criteria Form. If the student is determined eligible, the IEP Team or 504 Committee must document the decision on the student's IEP or 504 Plan and must complete and sign the Calculator Accommodation Criteria Form and maintain a copy in the student's educational record. The Calculator Accommodation Criteria Form is located on the Virginia Department of Education website at:

www.doe.virginia.gov/testing/participation/index.shtml

NOTE: For Mathematics SOL tests follow the information in the section, Guidance for the 2021–2022 School Year Regarding Providing Desmos and/or Hand-Held Calculators for Mathematics (2016 SOL) Tests, for providing students with disabilities access to the hand-held calculator and/or the Desmos online calculator.

NOTE: For Mathematics Growth Assessments, follow the information available in the Fall 2021 Examiner's Manuals for Growth Assessments, Guidance for Fall 2021 Regarding Providing a Hand-Held Calculator and/or Desmos Calculator for the Grades 3–8 Mathematics Growth Assessments Administered within the Grades 3–8 Reading/Mathematics 2021–2022 Test Administration for providing students with disabilities access to the hand-held calculator and/or the Desmos online calculator on the Grades 3–8 Mathematics Growth Assessments.
Guidance for the 2021–2022 School Year Regarding Providing a Hand-Held Calculator and/or Desmos Calculator for Mathematics (2016 SOL) Tests

NOTE: The guidance in this box is for Standards of Learning (SOL) tests only. For details regarding the use of hand-held calculators with the Desmos calculator on the Grades 3–8 Mathematics Growth Assessments refer to the following information box: Guidance for Fall 2021 Regarding Providing a Hand-Held Calculator and/or Desmos Calculator for the Grades 3–8 Mathematics Growth Assessments Administered within the Grades 3–8 Reading/Mathematics 2021–2022 Test Administration, located in the Fall 2021 Examiner’s Manuals for Growth Assessments.

1. For online Grades 4–8 and EOC Mathematics (2016 SOL) tests, the Desmos Virginia calculator is provided within TestNav for the sections of the mathematics assessments in which a calculator is permitted. School Divisions are permitted to continue to provide one of the hand-held calculators from the list of Approved Calculators for the Virginia Standards of Learning Assessments, in addition to the Desmos calculator provided within TestNav.

2. For paper Grades 4–8 and EOC Mathematics (2016 SOL) tests administered to students with a documented need for a paper test, School Divisions may provide a hand-held calculator from the list of Approved Calculators for the Virginia Standards of Learning Assessments and/or provide access to the Desmos Virginia calculator for the sections of the Mathematics assessments in which a calculator is permitted under the following specific conditions:
   • Access to the Desmos Virginia calculator must only be provided using the appropriate Desmos Virginia Calculator Training Center Test to ensure the student has access to the approved calculator and does not have access to other applications or the Internet while using the calculator.
   • A proctor must observe the test session to verify the student has not exited or closed the Training Center test to access other applications or the Internet rather than using the Desmos Virginia calculator.
   • Upon completion of the test, the proctor must sign a written statement indicating that the test was administered under the above conditions.

Three different Training Center tests are available in the PearsonAccess\textsuperscript{next} Training Center. Each Training Center test provides students secure access to a specific Desmos Virginia calculator when logged in using a Training Center test ticket. No other mathematics content is presented in these tests, and students are not able to use other applications while logged into the Training Center test. The three different Training Center tests are:

For additional information about how to setup Training Center tests, please refer to the Training Workbook under Support in PearsonAccess\textsuperscript{next}.

Guidance Continues on the Next Page
3. For students with disabilities eligible to use State approved calculators on sections of the online or paper Grades 3–7 Mathematics SOL assessments in which a calculator is not allowed, the IEP/504 Plan must specify whether to provide a hand-held calculator from the list of State-Approved Calculators for the Virginia Standards of Learning Assessments and/or to provide access to the Desmos Virginia calculator during their mathematics test following the specific conditions provided in number 2 in this section.

NOTES:

- The list of State-Approved Calculators for the Virginia Standards of Learning Assessments is located on the Virginia Department of Education website:
  
  www.doe.virginia.gov/testing/sol/standards_docs/mathematics/index.shtml

- If a student with a disability requires the use of a hand-held calculator other than those on the approved calculator list, the Calculator Accommodation Criteria Form must be completed and, if applicable, submitted to the Virginia Department of Education.

- Calculator with Additional Capabilities
  
  Use accommodation code 28.

  Calculators with additional capabilities includes calculators with accessibility features and calculators with additional mathematical capabilities. Refer to the sections below for guidance for each type of calculator.

  - **Calculator with Accessibility Features:**
    
    **Available for all Mathematics and Science assessments**

    Students with disabilities may use a calculator with accessibility features that enable the student access to a calculator. These features include a large display, large buttons, and/or audio capabilities. The calculator must have the same mathematical capabilities as those on the approved calculator list.

    **NOTE:** Follow the information in the section, Guidance for the 2021–2022 School Year Regarding Providing Desmos and/or Hand-Held Calculators for Mathematics (2016 SOL) Tests, for providing students with disabilities access to the hand-held calculator and/or the Desmos online calculator.

  - **Calculator with Additional Mathematical Capabilities:**
    
    **Available for all Mathematics and Science assessments**

    A calculator with additional mathematical capabilities is a calculator with mathematical capabilities designed to address a student’s disability. Calculators with additional mathematical capabilities are calculators other than those on Approved Calculators for the Virginia Standards of Learning Assessments.

    **Additional Mathematical Capabilities that Exceed those Required to Accommodate the Student’s Disability**

    To prevent the use of calculators with additional mathematical capabilities that exceed those used to accommodate a student's disability, the following guidance must be used when selecting calculators with additional mathematical capabilities and/or accessibility features for eligible students with disabilities.
ALLOWED
A calculator with additional mathematical capabilities is allowed if the additional mathematical capabilities are required for the student to access the assessment and are directly related to the student's disability. Both the disability and the corresponding additional mathematical capabilities must be clearly documented in the justification statement of the Calculator Accommodation Criteria Form. The justification statement should explain the student's disability as it relates to mathematics and provide a rationale as to why the additional mathematical capabilities are necessary. The Calculator Accommodation Criteria Form is located on the Virginia Department of Education website at:
www.doe.virginia.gov/testing/participation/index.shtml

NOT ALLOWED
A calculator with additional mathematical capabilities is NOT allowed if the additional mathematical capabilities:
■ are not related to the student's disability;
■ provide an unfair advantage to the student;
■ are designed solely to enhance student performance; or
■ are designed to compensate for below-grade-level mathematic skills.

NOTE: Follow the information in the section, Guidance for the 2021–2022 School Year Regarding Providing Desmos and/or Hand-Held Calculators for Mathematics (2016 SOL) Tests, for providing students with disabilities access to the hand-held calculator and/or the Desmos online calculator.

■ Math Aids
Use accommodation code 19.
Available on Mathematics assessments only
Students with disabilities may use approved math aids on Mathematics assessments if the accommodation is documented in the student's IEP or 504 Plan as a testing accommodation. Math aids may be used with a “sheet protector” or other clear overlay to permit the student to use a marker with the math aid. Testing staff must ensure the student's math aids are not visible to others. Individual testing or physical barriers between students must be used. Examples of approved math aids include: number lines, colored shapes, and fraction circles. For a complete list of both approved and not approved math aids, refer to the document Explanation of Testing Accommodations for Students with Disabilities—Math Aids Accommodation Code 19, available on the Virginia Department of Education website at:
www.doe.virginia.gov/testing/participation/index.shtml

■ Dry Erase Board
Use accommodation code 2.
In place of scratch paper, a student may use a dry erase board. If using a large wall-mounted board, the student must be tested individually and testing staff must ensure the student's dry erase board is not visible to others. This may require windows to be covered. If using a small dry erase board, testing staff must ensure the student's dry erase board is not visible to others. Individual testing or physical barriers between students must be used. The Test Examiner must ensure that the dry erase board is completely erased prior to the beginning of the testing session, and at the completion of the test session. The student must use the dry erase board independently without assistance from the Examiner. Prohibited help includes, but is not limited to, reminders to use the board, discussing test items, providing hints or clues, giving verbal indications or non-verbal cues about the correctness of a student's answer. The test session must be video recorded or proctored. Follow the Guidelines for Proctoring and/or Recording a Test Session in Appendix C.

NOTE: The paper answer document does not list accommodation code 2. If this accommodation is used, this test code must be applied to the student's completed test record in PearsonAccess\textsuperscript{\textregistered}.

■ Additional Writing Implements
Use accommodation code 3.
The student may be provided additional (3 or more) writing implements such as, but not limited to: highlighters, markers, colored pens, colored pencils, etc. The student may use the writing implements in the test booklet or on his/her scratch paper. The additional writing implements must not be used anywhere on the student's answer document. Answer documents submitted with markers, highlighters, colored pens and/or colored pencils will not scan properly, and therefore cannot be scored. The additional writing implements
must be provided to the student at the beginning of the session. The student must use the additional writing implements on the scratch paper or dry erase board (as appropriate) independently without assistance from the Examiner. Prohibited help includes, but is not limited to: reminders to use the additional writing implements, discussing test items, providing hints or clues, giving verbal indications or non-verbal cues about the correctness of a student’s answer. School staff must ensure the student's scratch paper or dry erase board is not visible to others. Individual testing or physical barriers between students must be used.

**NOTE:** The paper answer document does not list accommodation code 3. If this accommodation is used, this test code must be applied to the student's completed test record in PearsonAccess

---

**Guidance for Transcribing Students' Answers—Information for all Assessments**

Transcribing students' test responses onto an answer document or onto the online test screen is available **only** for students as stated in their IEPs, 504 Plans, EL Assessment Participation Plans, or due to a documented temporary condition. In the case of a damaged answer document or an irregularity, prior approval must be obtained from the DDOT for the STC to conduct a transcription of students' answers.

A student's test items responses must be transcribed if the student's answers were:

- recorded on braille paper or on an enlarged copy of the answer document;
- marked directly in the test booklet;
- created using a word processor, word processor with speech-to-text, brailler, augmentative communication device, or word prediction software;
- dictated to an Examiner/Proctor; or
- indicated verbally, by pointing, or using a communication board or choice cards.

The student's responses must be entered exactly as the student indicated. The student's responses must not be corrected, or altered in any way. The transcription must be verified by a second school official to ensure that no errors occurred. Proctors may transcribe or verify the transcription. Other testing staff may transcribe responses or verify responses without formal training as a Proctor; however, they must receive test security training and sign the [School Division Personnel Test Security Agreement](#).

**NOTE:** The same individual should transcribe the entire short-paper component of the *Writing* test since an alert will be triggered if a response appears with more than one individual's handwriting.

Transcriptions must be completed as soon as possible after the test has been administered. Transcriptions to an online test must be completed on the same school day the test was taken. Transcriptions to a paper answer document must be completed as soon as possible after the test. All materials containing student responses to test items are designated as secure test materials and must be maintained in a secure location.

If a device was used to compose the student's responses, the responses must be deleted from the device. The documentation of the student's responses (e.g., an audio/video of the session, output from a brailler or augmentative communication device, paper, and electronic copies of responses) shall be retained on file and secured in the office of the DDOT until scores are received and verified and ATR is approved for that test administration.
**Procedures for Requesting a Special Assessment Accommodation**

Some students with disabilities may require accommodations beyond those listed in this manual to access the assessments. Prior approval from the Virginia Department of Education is required in order to administer these accommodations. The Division Director of Testing or his/her designee should complete the *Special Assessment Accommodation Request* form available on the Virginia Department of Education website at:

www.doe.virginia.gov/testing/participation/index.shtml

The *Special Assessment Accommodation Request* form must be submitted to the Virginia Department of Education following the directions and deadlines provided on the *Special Assessment Accommodation Request Deadlines and Directions* document.

Each request for a special assessment accommodation will be reviewed based upon the need to provide equal access to the test for the student and the need to maintain standardized procedures and test security. Accommodations may be “approved,” “approved with conditions,” or “not approved.” Some accommodations that are approved or approved with conditions may be designated as non-standard accommodations. The Division Director of Testing or his/her designee will be notified as soon as the decision concerning the special assessment accommodation has been made.

If a request for a special assessment accommodation receives an “approved” or “approved with conditions” response, the approval for that same accommodation will remain in effect for subsequent administrations for that same student only, if:

- the subsequent assessment is in the same content area(s) as the original approval;
- the student’s continuing need for the same accommodation is documented in the IEP; and
- the conditions specified in the original response will be met.

*If a previously approved accommodation is for an app, device, or software that is subsequently updated, a revised *Special Assessment Accommodation Request* must be submitted for VDOE review.*
Testing Accommodations for English Learners (ELs)

VIRGINIA ASSESSMENT PROGRAM

For detailed information regarding EL participation in the assessments, refer to Procedures for Determining English Learner Participation in the Virginia Assessment Program, available on the Virginia Department of Education's website at:

www.doe.virginia.gov/testing/participation/index.shtml

- Exempting ELs from the Virginia Assessments
  - **Reading Exemption (Testing Status Code 11)**—ELs who have attended school in the United States for less than 12 months may receive a one-time exemption for the SOL Reading test in grades 3–8. This guideline also applies to students arriving from Puerto Rico. No exemption is available for End-of-Course Reading.
  - **History/Social Science Exemption (Testing Status Code 3)**—ELs in grades 3–8 may exercise a one-time exemption for the Virginia Studies or Civics & Economics SOL test.
  - **Mathematics**—ELs may NOT be exempted from the Mathematics tests.
  - **Science**—ELs may NOT be exempted from the SOL Science tests.
  - **Writing (Testing Status Code 3)**—ELs may exercise a one-time exemption from the Grade 8 SOL Writing test. No exemption is available for the EOC Writing test.

The reason(s) for exemptions and the ramification(s) of exemptions should be documented in the EL Assessment Participation Plan and conveyed to the EL's parent(s) or guardian(s).

Former ELs, Years 1, 2, 3, and 4, are not eligible for any exemptions.

- Former EL
  - **Former EL– Monitor Status Year 1**
    A student is considered Former EL–Year 1 when he/she in spring 2021:
    - earned an Overall Proficiency Level of 4.4 or greater on the WIDA ACCESS for ELLs test; or
    - was assessed with the **Proficiency Level 5 Virginia English Language Proficiency (ELP) Checklist for English Learner (EL) Students in Kindergarten through Grade 12 with Hearing and Visual Impairments**.
  
  - **Former EL– Monitor Status Year 2**
    A student is considered Former EL–Year 2 when he/she in spring 2020:
    - earned an Overall Proficiency Level of 4.4 or greater on the WIDA ACCESS for ELLs test; or
    - was assessed with the **Proficiency Level 5 Virginia English Language Proficiency (ELP) Checklist for English Learner (EL) Students in Kindergarten through Grade 12 with Hearing and Visual Impairments**.

  - **Former EL– Monitor Status Year 3**
    A student is considered Former EL–Year 3 when he/she in spring 2019:
    - earned an Overall Proficiency Level of 4.4 or greater on the WIDA ACCESS for ELLs test; or
• was assessed with the *Proficiency Level 5 Virginia English Language Proficiency (ELP) Checklist for English Learner (EL) Students in Kindergarten through Grade 12 with Hearing and Visual Impairments*.

**Former EL– Monitor Status Year 4**

A student is considered Former EL–Year 4 when he/she in spring 2018:

• earned an Overall Proficiency Level of 4.4 or greater on the WIDA ACCESS for ELLs test; or

• was assessed with the *Proficiency Level 5 Virginia English Language Proficiency (ELP) Checklist for English Learner (EL) Students in Kindergarten through Grade 12 with Hearing and Visual Impairments*.

**Former EL Testing Accommodations**

Former EL Years 1 and 2 are eligible for direct and indirect testing accommodations on assessments described in this Appendix. The accommodations must first be documented in EL Assessment Participation Plans. Former EL Years 3 and 4 are not eligible for direct and indirect testing accommodations on assessments. However, if a Former EL is also a student with a disability, she/he may receive testing accommodations based upon his/her IEP/504 Plan.

**Direct and Indirect Linguistic Testing Accommodations for Virginia Assessment Program Tests**

Testing accommodations for the assessments provide ELs the opportunity to be assessed on content knowledge rather than English language proficiency. Testing accommodations may involve changes to testing procedures, testing materials, or the testing situation to allow students meaningful participation in an assessment. Direct linguistic testing accommodations involve adjustments to the language of the test, such as the use of a bilingual dictionary. Indirect linguistic testing accommodations involve adjustments to the conditions under which ELs take the test, such as a flexible schedule that may include breaks. Additionally, testing accommodations should not provide an unfair advantage during testing, should be determined prior to testing, and documented in the EL Assessment Participation Plan.

While all direct and indirect testing accommodations are available to all ELs as deemed appropriate, certain testing accommodations may be more appropriate for students at particular English language proficiency levels.

**NOTE:** All references for accommodations for ELs also include Former EL year 1 and Former EL year 2.

Direct Linguistic Testing Accommodations

■ Written Directions Accompanying Oral Directions
  *Use accommodation code 7, Test Directions Delivery.*

The student may receive a copy of the bold, “SAY,” testing directions (in English only) from the Examiner’s Manual (for online tests) or from the Supplement to the Examiner’s Manual (for paper tests). Prior to providing the directions to the student, the student’s copy must be reviewed by a second staff member to ensure all the SAY directions from the Manual are included. The non-bold directions that provide instructions only for the Examiner/Proctor should be removed.

**NOTE:** The paper answer document does not list accommodation code 7. If this accommodation is used, this test code must be applied to the student’s completed test record in PearsonAccessnext.

---

Guidance for Reading Tests Aloud—Information for all Assessments

The EL Assessment Participation Plan must include specific directions for the administration of the read-aloud accommodation. For example, a student’s accommodation may require the entire test to be read aloud or may require having words, questions, or sentences read aloud only when requested by the student.

- Unless otherwise specified in the student’s IEP/504 Plan, the student will maintain control of the testing device. The student will respond to each test question and be responsible for all navigation and final submission of the test for scoring.
- When reading the test aloud, the Examiner must be careful not to lead the student to the correct answer by intonation or to repeat any part of the test that is not specifically requested by the student.
- The Examiner must only read the text contained within a graphic (diagram, chart, table, picture, map, or other art) exactly as written using a natural tone. It is not permissible to describe or interpret information contained in a graphic.
- The Examiner should be familiar with how to read test items to students. Examiners may use the PearsonAccessnext audio Practice Items to hear how tests should be read aloud and to practice reading types of test items.
- In order to provide the student multi-sensory stimulation, the student must be provided the regular print, large-print, braille, or online version of the test to follow along as the Examiner reads.
- Test items must be read in English.
- All read-aloud administrations must be recorded or proctored throughout the entire read-aloud test administration.

Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C.

- For more detailed information, refer to Guidelines for Administering the Read-Aloud Accommodation for the Standards of Learning Assessments at:

■ Read-Aloud (Use accommodation code 10.) or Audio (Use accommodation code 11.) on the Mathematics, Science, History/Social Science, and Writing Assessments

The read-aloud or audio accommodation on Mathematics, Science, History/Social Science, and Writing assessments is allowed for ELs as specified in the EL Assessment Participation Plan.

■ Read-Aloud Reading Assessment (Use accommodation code 14.) or Audio Reading Assessment (Use accommodation code 15.)

The read-aloud or audio accommodation is available to ELs for the SOL Reading assessment if the EL also has an eligible disability and the accommodation is documented in the student’s IEP or 504 Plan. See Students with Disabilities: Guidelines for Assessment Participation located at:

[www.doe.virginia.gov/testing/participation/index.shtml](http://www.doe.virginia.gov/testing/participation/index.shtml)
ELs may receive the read-aloud or audio testing accommodation on the EOC *Reading* test under the following circumstances:

The EL meets all of the following criteria:

- the student is retaking the EOC *Reading* test, having failed the previous attempt(s) without using the read-aloud or audio testing accommodation; and
- the student's EL Assessment Participation Plan lists the read-aloud or audio testing accommodation for other tests; and
- the student receives the read-aloud or audio testing accommodation in the classroom.

For ELs retaking the EOC *Reading* test, the read-aloud or audio testing accommodation will be considered a non-standard testing accommodation (accommodation code B). In addition to marking the student's test with accommodation codes 14 or 15 and B, the EOC *Reading* test must be marked as retest on the Student Test Details screen in PearsonAccess™.

**NOTE:** Providing the read-aloud or audio testing accommodation to an EL on the EOC *Reading* retest will generate a test alert. Only Virginia Department of Education (VDOE) staff can clear this test alert. Before the test alert can be cleared, the Division Director of Testing or designee must submit a request to VDOE to clear the test alert. The request must include the following:

- the student's name and State Testing Identifier (STI); and
- a statement verifying that the student is EL, Former EL-Year 1 or 2, or dually identified and meets all eligibility criteria for the read-aloud or audio testing accommodation on the EOC *Reading* retest.

Requests to clear the test alert must not be sent via email. These requests must be sent via the dropbox in the Single Sign-on for Web Systems (SSWS) to Kia Johnson and copied to Kevin McClintock.

---

**Guidance for Creating an Online Read-Aloud Test Session**

**NOTE:** The following guidelines do not apply to Computer Adaptive Tests.

Examiners who will be reading an online test aloud to students who require this accommodation will be given access to an online test to be viewed on the Examiner’s testing device only, through the use of a Proctor Testing Ticket. This online test will not be scored or reported in the online system. Access to the test is being provided to allow the Examiner to read the questions and answer options to the student(s) on a testing device that is separate from the student’s testing device. Directions for the DDOT and/or STC for creating read-aloud sessions are as follows:

- When creating the new test session, check the box for *Proctor Reads Aloud*. Select the appropriate *Form Group Type Context* (Regular, Expedited retake, Term Grad), then select the appropriate Main *Form Group Type*.
- Select the *Authorizations* button to view the Proctor Testing Ticket. Selecting this button will display the Examiner’s test ticket. This ticket should be printed on colored paper to differentiate it from the students’ test tickets and kept secure until the day of testing. The Proctor Testing Ticket should be printed no more than 4 days prior to the start of a test session.
- The Proctor Testing Ticket is not valid until the test session is started, and it will remain active until the test session is stopped. Unlike the students’ online tests, the Examiner may exit the test and log back into the test using the login information on the ticket without resuming the test. Because of this, Proctor Testing Tickets are highly secure materials and must be kept secure until the test session is in STOPPED status. It is imperative that read-aloud test sessions are stopped immediately after the test session is complete. All read-aloud administrations must be audio recorded or proctored.
- Student and Proctor Testing Tickets are generated based on the form group type designated when the session is created. ALL students in the session will receive the same form. Any student needing a form different from the rest of the session must be removed from the session and placed in a new test session set up with that form group type.
- Before or after the test is submitted, the Read-aloud Accommodation code must be applied to the student’s test on the Student Tests Details screen. If the accommodation code is not applied, the test will be alerted.
- Refer to the information box in this section on the Guidance for Reading Tests Aloud—Information for all Assessments for additional guidance for the read-aloud accommodation.
Guidance for Creating an Online Session for the Read-Aloud Accommodation for Computer Adaptive Tests (CAT)

Test questions presented to students on a Computer Adaptive Test are selected by the computer based on the student's response to each question. Because the selection of items is customized for each student, an Examiner/Proctor test cannot be displayed on a separate testing device that would match the student's test. If the student requires a read-aloud administration of a Computer Adaptive Test, follow the guidance below for creating the student's session.

- The test must be administered individually.
- When creating the new test session, do NOT check the box for Proctor Reads Aloud. Select the appropriate Form Group Type Context (Regular, Expedited Retake, Term Grad), then select the appropriate Main Form Group Type.
- A Computer Adaptive Test cannot be reviewed by the Examiner prior to the test administration. Examiners may use the Practice Items in audio format to hear how test items should be read aloud.
- Before or after the test is submitted, the Read-aloud Accommodation code must be applied to the student's test on the Student Tests Details screen. If the accommodation code is not applied, the test will not be alerted.
- Refer to the information box in this section on the Guidance for Reading Tests Aloud—Information for all Assessments for additional guidance for the read-aloud accommodation.

Guidance for Online Audio Test Sessions

- Using the Proctor Caching functionality is strongly encouraged especially when delivering an audio form of the test. Proctor Caching allows test administrators to “pre-fetch” test content. This accelerates the delivery of test content to students and reduces the amount of bandwidth required for online testing. Because audio files consume a large amount of bandwidth, Proctor Caching should be used when delivering an audio test to a student. For details on downloading, installing, and using Proctor Caching, refer to the TestNav 8 Online Support page at:
  

- The STC or designated technology representative should ensure that the online audio test is cached before the test session begins.
- The DDOT or STC may assign the online audio form to a student after the test session has been created. For directions on assigning the audio form, refer to PearsonAccessnext Online Support, located at [https://support.assessment.pearson.com/x/BYDy](https://support.assessment.pearson.com/x/BYDy).

- When administering the online audio version of a test, an audio player/tools will appear on the user’s screen. Students use the player/tools to play, pause, replay, advance the audio, and to control the volume and speed.
- Prior to testing, the student should have received practice with the audio player/tools by accessing SOL Practice Items within TestNav. Refer to the table Resources for Test Preparation in this manual for information.
- The student must select the forward button for each passage/question. Students may listen to a passage/question as many times as necessary.
- If several students will be tested using the online audio form in the same location, headphones must be provided for each of the students.
- If a student needs clarification of what was heard on the audio test, the Examiner may repeat or read anything on the screen that is requested by the student but with caution not to inadvertently disclose a response (e.g., reading numbers versus place values, etc.). The Examiner may not answer questions about the passages or test items, provide definitions, or explain test items for students.
- Using an online audio version of the test is a preferred method of oral presentation as it provides uniform administration statewide. The student should have instructional experience with similar electronic media players found on electronic devices. Unless the student has experience with using electronic media players, the online audio version of a test may place the student at a disadvantage.
Guidance for Choosing the Online Audio Test Accommodation for ELs Who Typically use the Read-Aloud Accommodation in the Classroom

School divisions are told that students should not use accommodations during testing unless they use the same accommodation during classroom instruction and assessments. Since it would be very difficult for school divisions to provide an online audio accommodation during instruction, the following guidelines provide clarification as to the circumstances under which a student could be provided with an online audio accommodation during testing.

- The EL Committee must determine whether the read-aloud accommodation administered by a Test Examiner or the online audio accommodation is the more appropriate delivery method for online testing. It is particularly important that the parent agrees to the delivery method and that the decision is clearly documented in the EL Assessment Participation Plan.
- The online audio accommodation on the test may be provided to students who typically have a read-aloud accommodation during instruction or to those who use recorded media or text readers in the classroom.
- If the EL Committee determines that the online audio accommodation is the more appropriate accommodation, the student should have practice with audio Practice Items available on the Virginia Department of Education's website at:
  
  www.doe.virginia.gov/testing/sol/practice_items/index.shtml

■ Bilingual Dictionary
  
  Use accommodation code 17.

ELs may use a bilingual dictionary on tests following these guidelines:

- The bilingual dictionary must be individually offered to each EL documented to have this accommodation for testing.
- The bilingual dictionary must be a general, word-to-word bilingual dictionary.
- The bilingual dictionary must not be a specialized dictionary, such as a subject specific dictionary, rhyming dictionary, picture dictionary, etc.
- The bilingual dictionary must be a paper dictionary. Electronic bilingual dictionaries or translators are not allowed.
- The bilingual dictionary may be either school-owned or student-owned.
- The bilingual dictionary should be familiar to the EL. Testing should not be the first time an EL uses a bilingual dictionary.
- The bilingual dictionary must not be altered with hand-written notes in the margins nor include additional materials, such as class notes.
- The bilingual dictionary may be used alone or with the English dictionary.

■ English Dictionary
  
  Use accommodation code 29.

Because an English dictionary may provide definitions of subject-specific vocabulary that ELs are expected to know (e.g., median, simile) for the tests, the use of this testing accommodation should be carefully considered. ELs may use an English dictionary on tests following these guidelines:

- The English dictionary must be a general dictionary without a thesaurus section.
- The English dictionary must not be a specialized dictionary, such as a subject-specific dictionary, rhyming dictionary, picture dictionary, etc.
- The English dictionary must be a paper dictionary. An electronic dictionary is not allowed.
- The English dictionary may be either school-owned or student-owned.
- The English dictionary should be familiar to the EL. Testing should not be the first time an EL uses the English dictionary.
- The English dictionary must not be altered with hand-written notes in the margins nor include additional materials, such as class notes.
• The English dictionary may be used alone or with the bilingual dictionary on Non-Writing SOL tests and the short-paper component of the Writing test.
• The English dictionary is not permitted on the multiple-choice component of the Grade 8 or EOC Writing test.

NOTE: For any paper short-paper component of the Writing test, the English dictionary is available to all students and should not be designated as a testing accommodation.

Dictation to a Scribe
Use accommodation code 25.
Use these guidelines when this accommodation is used on the short-paper component of the Writing Assessment.
The student must be assessed individually to ensure that other test takers are not distracted.

The student will dictate in English his/her response to the prompt for the short-paper component of the Writing assessment to a school official (scribe) who will transcribe it. The scribe, who should have experience working with the student, must format, capitalize, and punctuate only as directed by the student. The student is not required to spell each word to the scribe. Care must be taken by the scribe not to provide help on test items. Examples of prohibited help include, but are not limited to: discussing test items, providing hints or clues, giving reminders, giving verbal indications or non-verbal cues about the correctness of a student’s answer.

The session between the student and scribe must be recorded or proctored. Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C.

Guidelines for Dictation to a Scribe Using the Online Format of the Short-Paper Component: The process between the student and scribe should be established before testing begins and should follow the format that is used in the classroom. The EL Assessment Participation Plan should specify how the scribing will be completed, from the following options:

- As the student dictates in English, the scribe will type directly into the response area of the student’s short-paper component in TestNav. The student will revise/edit within the response area of TestNav and submit the test when finished; or
- As the student dictates in English, the scribe will type directly into a word processor using a different computer. The student will revise/edit on the word processor or a printed copy. A final paper copy will be printed to be used for transcription into the response area of the student’s short-paper component in TestNav. The student will submit the test when finished; or
- As the student dictates in English, the scribe will hand-write the student’s response. The student will revise/edit on the paper copy. The response is then transcribed by typing into the response area of the student’s short-paper component in TestNav. The student will submit the test when finished.

Transcription. The student’s responses must be entered exactly as the student indicated. The student’s responses must not be corrected, or altered in any way. The transcription must be verified by a second school official to ensure that no errors occurred. Proctors may transcribe or verify the transcription. Other testing staff may transcribe responses or verify responses without formal training as a Proctor; however, they must receive test security training and sign the School Division Personnel Test Security Agreement.

NOTE: The same individual should transcribe the entire short-paper component of the Writing test because an alert will be triggered if a response appears with more than one individual's handwriting.

Transcriptions must be completed as soon as possible after the test has been administered. Transcriptions to an online test must be completed on the same school day the test was taken. Transcriptions to a paper answer document must be completed as soon as possible after the test. All materials containing student responses to test items are designated as secure test materials and must be maintained in a secure location.

If a device was used to compose the student’s responses, the responses must be deleted from the device. The documentation of the student’s responses (e.g., an audio/video of the session, paper, and electronic copies of responses) shall be retained on file and secured in the office of the DDOT until scores are received and verified and Authorization to Report (ATR) is approved for that test administration.

NOTE: The format used (paper or online) for the short-paper component of the Writing test must be the same format used for the multiple-choice component.
Plain English Algebra I Test (2009 SOL only)
*Use accommodation code A.*

ELs may be assessed with the Plain English Algebra I (2009 SOL) test if they:

- previously passed an Algebra I class prior to Spring 2019 and need to retake the Plain English Algebra I (2009 SOL) test for verified credit to meet graduation requirements, and
- are enrolled in grades 9–12 and have an ACCESS for ELLs Overall Proficiency Level within the range of 1.0–3.5

**NOTE:** Eligibility is based on ACCESS for ELLs® scores; however, the WIDA Screener, or the WIDA MODEL™ score, may be used for ELs without ACCESS for ELLs scores. For details, refer to the *Procedures for Determining English Learner Participation in the Virginia Assessment Program.*

### Indirect Linguistic Testing Accommodations

The VAP tests are untimed, but ample time should be allotted for all students to complete the test prior to the end of the scheduled school day. Based on their English language proficiency and/or the language demands of the assessment, some ELs may require breaks or multiple test sessions.

#### Multiple Test Sessions
*Use accommodation code 1.*

ELs who require multiple test sessions, when the test will be completed in two or more school days, may be administered a paper test. When administering a paper test, care must be taken to ensure that the student is exposed only to those test items in the portion of the paper test that he/she is attempting that day. Previously completed items and items not yet accessed must be sealed to prevent accidental exposure to the student. Students who require multiple test sessions for any Growth Assessment must take the paper version.

The EL Committee may determine that it is appropriate for an individual student, with the Multiple Test Sessions accommodation, to take the online version of these SOL tests: Grades 3–5 Reading and Grades 3–7 Mathematics SOL tests.

- The SOL Grades 3–5 Reading and Grades 3–7 Mathematics SOL tests may be administered online over two days with the requirement that the student completes all of the first portion of the test on the first day and Exits the test at the Seal Code. The student must then finish all of the second portion of the test on the second day. The student may be provided with a break while completing either part, but the student must be supervised and test security must be maintained throughout the break. Refer to Testing Memos 1385 and 1386 for additional details when determining the appropriateness of administering these online tests to students who require the Multiple Test Sessions accommodation. Eligible students who are unable to complete these online tests as described must be administered a paper test.

**NOTE:** VDOE will notify DDOTs regarding the Multiple Test Session accommodation with the Growth Assessments in a separate communication.

**NOTE:** The short-paper component of the Writing assessment, whether administered in paper or online, must be completed in one school day and does not qualify for multiple test sessions; however, the student may be given breaks under secure conditions.

#### Flexible Schedule
*Use accommodation code 31.*

**Breaks:** Students who require breaks, but not multiple test sessions, must complete the test in one school day. The schedule for breaks must be determined prior to testing and be based on the routine use of scheduled breaks during classroom assessment. The Test Examiner and School Test Coordinator should work together to establish the procedure for notifying the student to begin and end a break during testing. Breaks are available for either online or paper tests. The break(s) must be supervised. Test security must be maintained at all times during the break(s). The student must not be allowed to discuss the test in any way, must not have access to any educational materials or electronic devices during the break(s), and must not disrupt other students who are continuing to test.

Also, for test security, the student’s test materials must not be accessible or viewable by other students or by school personnel during the break(s). If the student is testing online, the student should either be Exited from
the online test or, if the testing room will be securely maintained, the student's screen could be turned off or covered prior to the break(s) to maintain test security. If the student Exits the test, his/her test must be Resumed on the Students in Sessions screen in PearsonAccessnext and the student must log back into TestNav using his/her Student Testing Ticket. If the student's screen was turned off or covered and the student did not Exit, the student must return to the same testing device to continue testing.

**NOTE:** The paper answer document does not list accommodation code 31. If this accommodation is used, this test code must be applied to the student's completed test record in PearsonAccessnext.

- **Visual Aid (Masking templates)**
  
  *Use accommodation code 4 when this accommodation is used on paper tests.*
  
  Templates (or masks) that are blank allow a student to see one word, sentence, line, or test item at a time.
  
  - Use accommodation code 4 with the paper tests of ELs who require a paper test and the use of a mask or template.
  
  - Use of accommodation code 4 is not required for students taking an online test. The Line Reader Mask, Answer Mask, and Highlighter tools are available to all students taking an online test and are not considered accommodations. Students may not hold a template or mask up to or over the testing device's screen.
  
  - Students taking online tests must receive prior practice using the Line Reader Mask, Answer Mask, and Highlighters tools on practice items using TestNav 8.

- **Examiner Records Responses**
  
  *Use accommodation code 18.*
  
  ELs who are unable to respond to test items by marking an answer document or by selecting the answer online may have an Examiner/Proctor record their responses. The student may mark in the test booklet, respond verbally, point, or otherwise indicate a response. The Examiner must transfer the student's responses to the regular answer document or select them on the student's testing device.

  If the student marks in his/her own test booklet, the answers are transcribed onto the answer document. The answer choices in the test booklet must be verified by a second school official to ensure that no errors in transcription occurred. The student's name should be clearly printed on the test booklet and the booklet returned with all other secure materials to Pearson. If a discrepancy is discovered after the division has returned its secure materials to Pearson, notify assessment staff at the Virginia Department of Education.

  The student's answer choices for paper or online assessments must be verified by a second school official to ensure that no errors in transcription occurred.
### Table of Testing Accommodations Available for the Growth Assessments and Non-Writing Tests

**VIRGINIA ASSESSMENT PROGRAM**

The testing accommodations listed in the table on the following pages are intended for students with disabilities and English learners (ELs) as noted. In order to receive an accommodation, the student must meet the criteria established for that accommodation. **The table is a summary only and does not contain all the criteria or details associated with the accommodation.** Most of the accommodations listed in the table are explained in greater detail in the Testing Accommodations for Students with Disabilities or Testing Accommodations for English Learners (ELs) in this Guide. The **Description** column on the table contains a brief description of the accommodation and any notations or restrictions for its use.

School staff are reminded that accommodations must only be used to provide equal access to the Virginia Assessment Program tests and may not provide an unfair advantage or be selected to enhance performance. All accommodation determinations must be documented in the student’s IEP, 504 Plan, and/or EL Assessment Participation Plan.

**Dually Identified Students.** ELs who are also students with disabilities are referred to as “dually identified.” IEP/504 Teams and EL Committees must work collaboratively to determine the assessment participation for dually identified students.

- The IEP/504 Team and EL Committee jointly determine the statewide assessment participation based on the dually identified student’s disability and EL status.
- The IEP/504 Team and EL Committee jointly determine special test accommodations based on the student’s disability and EL status.
- Statewide assessment participation and special test accommodations must be documented in the student’s IEP/504 Plan and EL Student Assessment Participation Plan.

**Students with Temporary Conditions.** Students may be provided with appropriate special test accommodations needed to access the Virginia Assessment Program tests if they have a documented temporary condition, such as a broken arm or injured hand. Documentation of the temporary condition and necessary accommodations must be maintained in the student’s school/division file and appropriately coded in PearsonAccessNext.

Health Management and Hearing Aids Devices

Health Management Device
The Health Management Device Form must be completed for each student with a documented health need who requires the use of a health management device (such as a continuous glucose monitor or seizure monitor) during the administration of the assessment.

The completed form ensures that consideration is given to the type of device needed by the student while also confirming the integrity of the test administration. The DDOT reviews and approves the information on the form. Test Examiners and Proctors should be aware when they have students who require a device during testing and follow the procedures on the form to ensure testing integrity. Examiners/Proctors should direct any questions to the STC or DDOT. The Health Management Device Form is available on the VDOE website at:

www.doe.virginia.gov/testing/participation/index.shtml

Hearing Aids with Internet-Connected Device
The Hearing Aids with Internet-Connected Device Form must be completed for a student who requires hearing aids that must be connected to an Internet-enabled device, such as a smart phone, during the administration of the assessment.

The completion of this form ensures that a student has the necessary level of access to an Internet-connected device needed to manage or control the hearing aids during the test session while also confirming the integrity of the test administration. The completed form must be reviewed and approved by the DDOT or designee. The Examiner/Proctor must follow the procedures on the form to ensure test integrity. Examiners/Proctors should direct any questions to the STC or DDOT. The Hearing Aids with Internet-Connected Device Form is available on the VDOE website at:

www.doe.virginia.gov/testing/participation/index.shtml
The following adjustments to the conditions under which a test may be administered are available to any student as needed.

<td>Group size</td>
<td>Students may be tested individually or in small groups with the size of the group determined by the STC.</td>
</tr>
<tr>
<td>Environmental modifications</td>
<td>Students may be tested with modifications to the environment to include amount or type of lighting, noise buffers, and/or the use of a study carrel. The student may NOT be issued any kind of accessory to modify the environment. Prohibited accessories include, but are not limited to: headphones, ear muffs, ear plugs, ticking clocks, egg timers, fidget items, stress balls, toys, music, or “soothing” sounds during testing.</td>
</tr>
<tr>
<td>Large diameter pencil, pencil grip</td>
<td>If a large pencil is used on a paper answer document, it must contain #2 lead.</td>
</tr>
</tbody>
</table>
| Assistance with directions                       | Directions for taking the test are read to students as printed in the Examiner’s Manuals and their Supplements. If a student has a question about a direction, then the Examiner may simplify or clarify the “SAY” direction.  
Examiners/Proctors may NOT provide assistance with directions for “live” test items that are within the student’s test. |
| Student reading his/her own test out loud        | For any student who needs to hear themselves read aloud, the student must be tested individually. The student can then read the test aloud to themselves without interaction from the Examiner. The student may not be issued any kind of accessory including, but not limited to, a “whisper phone” or recording/playback device. The student may NOT read to the Examiner/Proctor. |
| Student requires a health management device      | The Health Management Device Form must be completed for each student with a documented health need requiring the use of a health management device (such as a continuous glucose monitor or seizure monitor). |
| Student requires hearing aids with an Internet-connected device | The Hearing Aids with Internet-Connected Device Form must be completed for a student who requires hearing aids that must be connected to an Internet-enabled device, such as a smart phone. |
Understanding Navigating in TestNav for the Grades 3–8 Growth Assessments

Understand navigating in TestNav 8
Examiners and Proctors should understand how to navigate in TestNav 8 so they can assist students who experience difficulty navigating a test. Examiners and proctors may practice navigating in TestNav by using a Training Center test and practice tests accessed from the TestNav Sign In screen. Consult with your STC for the available resources for test preparation.

Grades 3–8 Reading Growth Assessment CATs and Grades 3 and 4 Mathematics Growth Assessment CATs
Students access the TestNav app on the testing device. After the student signs in to TestNav by entering the username and password from the Student Testing Ticket, the Welcome screen will be displayed.

Welcome Screen
- Student's name—is located at the top right of the screen.
- User dropdown menu—is located to the right of the student's name.
- Banner Message—Welcome, 'Student Name'!
- Test Name—is located in the middle left. The total number of sections and questions is displayed.
- Start button—is located in the middle right. Selecting this button takes the student to the Section 1 screen.

Section 1
- The student's name and user dropdown menu are at the top of the screen.
- The middle of the screen displays Section 1.
- Start button—is located beneath the Section information. Selecting the Start button takes the student to the first sample item.
  - NOTE: Section 1 contains only the sample items.

Sample Items:
- Top of the screen. The top of the screen has these items:
  - Left and Right Arrow buttons—if the student is on the first sample, selecting the right arrow will take the student to the second sample. If the student is on the second sample, selecting the left arrow takes the student back to the first sample.
  - Bookmark button and Review dropdown are only available on the Reading CAT after the student answers questions within a passage set. These are not available on the Mathematics CAT.
  - Toolbar—is located at the top center of the screen. The online tools available for each test item are located here. Refer to the Examiner's Manuals for information regarding the online tools.
  - Student's name—is located at the top right of the screen.
• User dropdown menu—is located to the right of the student’s name. Refer to the *Examiner’s Manuals* for details regarding this dropdown.

• The name of the test, section, and SAMPLE appear on the line beneath the navigation and tool bar.

• When the student is on the second sample, and selects the *Right Arrow*, the End of Section 1 screen appears.

  ■ Right side of the item or screen. On certain tests, the right side of the item/screen has this item:

    • *Drawing Interaction Tool* (available on *Mathematics* tests). Refer to the *Examiner’s Manuals* for information regarding this tool. This tool is located to the right of the item.

    • *Audio Tools*—only available on audio *Reading* and *Mathematics* test question screens. These tools control the audio. Refer to the *Examiner’s Manuals* for information regarding these tools. These tools are located on the right side of the screen.

**End of Section 1:**

  ■ This screen indicates that the student has completed the sample questions and shows that all questions are answered (even if the student did not answer either or both of the samples).

  ■ The student may only select the *Submit* button, which takes the student to the Section Exit Warning screen.

**Section Exit Warning Screen:**

  ■ Two choices are offered:

    • *No*—selecting this button takes the student to the End of Section 1 screen.

    • *Yes*—selecting this button takes the student to Section 2.

**Section 2**

  ■ The student may only select the *Start* button.

  ■ Section 2 contains the test questions for the test.

**End Test Screen:** When the student has answered the last question and selects the *Right Arrow*, the End Test Screen appears and displays the following:

  ■ The End Section Screen displays:

    • “Congratulations, you have finished!”

    • “End of Section 2”

    • *Submit Final Answers button*—the student will select this button to submit his/her test for scoring. A screen appears with the message, “Sign out complete. Thank you for using TestNav.” Each Student should leave this screen showing until either dismissed from the test room or his/her testing device is shut down.

    • **NOTE:** Students should not be permitted to access other programs or applications on their testing devices in the same room where other students are still testing.
Grade 5–8 Mathematics Growth Assessment CATs

Students access the TestNav app on the testing device. After the student signs in to TestNav by entering the username and password from the Student Testing Ticket, the Welcome screen will be displayed.

Welcome Screen

- Student's name—is located at the top right of the screen.
- User dropdown menu—is located to the right of the student's name.
- Banner Message—Welcome. ‘Student Name’!
- Test Name—is located in the middle left. The total number of sections and questions is displayed.
- Start button—is located in the middle right. Selecting this button takes the student to the Section 1 screen.

Section 1

- The student's name and user dropdown menu are at the top of the screen.
- The middle of the screen displays Section 1.
- Start button—is located beneath the Section information. Selecting the Start button takes the student to the first sample item.
  - NOTE: Section 1 contains only the sample items.

Sample Items:

- Top of the screen. The top of the screen has these items:
  - Left and Right Arrow buttons—if the student is on the first sample, selecting the right arrow will take the student to the second sample. If the student is on the second sample, selecting the left arrow takes the student back to the first sample.
  - Toolbar—is located at the top center of the screen. The online tools available for each test item are located here. Refer to the Examiner’s Manuals for information regarding the online tools.
  - Student's name—is located at the top right of the screen.
  - User dropdown menu—is located to the right of the student's name. Refer to the Examiner’s Manuals for details regarding this dropdown.
  - The name of the test, section, and SAMPLE appear on the line beneath the navigation and tool bar.
  - When the student is on the second sample, and selects the Right Arrow, the End of Section 1 screen appears.

- Right side of the item or screen. On certain tests, the right side of the item/screen has these items:
  - Drawing Interaction Tool (available on Mathematics tests). Refer to the Examiner’s Manuals for information regarding this tool. This tool is located to the right of the item.
  - Audio Tools—These tools control the audio. Refer to the Examiner’s Manuals for information regarding these tools. These tools are located on the right side of the screen.
End of Section 1

- This screen indicates that the student has completed the sample questions and shows that all questions are answered (even if the student did not answer either or both of the samples).
- The student may only select the Submit button, which takes the student to the Section Exit Warning screen.

Section Exit Warning Screen:

- Two choices are offered:
  - No—selecting this button takes the student to the End of Section 1 screen.
  - Yes—selecting this button takes the student to Section 2.

Section 2

- The student may only select the Start button.
- Section 2 contains the test questions for the first part of the test.
- When the student completes the last question of the first part and selects the Right arrow, the End of Section 2 screen appears.

End of Section 2

- This screen indicates that the student has completed the first part of the test.
- The student can only select the Submit button, which takes the student to the Section 3 screen.

Section 3

- This screen is the beginning of the second part of the test. The screen directs the student to raise his/her hand.
- This screen contains a seal code box. The student cannot enter the second part of the test until the seal code is entered.
  - The Examiner/Proctor will read the directions for the second half of the test to the student individually and reads the seal code to the student. The student enters the seal code and selects Start.
- After the student enters the seal code and selects Start, the student enters the second part of the test. When the student completes the last question of the second part and selects the Right Arrow, the End of Section 3 screen appears.
End of Section 3

- In the blue banner at the top of the screen is the message, “Congratulations, you have finished!”

- With permission from the Examiner/Proctor, the student may select the Submit Final Answers button.

- After the Submit Final Answers button is selected, a screen appears with the message, “Sign out complete. Thank you for using TestNav.” Each student should leave this screen showing until either dismissed from the test room or his/her testing device is shut down.

  - **NOTE:** Students should not be permitted to access other programs or applications on their testing devices in the same room where other students are still testing.
2021–2022 Test Irregularity Form

The Test Irregularity Web Application System (TIWAS) is used to document and submit test irregularities. The STC may direct Examiners to use this form or parts of the form to document the test irregularity incident. The information from this form must be entered into TIWAS and submitted to the DDOT.

Division Name: ______________________________

Irregularity Number: __________________________

Test Administration: ____________ Year: _______

- Regular
- Term Grad
- Exp Retake

School Name: _______________________________

Test Type: □ Regular □ Audio

No. of Students: _____________________________

□ Large Print □ Braille

Test Session Name: __________________________

□ Online □ Paper

Student Grade: ______________________________

Test Type:
